## Puppy Love Jenny Collins

How can Barkley, a sweet springer spaniel, belong to an arrogant guy like Jack, who laughs whenever one of our dogs at Perfect Paws has literally dragged me through the dirt? Plus he's dating Megan-the-Mega-Snob! I'm not sure why that gets to me--it's not like I "like" Jack, despite his surprising smile and the way he is with dogs. "Sigh."

How do I know so much about puppies and so little about love?

### Lorena says

This was a very cute, young romance. Reading about Allie and her dog problems cracked me up but it was a sweet read.

### Lisa Filipe says

Great addition to the series!! Cute story about never judging a book by its cover!!

---

### Jackie says

a cute little book from my collection

Corto, lindo, me gusto. Algunas partes se me hicieron un poco exageradas. El libro en si esta cute, me encantan los perros por lo que disfrute mas el libro :) Aparte creo que te dan un buen mensaje. Que a veces uno cree cosas o se crea historias que no tienen nada que ver con lo que en verdad paso.

Allie can't believe her luck. This summer she gets to do the one thing she loves the most, be around dogs.

It works out great, especially since Allie's mother owns a dog grooming shop. With a little mention of starting up a doggy day care, Allie is officially a dog-sitter in the shop, and she gets paid for it.

Being in charge of a doggy day care sure does has its benefits, like being able to see the new guy in town, Jack, who just so happens to love dogs and decides to let his own dog, Barkley, stay at the day care. But his sweetness towards the dogs and very attractive looks just doesn't excuse how much of a jerk-boy he is.

Of course there is always company that isn't really wanted, and for Allie it's Megan, the very rich and very snobby girl who happens to have one of the meanest and most unfriendly poodles around, Tallulah. It's bad enough that Megan just can't keep her paws off of Jack, but also owning a dog who happens to pick on other dogs is just so inexcusable for Allie.

But why is it that this sometimes nice jerk-boy, Jack, is becoming more interested in Megan then he is in

Allie? And why is it that whenever Allie is with a pack of dogs in public, something has to go terribly wrong? Allie just doesn't know why everything bad has to happen to her. But maybe, just maybe, there is still a chance for Allie to make everything she ever dreamed of officially work out -- like her first kiss.

Another great addition to the FIRST KISSES line of books, PUPPY LOVE is both charming and satisfying. The interaction between Allie and Jack is what makes this book worth reading, since they will make you believe that anyone can find the perfect person for their first kiss.

Cute book about puppies and and their owners who get the wrong impression about each other.

---

### **Adeola says**

this book was an interesting love story about a girl that doesn't think this guy likes her back.

### **Stefanie says**

Quick and easy read perfect for those who want a light and fluffy book. Cute storyline and I loved all the different dogs mentioned.

I read this years ago and loved it. It stands out enough that I still recall most of the novel today. As a young teenager, I remember that I was aware that it was shallow and full of cliches, but I still enjoyed it. It's a cute book full of fluff, romance, and animals. I probably wouldn't like it now that I'm older, but I would definitely recommend this for pre-teens. It's a fun story.

its kind of wierd how love is.lol. i heart dogs.

### **Emma says**

Pretty good. Nice pre-teen to teen romance story. The dogs sound very cute! The only problem is that this story doesn't really have a plot except for the boy, so stay away if you don't like that kind of stuff.

### **Lauriz Carrillo says**

Cute but not what I hopped for, most of the funny stuff didn't make me laugh only made me feel sorry for Allie because it was always at her expense even the expected kiss sucked because she tasted like bacon :-[ that's just sad

TWO WORDS:

#### **CUTE &FUNNY!**

Oh man. Allie's life is such a disaster. I felt bad for her but she doesn't let me. It seems like everything she does turn into her own downfall. But what is important is she always get to rise and save the day. Thanks to her spirit and her super cool Mom. No thanks to Megan the meanie by the way.

Jack! Her jerkboy. He's so cute and sweet and he's perfect for Allie! Both dog lovers. I think I want a dog now too and build my own center. :D

I find their love for dog, especially Allie's, heartwarming. Nooooow, go grab a copy and have this very light read that will leave you smiling and puppy-eyed. Lol.

Light read, nothing special but it was still enjoyable.

Brought out the kid in me, and the memories of first love, and summer. This book made me want to get a dog lol... Also reminded me of how much my late doggy was my best friend <3 Sigh.

I only wish that Allie had gotten to really express how she liked Jack and let him know her feelings were there - she was just misunderstood. I do love that Jack liked her from the start... makes him hotter \*whistles\*

Yh, I be weird like that :P
