[Siren Everlasting Menage: Erotic Paranormal Menage a Quatre Romance, M/F/M/M, shape-shifters, HEA]  
After losing her parents and sister in a fire and trying to live her life in her hometown of Austin, Texas, Elsa Jackman has had enough. She packs up her things and takes to the road. Preston, Gabriel, and Liam Louis know that Elsa is their mate as soon as they see and scent her. When they overhear her plans of opening a bed and breakfast in their town, they offer to show her around. Elsa's glad to have the support of the three, tall, handsome Louis brothers when she puts forward her proposal to all the residents in Ambrose, North Dakota and is excited when everyone agrees. Even though she tries to ignore the strong attraction to the three Kodiak bear shifters and retired FBI agents, she knows how fleeting life can be and agrees to be their mate. Just when her life is taking a change for the better, unknown danger follows her to Ambrose. Elsa doesn't think she'll survive.

#### **Wonderful Wonderful**

Another great story in Ambrose you have no idea how happy I am that she has introduced two new sets of shifters I'm hoping that means two more books at least. It's wonderful catching up with couples from previous books too. If you haven't read this series then start at book one they are all great

Wow, another really different story. Peeking into the mind of a pyromaniac was kinda creepy but it made for great angst in the story. I liked how we are starting to meet new sets of shifters. I was afraid the town was running out of shifters to mate but new ones are arriving.
