1 yıl sonra 6.kitabı ancak okuyabildim, çevirilerin yavaşlığından. Özlemiştim. Yazarın ağırlıkları dikkatinde serinin heyecanının arttığı bir kitaptı. Karakterlere de şükür olsam da yazarın ağırlık kadının vücudu odaklı çizimleri abartması hikayeyi bozuyor.

Jim Karagkounis says

I found the last chapters kinda sadistic and unbearable but it was an overall nice addition to the story.

Cris Lightwood says

Creo que de los 6 tomos que he leído por ahora, este ha sido mi preferido. Porque se aclaran ya algunas dudas, te vas enterando mejor de todo y me ha gustado mucho mucho.

Narmin says

Stupid and accidental nudity is getting on my nerves... The only interesting part of the story was in the last chapters. The story loses its main direction many times, and goes off to pointless romance which I can't really feel.

By the way, why there are only female diclonius? Have I missed something?

Lauren says

This was such a dramatic and heartfelt series. I felt so bad for the characters. the author did a really great job pulling at the readers. the series was emotionally charged and action packed.
