Temptation

Selena Kitt

Temptation Selena Kitt

“Lead us not into temptation...”

What happens when you fall in love with your best friend's father?

Leah is a good, Catholic girl, and she and Erica have been best friends since their first communion. Sure, Erica's father is handsome and charming, but Leah spends so much time at the Nolan's—just Erica and her famous, photographer father now, since Erica's mother died—that she's practically part of the family.

Both girls have led privileged, sheltered lives and are on the “good girl” track at St. Mary Magdalene's Preparatory College, Leah pursuing her love of dance and Erica sating her endless curiosity as editor of the newspaper. Neither of them could have ever imagined that one fateful discovery will not only push the boundaries of their strict, repressive upbringing, but the bonds of their friendship as well.

Leah certainly never could have imagined finding herself torn between her best friend and her best friend's father. Sure, Leah's mother had always talked about Mr. Nolan as “a catch,” but Leah herself had never thought of him as anything other than just Erica's dad—until the girls discover something darkly erotic under Mr. Nolan's bed, a deep, shameful secret that will not only lead them into temptation, but will deliver them into a far greater revelation than any of them could ever have imagined.

If you read the original Under Mr. Nolan's Bed, you will find this retelling a richer experience with deeper secrets to reveal—and don't miss Under Mr. Nolan's Bed: CONFESSIONS, the second installment in the three-part series!

Sophie says

OMFG!!!!

Ok, breathe Urm, wow , this book was a complete shocker!! It started off a little strange, but after reading the first chapter you get into the rhythm of the book. This is some seriously smutty stuff. I didn't mind the first 3/4's as it was just as steamy as most eroticas and it seemed to have a good storyline, but then things start to get a little more taboo.. and the ending.. (Think the gif explains it all). Yep... that's all I'm gunna say... =D

Alaina says

What the fuck did I just listen to?

No, really.. what did my virgin ears just hear?

Under Mr. Nolan's Bed was a very disturbing book to listen to. I had no idea what the hell I was getting into until it actually happened. Then it was one of those train wrecks that I couldn't look away from. Honestly, I just wanted to know how it was going to end.. and after I listened to that I have a feeling I'm going to have a nightmare or two.

This story is about two best friends, Erica and Leah, and how they are definitely getting to know their sexual side. Leah ends up getting a crush on Erica's dad.. which then get's a little weird. No, not the smut between Leah and Mr. Nolan - which was hot to a point (again, that ending!) but then yeah.. it got way weird. Next thing you know Erica and Leah are exploring with each other.. then Leah with Erica's dad.. then Erica somehow joins at one point?!?

Yes, you read that right. Erica and her dad have sex.. but it's somehow supposed to be okay because they all want it to happen?!? Yeah, I don't know about you but I feel like I've just been mindfucked and I might need to drink bleach when I get home tonight. Then there's that ending - which honestly I did see coming once you heard (or read) little comments here and there - and that is what made me want to throw up. Heck maybe even cut off my ears.

I completely regret jumping into this book just off of what happened in this book. I don't condone dads sleeping with their kids because that makes me want to vomit and burn that said book or person. I'm a little freaked out right now and might need some hugs and wine to make myself feel better.

Don't read this book.

Katherine says

[

In the beginning, I thought Leah would be the innocent and shy girl, and Erica, the bad girl that was going put her best friend in her father's bed... Almost.

It turned out to be that Leah wasn't that innocent. And she was the one to put Erica in there. (Not that Erica weren't willing to it) All characters have so much chemist

Stacia (the 2010 club) says

Warning! If you have read any version of this story, you might want to revise your review to note WHICH version you've read because your feelings about the edition that you read may not reflect the version that your friends are viewing when they look at reviews for this book. When I search any edition of this book, ALL reviews for EVERY edition show - the incest version, the non-incest version, the high school version, the college version, the contemporary versions, the historical version, etc. So if you read the *non-incest* version and rated it highly, people might be looking at your review under the *incest* version and thinking that you're a fan of father-daughter sexy times (which is cool if you are; I just figured you might want to know in case you're not a fan). Just sayin'.

Goodreads has dropped the ball with the consolidation of every version of this story under one listing. THE VERSIONS CAN BE DRASTICALLY DIFFERENT, and I have rated different editions with different star ratings.

I realized that I needed to revise my review after I decided to read books 2 and 3 of this series this week and was shocked to find out that the series books MOVED the time period from present day to the past. Talk about a surprise re-write!

Case in point - all of these are versions of UMNB filed under the same GR page :

Under Mr. Nolan's Bed (original incest/blood father version; high school age) - my rating : 2 stars

Under Mr. Nolan's Bed (revised stepfather version; age unknown) - I haven't read but think I might prefer stepfather to blood father

Plaid Skirt Confessions (no incest, no relation version; college age) - my rating : 4 stars

Forbidden Fruit (I think this is a retitled and slightly edited version of PSC; college age) - my rating : 4 stars

And then we get to...

Temptation - Still considered a version of UMNB but is SET IN ANOTHER TIME PERIOD; historical mid 20th century with the same characters, instead of the contemporary setting like all of the other editions listed above. College age.

The hell???

Temptation is the only UMNB version that ties into books 2 and 3 of the series because books 2 and 3 are historical. I picked up book 2 of this series not realizing that the time period had changed. I'd already read UMNB in 3 different versions, so I figured - hey, I know this story backwards and forwards. I don't need to read a 4th version of book 1 in order to be able to pick up book 2. Right?

Books 2 and 3 of this series, set in another time period, kind of sucked. But I will review those on another day. Maybe.

Either way, make sure you're getting the version that you want to read because as you can see, I've rated this book EITHER 2 or 4 stars, depending on the version.

I liked the hot sex (this book is porn without plot in any version, so prepare for a ton of sex and not much else...but I really enjoy how Kitt writes sex), both the f/f and the older man/younger woman scenes. It was all yummy. The incest, I didn't care for as much. That's why I rated the non-incest version higher.

I'm going to go ahead and delete my review for *Plaid Skirt Confessions* and add it to the end of this review, so I don't have two reviews listed for what GR is showing as the same book, even though UMNB and PSC are completely different, right down to the ending (open ending that might turn bad in one book vs. happy in another).

Review for *Under Mr. Nolan's Bed* : 2 stars

Adult review for *taboo* erotic content.

Yet another book that I got sucked into because so many people were reading it and making a buzz over it. Before I go into the negatives, I'm going to say that this book was HOT and pretty darn good actually up until the last few chapters. I'm sure this book would be one that most men would loooove (barely legal fantasies, girl on girl, anyone?).

Not going to spoiler tag the rest because if you read the summaries or just about any review this will be mentioned, and in all honesty, it's something you **SHOULD** know about before picking up the book.

This book features father/daughter incest. Hardcore father/daughter incest.

Yes, I get it. The book was a taboo book. The author specifically wrote it for the purpose of being a fantasy and nothing else. This wasn't supposed to be an after school special, or some sort of moral message. Some people like to read ultra crazy taboo, and it's almost not fair to rate the book poorly when this book fits a niche genre. I've even read other incest stories (and enjoyed a few of Ms. Kitt's, actually), so it's not that I can't handle incest. I just didn't care for it in this particular story.

What frustrated me the most is that the incest took the focus off the main part of the story, which was about Leah and Mr. Nolan, who actually had a good thing going. There was *no need* for Erica (the daughter) to even get in the middle of that, especially when the scenes were snuck in almost out of nowhere near the end, and Leah went from wanting "her Mr. Nolan" to being okay with letting her friend join in with no previous mention of her wanting such a fantasy. It felt almost tacked on to me for shock value (I hate being manipulated into being shocked). I wanted Leah to get her happy ever after with Mr. Nolan, even if the age difference was huge between them.

Review for *Plaid Skirt Confessions* : 4 stars

This book is the same (updated) book, except without the incest, so it was a huge winner for me. I loved it. There isn't much plot, but if you like steamy, this is the one for you. Selena Kitt knows how to write the scenes, and boy does she deliver in this book. May/December romances intrigue me because they often don't work, but in this book, I was rooting for it every step of the way. I think I missed out on seducing an older

man when I was 18. Darn...should've gone for it at the time, hah!

My only complaint is that the girls were aged to 20 in this version and put in college, which didn't work for me with the catholic schoolgirl thing going on. Is there any reason they couldn't have stayed 18? That is a completely legal age, and made the girls' lack of independence a little more believable.

Shile says

At this point is where i ask myself **WTF did i just read**

Porn that is well written. That ending Argrrrrrrh!

I will just leave this here:

"Father?"

"Yes, my child. "He swallowed his words and cleared his throat. "Is that all?"

I nodded, closing my eyes and lifting my sticky fingers to my mouth and tasting myself. "Yes."

"Let's pray together."

CC says

5 Taboo Stars!!

At 18 years old, Leah is a high school student who spends the majority of her time with her best friend, Erica. Due to natural teenage sexual curiosities, they discover what Erica's father, Mr. Nolan, is keeping hidden under his bed. From that moment, a world of pleasure opens to Leah and she wants to experience it all.

“Doesn’t it feel good to be bad?” I touched my lips, still wet with her juices, and nodded. I had to admit – it really did.”

Mr. Nolan is a widower of five years raising his daughter on his own. Knowing his daughter and Leah are such good friends comforts him to a degree, but Leah is catching his attention in a new and dangerous ways. As the temptation becomes too great, Mr. Nolan and Leah succumb to their desire leading to scorching hot scenes.

“Oh yes, fuck me, Mr. Nolan. Put that big, hard cock in my wet little cunt.” Just whispering the

words, hearing them out loud, was beyond exciting.”

In starting this *Under Mr. Nolan's Bed*, I had certain expectations and this book delivered by exceeding on the forbidden and smut scale! To be clear, this particular version is the original and uncut story that delves into the taboo on so many wrong levels, but it's also cringe-worthy in that what transpires is sexually erotic.

With all that occurs in the relationships of these characters, the recurring theme is the exploration of being uninhibited despite societal conventions. This version may not be for everyone, but the author unabashedly embraces the forbidden and successfully pushes the boundaries, as nothing is off-limits.

For those who are looking for a truly taboo story, *Under Mr. Nolan's Bed* will keep you glued to the pages, fanning yourself and wondering what did I just read?! I highly recommend.

This was a (F)BR with Twinsie Hawkey!

***** 3.65 *****

OK, let's get this straight from the beginning - this book is not really erotica, it is porn in book form. So, if you are not interested in this genre, particularly a Taboo oriented porn, you should stay away from this book, you will find it to be exactly what it is meant to be, which is Smut, and might be tempted to rate it as a romance or something else altogether.

I personally purchased it for the particular reason that I felt like reading some mindless smut, and this book fit the bill perfectly!!! It is about a young woman, she is in college, who is sexually attracted to her best friend's father and her road to discovering her sexuality. It is not tame, it will probably offend many with the eye rolling inducing taboo clichés and the way the supposedly 20 year old ladies acted like 13 year olds. It is not a love story or does it have any plot. What it is, is page after page of sexual masturbatory fantasies and dirty, raw sex. And if you get to read it expecting something else, then I can see being disappointed and would explain some of the lower ratings.

However, since I went into this read with eyes wide open, I can honestly say that this book delivered on its promise of non-stop hormonally induced hot, drag down sex fest! And for what it is, it totally deserves its 4 star rating.

Once again, DO NOT ATTEMPT TO READ IT IF you are not up to some mindless book Porn!!! It was not intended as anything else, so don't set your self up for disappointment. But if you and your partner enjoy some steamy reading before bed, well, this one might steam up the sheets:-)

Isabella Francesca says

*Edited: March 24, 2013 *added quotes from the books**

Honestly, I don't really know how would I rate this one.

Okay. So I read the blurb, a few reviews and I was so curious that I had to check it out!

I gotta say, yes, the scenes were pretty hot. I was never a fan of the super older male/younger female pair (something with a really wide age gap, around 15-20 years? Although I did have some exception). It was just really weird for me. Also, this was my very first read on a F/F scene. I didn't really hate it but, I didn't love it either so, I guess that was okay for me. I can still go on with the story...

HOWEVER, around 60-70% of the book, I was like:

I was like "ARE YOU SERIOUS?!?!?!?!" I have read incest/taboo type of books. But this... this has got to be WAY BEYOND MY LIKING. Seriously. I was shocked but I have no idea why I kept on reading it. Maybe because I want to finish it so badly so I just went through with it. The book kinda have that quality - where in you wanna throw it away but your eyes are glued and you just. can't. stop.

And the ending? OHMYWORD. I DID NOT EXPECT THAT.

Okay, so I decided to add some quotes/dialogues. Read at your own risk!

(view spoiler)

P.S. The term "baby" is not IN ANY WAY A TERM OF ENDEARMENT. Yes folks, they are related. HA!

(hide spoiler)]

Wanderlust says

Oh god

I could of coped with the story until the incest.. i mean seriously I really enjoy F/F books so them getting it on was hot, I did not even mind her getting it on with the dad & then the girl separately, I did not mind the age gap at all.

Then they all do it together, *shudder* i just... words fail me.

The worst thing was that it was a like watching a car crash, i just could not stop reading! It was horrific but i just had to read it..

Then i read the ending...

I ♥ Bookie Nookie (bookienookiereviews.blogspot.com) says

ORIGINAL REVIEW: 2011

... see review of new version below.

Ok, i feel like I need to go to church...I basically stayed up all night reading Under Mr. Nolan's Bed...WOW! Selena Kitt is the Queen of Smut...seriously.

Besides the ick factor of the incest, this book was dirty and hot and wrong on so many levels, but it was a 4.5 star trash read for me. This book is one of those "dirty little secrets". You know you have one...this one, for instance, has been sitting on my "to read" shelf forever. It is definitely one of those you don't want anyone to know you have read--and that you liked it. You thank the Lord that Kindle was invented so no one can see the title and ask what it is about. Yes, it is definitely a guilty pleasure.

It was chocked full of dirty hot sex, but there was actually a story there too *GASP*. I was totally shocked by the ending--didn't see that one coming at all! Good stuff! Honestly, I put off reading it so long because of the taboo topic, but it really was a great read...total smut, but do you really expect anything less from Selena Kitt?

REVIEW OF TEMPTATION: 2013

There is no doubt about it; author Selena Kitt is the Queen of Taboo! I started reading Kitt's stories back in 2010 and when it comes to taboo topics, her work is the gold standard, in my opinion.

For the benefit of new readers, I feel it's necessary to give a brief history of how TEMPTATION was born.

Under Mr. Nolan's Bed, often referred to as "UMNB," was originally published in 2008. The pages contained a very naughty story of sexual exploration that involved a little girl-on-girl action and *gasp* incest. It was a hot little number and earned a 4/5 star rating from me, but the level of steam and the taboo nature of the book, may have been a little "much" for some readers.

Selena Kitt is obviously a smart businesswoman. In an effort to appeal to the masses with this wildly popular story, Ms. Kitt recreated her masterpiece in 2010 and introduced the "slightly less naughty but no less sexy re-telling" of the taboo events that occurred in The Original UMNB and named it Plaid Skirt Confessions. This new and altered version took out the incest angle and made it more of a May/December type of romance. Sweet by Kitt standards, but still sexy!

In 2010, Amazon decided to be the morality police and pull all incest related reading material from their site. Ms. Kitt knew that fighting that battle was futile and rolled with the changes in 2011 by taking a middle of the road approach by creating a story that wasn't quite as taboo as The Original version and not as "tame" as PLAID SKIRT CONFESSIONS. Conforming to the new "no incest" rules at Amazon, she created Under Mr Nolan's Bed Revised and told a story of pseudo-incest where the characters were not of any blood relation, but still had that father/daughter type of relationship, so it was taboo-ish, but not illegal and fit right in with the new Amazon guidelines – CLEVER!

When I want to read something that skirts the taboo, Selena Kitt is my "go-to" author, so, when I found out that she was planning an exciting trilogy based on one of my favorite stories, UMNB, I knew I had to have it!

TEMPTATION is, by Ms. Kitt's own description, a retelling of The Original with a "a richer experience with deeper secrets to reveal." Having read the original, trust me when I say this: You will definitely want to read this updated version – although the bones of the story is basically the same, it is, in fact, a "richer experience." In roughly 250 pages, we learn more about what drives the characters and we get a clearer picture of their lives and how they live. If you are an old Selena Kitt fan, rest assured that TEMPTATION contains all the naughty goodness that you have come to love about her work. This first installment in the UMNB Trilogy catapults the basic story (used in all the books previously mentioned) to the top of my taboo list.

I am not typically one to re-read books, but each version of this story has unique elements that make them seem like different reads - each appealing to a variety of tastes. Kudos to author, Selena Kitt for revising, reinventing and reviving this delicious tale of lust and forbidden love. If you love the taboo, then you will love the first book, TEMPTATION, in this new trilogy, UNDER MR. NOLAN'S BED.

Glass says

I don't even know how to rate this book... It's too fucked up. At first you're so turned on and in the other you just want to throw up, but you can't stop reading.

Robert Beveridge says

Selena Kitt, **Under Mr. Nolan's Bed** (Excessica Publishing, 2008)

I've been interested in Selena Kitt's stuff for a while now, but had never gotten around to reading any of her novel-length work until this. Actually, "read" is probably not quite the right description. Inhaled, maybe. Devoured. One way or the other, I burned through *Under Mr. Nolan's Bed* in a single sitting. I've spent the last year reading crappy kindle porn when I could have been reading this? What's wrong with me? I fell prey to the nostalgia thing, I guess; I figured if Olympia published it in the seventies it was probably better than what's being produced now. (In my defense, I have yet to come across a porn FILM made in the past twenty years that can hold a candle to *any* porn film from the seventies I've seen.) Oh, my, how wrong I was. Selena Kitt knows how to write sex. Does she ever.

Leah and Erica have been best friends all their lives. Both are eighteen and go to Catholic school. Leah is an innocent, though she has a naughty fantasy every once in a while. She assumes Erica is the same way, until one day when they're supposed to be working on their senior project and Erica shows Leah the delights to be found under her father's bed. Not at all the kind of thing you expect to find under the bed of a devout Catholic. (You have fifteen seconds to come up with your own punch line.) Leah is shocked, at first, but then finds herself drawn to the things she sees. And as if experimenting with Erica weren't enough, Leah's really starting to wonder what it would be like to play around with Mr. Nolan...

I mentioned in an earlier review today that sex writing all too often degenerates into repetitive depictions of repetitive acts. On the other side of that coin are some of the sillier porn novels I've read, which attempt to curb the repetition by making sure every sex scene is something entirely different. When you're writing a book with a lot of sex scenes, that can get amusing really quick. Kitt balances the best of both worlds—the sex is pretty well-grounded in reality and the characters aren't playing musical partners every other page, but she's more than capable of coming up with a plethora of ways to describe the same act, and she's quick enough to know what goes where (linguistically, you perverts) as Leah and Erica gain more experience in their sexual world.

While this is—by an order of magnitude—the best erotica I've read all year, that's not to say it doesn't have a small handful of problems. The biggest of them may not even be a problem, depending on the author's intent, but I've been picking it apart seven ways to Sunday and I can't find any other explanation. And I probably wouldn't even consider it a problem were the rest of the book not structured so well. Unfortunately, having said all that, I can't tell you what it is, because going into those details would contain pretty much every spoiler there is to be spoiled in the book. I'll just say the book's closing paragraphs seem to be quite hypocritical, and I can't figure out whether the author intended same. I'm willing to give her the benefit of the doubt given how well everything else is worked out here, but it still seems quite crass for a character who had engaged in some of the behaviors she had (no, not sexual behaviors, you perverts) to end up doing the one-eighty she does when a crucial piece of information is revealed. But, of course, whether that will be a problem for you is not a judgment call I can make; I'm not in your head. (Trust me, you don't want me there.) I *can* tell you that the sex is hot, and it's pretty much nonstop despite there actually being a plot here. Quite possibly the best porn novel I've ever read. Not deathless literature, mind you, but it's obvious Selena Kitt is aware of literature outside the world of the stroke-book and lets it influence her. That is, perhaps, the most surprising thing here, and it's wonderful. *** 1/2

warhawke says

Genre: Erotica

Type: Book 1 of 3 from Under Mr. Nolan's Bed series

POV: First Person - Female

Rating:

5 Golden Cocks

Leah and Erica Nolan had been best friends for a long time. With the amount of time Leah had been spending at the Nolan's she was practically family. But a discovery under Mr. Nolan's bed changed everything about their relationships.

I read this book for the first time in 2014. It was the time when I was barely reading erotica and for whatever reason I can't remember decided to read this book. It was a shocker to say the least lol! I wasn't ready to embrace my perversion then (proven by my original review below - which I rather people not read it haha!), but this time around I shamelessly enjoyed every filthy moment.

Her fingers moved in and out of my wetness and she lapped and sucked at my clit, making soft wet sounds between my legs.

The book is pure porn, so I'm rating and reviewing it as such. If you like your reading to push your personal boundaries with dirty sex that makes you want to take a shower to scrub out the filth, this book will deliver.

Some of the things that happened in the story were wrong (well at least according to standard social norm lol!) but that's what made it so hot. I'm happy to say I was thoroughly satisfied with zero guilt :p

I'd gotten undressed in front of Erica a hundred times before, but she had never looked at me like this, her eyes full of a strange, hungry light.

Under Mr. Nolan's bed is a story of sexual liberation and exploration. It would appeal to readers who aren't afraid to enjoy erotica for what it is.

Note:

My review is for the original uncensored banned version. It's not for the fainthearted lol!
