Always stand by your family and be a man of your word are the morals Kordell and Javoni Hughes were raised on. Those same words of wisdom was how Kordell ended up married to Nadia. When he meets Royce he gains a new outlook on love.

Learning from the mistakes of his brother Javoni chose a different route staying far away from love and anything that looked like it. Keeping a few women in the pocket to satisfy his needs is his motto and he doesn't have a care in the world. That is until Christian storms into his world turning it completely upside down making him feel things he's not used to.

Failed relationship after failed relationship Royce can't seem to understand why she attracts all the wrong men. She decides to fall back from the dating scene but when Kordell refuses to take no for an answer she doesn't regret giving him a chance. That is until she learns she isn't the only woman in his life.

Leaving her drowning relationship with her college sweetheart Christian moves back home to reunite with her family and best friend- Royce. She has plans on staying far away from love and enjoying her hometown but Cupid had plans of his own.

Sometimes you find your forever love in the way you least expect it or do you? Follow these four on a crazy roller coaster as they decide whether or not to trust the magic of new beginnings.

Abeni Gregory says

This is a good one

Kordell is wrong and he knows it. Just divorce her so you and Royce can see where things go. I find it amazing yet weird that the whole family lives in one big house together. Javoni needs to own up to his feelings before he loses his girl.

Angee Johnson says

Good job! I'm so glad part two is suppose to come out tomorrow. I enjoyed this book. I can't wait to find out if Javonni and Christian finally admit they like each other. Can Kordell finally get away from his crazy wife and be with Royce after she finds out that he's married.

Shamear Owens says

Wow

Nadia just irks my last nerve. Why would you wanna be with somebody who don't want you. Poor Royce this was just like basically another heartbreak for her. I feel like her and kordell are good for but they just got to get rid of nadia. Kordell parents are just dumb and I don't like. Javoni is so rude but he so bae. I swear javoni and Christian are so perfect for each other. I can't wait to read book 2

Robyn Love says

Ughhh

Excellent book can't wait for part 2 so Nadia can get her walking papers with her miserable ass. She needs to grow up and figure out that you want make a man be with you because y'all have kids together...

Melissa Thompson says

Great Read

I truly enjoyed reading this book. The characters were well written and the story held my attention from the beginning to the end. I look forward to reading the next book.

KayKay Guice says

OMG

Kordell and Nadia got on everyone of my nerves. I don't know why Royce put up with his wishy washy self. He wanted both lives. Both of these grown men living with their parents...ummm no ma'am.

Tonia says

Boss wants you

Nadia is an bitch for how she's being. Kordell should of told Royce about his situation. Javoni needs to man up. Christian should keep her guard up about Malcolm something just not adding up with him popping back up

Nicky says

Ish got real

If you're not happy in your marriage let it go there is no reason to be miserable to please your parents or make the kids happy Kordell needs to live his life for himself. Nadia just needs to give it up and I love Javonni and Christian I hope they get it together and I hope Royce at least hears Kordell side of things even if it is too late for them maybe he can learn from this

GREAT!!!!

This was my first book by this author and I must say I've been missing out. This book was so good. That ending was just what I was waiting for. I absolutely loved this book. I can't wait to read part 2. Kaylyn you have a new fan...you did an awesome job on this book....

Nadia Adams says

Dang Kordell!!!!!!!

Nadia is a piece of work she's way too desperate for me. Now Christian and Jovani they're way to dysfunctional for me but I like them. Now Royce she's going to flip can't wait to see how he's get out of this mess.....

Jessika says**Good**

Interesting story... Kordell was just out cold for leading Royce on. He could have at least told her the real smh... Christian and Javoni are totally cute together! I love it.... The 3 stars are because it was hard to read with all the errors. Misspelled/misused words, missing words, punctuation... Yeah, granted, I did finish the story, it just seemed like I was reading a rough draft. I will keep reading since the story is enticing though. Hopefully, the books get better.

RENDY FOSTER says**Amazing**

Kaylyn you never disappoint me with your amazing pen game .The book flowed smoothly and the characters lets just say the Hughes family is a hot darn mess .Nadia and Ayla needs to just let it go.Can't wait for part 2

Shea Babe says**Good read**

This was a good book. Jovani and Christian are fools. I can't wait to see what happens next with them. Kordell was wrong for withholding the truth from Royce but hopefully she can look past that. Can't wait for 2.

viola king says**Excellent**
