Zatch Bell, Volume 11 Makoto Raiku

Zatch and Ponygon decide to sneak into school by hiding in Kiyo's bag, but a sudden bout with a common cold earns Zatch a quick trip to the nurse's office. Meanwhile, Kiyo is reunited with Apollo, but Apollo's mamodo partner Rops is nowhere to be seen. It seems that Apollo and Rops had a run-in with Zatch's mysterious and dangerous double, and things took a turn for the worse.

Hannah Belyea says

Kiyo and Zatch meet the mysterious Mr. Riddles and his mamodo partner and learn more about their spell book, and a young mamodo claims Zatch as her boyfriend from their world! Raiku continues to deliver humour and intrigue with this enjoyable entry. Just who are Mr. Riddles and this new girl, and how will they affect the outcome of the battle?

Nicola Mansfield says

Great volume! We are about halfway through the series now and this volume advances the plot a notch with the meaning of the stone tablets revealed and an expanded battlefield now with the evil mamodo vs the nicer ones. We start off with a very strange duo who battle Zatch and Kiyo. The owner is creepy and calls himself Dr. Riddles but he informs Kiyo of the secrets of the book and thus Zatch starts to get much stronger now. This takes up well over half the book. Then a few fun chapters including one back at school and one where a mamodo claims to be Zatch's girlfriend back in the mamodo world. LOL. Then the serious ending as the evil side gathers. I really love the combination of sweetness and humour with evil and intense battles.

There is really not that much to say. It's a really excellent manga series! And I love everything about it! All the mamodo and other characters are really cool,cute,epic and interesting. This manga has both many funny and interesting moments. And all the fights are really awesome too! Not to mention the funny messages and stories the author leaves at the end! It really is that good! Would recommend to everyone who likes comedy and shounen manga! It's a must read! :D

P.S. I love Zatch and Brago! ♥(^?^?)
