NetGalley Free Book

I received 5 of the 6 books in this series.

Melanie used to be Rafe's secretary. He is a billionaire in the family business who is also a rock star on the side. The two meet up again in the tattoo parlor and go on their first date. Once Melanie and Rafe start seeing each other Melanie wants to experiment sexually with Rafe but he has a fear of going to far. Eventually Melanie losses her job and starts touring with Rafe's band but Rafe has decided not to go with them. Will his jealousy destroy them?

I did enjoy this read. I think it would be better as a novel and not 6 novelettes. The plot was written and executed really well. The author also has a flare with placement of events.

Because they are novelettes they seemed to stop short in areas that needed to be expanded upon. The characters needed a little more depth and excitement to them.

This wasn't a great installment. I have a bad feeling about the finale. It better be good and worth all this money or I am gonna be pissed.

**Tia says**

omg, the drama. I just don't like how Kate doesn't have any self esteem. She's suppose to be this business woman, yet Matt walks all over her. It's confusing.

I may give up control but you will never dominate me

Kate and Matt had a wonderful and more than satisfying relationship that Kate thought might be forever. Kate and Matt always took the relationship to the edge of propriety and never doubted they both enjoyed what went on. What Kate did not foresee was one night that turned from pleasure into unwanted pain that had her running.

When Kate and Matt cross paths, again, the heat is still there but so is the pain that Matt's poor decision created. What has Matt confused is the pain he sees in Kate's eyes every time he tries to approach her, what had he done? When personal desires could not bring them together Matt uses professional to draw Kate back into his life and his bed. Can they sort through the issues, continue the over the top moments of bliss they shared, and is there a future for them if Kate refuses to allow Matt to dominate at least some part of the relationship.

Opal Carew writes the most exquisite works of erotic romance that push the respectability envelope right off the table

### **Mariana Bezerra says**

Great chapter and made things more intense between these two, but also a few secrets saw the light and Matt is losing control of his little submissive. I also liked the fact we can see more of the BDSM factor that made this week happen in the first place.

Ileana tried to destroy things with her poisonous words but Matt is actually doing half the job by keeping things from Kate. She is becoming more sure of herself and of course in love with Matt.
