Can America Survive?: 10 Prophetic Signs That We Are The Terminal Generation John Hagee

This new book by *New York Times* best-selling author and pastor, John Hagee, says the United States is heading into a “Perfect Storm.” Titanic. John F. Kennedy’s assassination. 9/11. John Hagee maintains that these American tragedies all have one element in common: they were unthinkable. And in the opening pages of his newest book, *Can America Survive?* Hagee uses these tragedies to prove two points: that the unthinkable can happen and, given the right conditions, the unthinkable can quickly become the *inevitable*.

In *Can America Survive?* Hagee asserts that the seeds for tragedy are once again being sown, evidenced by the disturbing economic, geopolitical, and religious trends that now threaten to dismantle the very nation itself. “Think it can’t happen?” Hagee asks in a theme repeated throughout the book. “Think again.” Indeed, Hagee presents alarming examples of recent events, current research, scientific evidence, and biblical prophecy that are gathering to create a “perfect storm” that could bring down the “unsinkable” United States of America including:

The U.S.’s negligent handling of Israel, and history’s evidence of the danger to any nation that challenges Israel’s God-mandated right to exist

The dangerous belittling of Iran’s nuclear threat by careless spy agencies—and the super-weapon that could stop the U.S. in its tracks *instantly*

The chilling biblical prophecy that confirms Iran as one of six countries that will form an Islamic military force “as a cloud to cover the land”

The real \$2.5 trillion price tag of healthcare reform, the international currency shifts, and the national economic trends that are poised to bring about the death of the American dollar

The criminalization of Christianity around the world;

Can America Survive? is not just a warning. It is a wake-up call and a rallying cry to Christian citizens everywhere to prevent the next unthinkable American disaster. After all, as Hagee points out, “those who do not remember the mistakes of the past are doomed to repeat them in the future.” Think it can’t happen?

Think again.

Another wonderful work from Pastor Hagee, one that should be read by Christians and non-believers alike. Hagee's look into the past and present, from a biblical, political, and joint standpoint, is one that cannot and should not be ignored. Indeed, the clock is ticking.

Martha says

A very good book looking at what is coming up for the world, and the US in particular with references to biblical and recent history. There is a lot of evangelical stuff in the book, which I would recommend you take with a grain of salt. His biblical references are from a newer version of the Bible than the King James version, which I don't necessarily like.

Kindle Edition.

Been a while since I read this one, but I think it lines up with "The Harbinger". So get both and read them!

Renee says

so far, this is a great book that has an in-depth take on the state of our nation, in relation to the global social problems in the middle east. If you want to see where our nation is headed, get this book!

Debbie West says

Great book! Pastor John Hagee makes it clear through Scripture from the Holy Bible that Jesus is coming back to earth to reclaim His kingdom & that the Jews are still God's chosen people. As a Christian, I gloried in the knowledge that my family & I will be taken in the Rapture if the Church, but I feel very scared for those who do not believe that Jesus is the Messiah. Pastor Hagee explains America's largest in the Tribulation that will occur after the Rapture. all of those remaining on earth have a choice..join the Antichrist or be beheaded. Then God's judgement will rain down on those left behind. Pastor Hagee explores the Boom of Revelations, leaving no room for misunderstanding by the reader. He makes plain the parts played in these final days by all countries on earth..not just the USA. This book is a must read now!

Steve Parker says

Read it! Think about it, then pray.

This book is hilarious. This is a gut-wrenching, pee-in-your-pants-from-laughing-too-hard-at-the-bogus-scholarship kind of book. It's funny because he's actually serious! He truly believes the prophecies concerning ancient Assyria are explicitly connected with a modern fulfillment about Iraqi oil and the end of America. And while he's imagining new and creative ways to arbitrarily connect Old Covenant prophecy with modern historical events, he's confident that Jesus is coming to the rescue once America collapses. Make sure to buy the paperback version so that it holds that authentic comic book feeling in your hand while you read it.

Can America Survive, Updated Edition, by John Hagee, Soft Cover, Howard Books, 2011, 320 Pages, ISBN-13: 978-1439190562, \$14.99

World renowned pastor and best-selling NY author, John Hagee again warns America in this updated edition of Can America Survive? Fresh material revises and updates original chapters, plus the addition of two brand new chapters in this soft cover edition.

Hagee writes America is heading into the "perfect storm" and uses today's headlines to demonstrate. He says the "seeds for tragedy" are being sown by the negligent handing of United States trillion dollar debts by Congress and the current administration. The disturbing violence evidenced by world-wide and United States protests and the "wars and rumors of war" that span the globe. From hot spots in the Middle East, Iran, Tripoli and Iraq, to religious persecution with the ascendance of Muslim traditions... Full Review: <http://tinyurl.com/3ghpuk3>

Colleen Lahey says

Does an excellent job explaining today's critical situation. Very very scary.

Jim says

This was a good book, and it opened my eyes to information that I did not know. Everyone should go buy it, read it, and find someone to talk to about it.

Therese says

This is a phenomenal book and a read I would recommend to everyone, Christian and non-Christian alike, but especially Christians. John Hagee makes this a clear and easy to understand subject which isn't easy to understand.

Aaron says

This book was all over the place and lacked a lot of John Hagee's trademark humor! Still, I appreciate his knowledge and passion for the subject matter. Could have cut about 70 pages out of this book due to repetition. Hagee supports the idea of the rapture of the Church. I wonder what persecuted Christians in China think about the rapture?

Linda Turner says

Already read twice and will probably read again. If you are grounded in Scripture, this book will definitely set you thinking.

Daphne Wheeler says

This is a very scary, eye-opening book! Really makes me want to leave the face of this eath NOW!

Will says

There was some new stuff here that I didn't previously already know, but most of the material were things that I already knew.
