**A Captain's Heart. (Highland Heartbeats Book 5)**

The love story of Derek and Margery. Derek, Huge's twin brother, go to Kirkcaldy to maybe sell his ships. There he meets Margery. Were Margery goes trouble follows. OK story.

**Sweet story**

I have liked the characters and the books in this series. However, I think a good editor could improve them all. This book seemed to have less errors than the others. All of the stories in the series are a clean read. Only a few kisses.

**Wonderful!**

Wow, this is the best series! I have loved each of the stories and how the characters link, yet each has their own tale to tell. Great read!

**Wonderful**

Another very good book in an exceptional excellent series. Each story gets better and better. Reading them is a complete joy

**Susan H Mayfield says**

Good, clean Highland read. The new characters blend with the series very well; yet this book could stand alone.

Please change editors! Mistakes were made at the most critical moments, multiple times throughout the story. Otherwise, I liked A Captain's Heart so much, I finished the series!

Book 5 is the story of Derek and Margery, another enjoyable read. Again, I loved it that characters from the previous books make an appearance:)
