## **The Devil** Kim Jones

For years, Marty, the newest patch holder for the Devil's Renegades MC, has been attracted to the club's little sister--Maddie. And like all his brothers before him, Marty has been warned that she's off limits.

But when the club president asks Marty to keep an eye on Maddie while he's out of town, Marty finds himself torn between giving in to his desires and keeping his promise to the MC.

It should be easy to uphold the legacy of the club--love, loyalty and respect. But when you're a Devil, sometimes it feels too damn good to be bad.

how is it possible for a novel this short to be so crazy hot.

I'm not going to go into detail because this little snippet is too hot to spoil. Just know The Devil has me very intrigued and wanting to read Marty and Maddie's story (Devil's Love)....RIGHT NOW!

The Devil was a short story By Kim Jones within the Devil's Renegades series as a prequel to A Devil's love.

Marty was a newly patched member, having prospected for a little more than a year. Maddie grew up in the MC. She was the little sister, the princess, and no one was allowed to touch her. No one.

As expected it was short and sweet. Well not sweet, but definitely short. I actually read this out of order but when I realized I missed this novella, I back tracked to fill in some gaps. However, in hind site, it wasn't necessary. It was one scene and set the stage for the full novel, Devil's love.

Love this book! It's a prequel to Maddie and Marty's story and just enough to get us hype and horny for the rest! Also there is a snippet of Sinner's Revenge at the end they has me bouncing out my seat in anticipation!

"I am her devil and I'm going to make us burn!"

Quick short story with Maddie and Marty with a hot sexy scene! This seems to be where they crossed the line.

### **Jodie Lauren says**

A quick novella!

Newly patched in Marty has been asked to look after Maddie but strict instructions not to touch! Can he abide by that rule because being in the MC is pretty much all he ever wanted until he saw her!

I saw this short story by Kim Jones and jumped in. I had a moment and didn't realize it was part of a series I have not read yet. Well after reading this I will rectify that. This was a quick read and I enjoyed every second of it.

Marty is asked to keep an eye on Maddie but knows it is hands off. Even though he has been attracted to her for a while can he keep his hands off her even when she is testing him every chance she gets. She knows the hands off rule too but she enjoys the response she gets from him. Can he resist her and stay loyal to his club and brothers or is their temptation too much.

I absolutely loved Maddie her spunk and sass is wonderful. Although to know why she is just starting to let this side of herself out again I'm going to have to go back and read the start of the series to get her back story. I enjoyed seeing Marty hold back his feelings but the bar scene was great man he is going to have his

hands full keeping an eye on Maddie. She is going to keep him on his toes and want to make him punish her in more than one way \*wink\* \*wink\*.

I am ready to read the rest of this story to find out where sit will go. The way Kim Jones tells a story you never know how it will end. So looking forward for more Maddie and Marty.

If you are looking for a great and quick read, this is the book for you. This is the beginning of Marty and Maddie's story. I can't wait to read more of their story in Kim Jones upcoming book, Devil's Love!

#### **Short and oh so sweet!!**

Kim Jones just gets better and better! This could be described as a light easy read, but that would shortchange this awesome woman of the praise due to her! It's not easy to fit substance in terms of character and plot into a story this short - but there's more than enough here to make us clap excitedly now the book this leads into has been released! Sweetee!!

How can such a short book have more raw sexual energy as The Devil did?! Any author who can bring it the way Ms. Jones did with this as my first read of hers now has a lifetime fan. This only whetted my appetite for more of Marty and Maddie and I can't wait for Devil's Love to come out so that I can keep following this hot as hell couple. Marty's one job was to watch over Maddie and keeping his hands off from her. Well that's easier said than done when you can just feel the sexual tension between these two. This is not going to

bode well for the newly patched in member of the Devil's Renegade MC especially when the person asking you to look after a girl that is like a little sister to him is none other than the President of the MC himself.

This book was provided as an ARC from the author for an honest review.
