Every gift from God reveals his love, but no gift reveals his love more than the gifts of the cross. These gifts came not wrapped in paper but in passion. They were not placed around a tree but around a cross. They were not covered with ribbons but sprinkled with the blood that Christ shed on our behalf.

In this five-session video Bible study, Max Lucado explores the many gifts that Christ provided to us at his crucifixion. These include not only the gift of the cross, but also the gift of the thorns that pierced his brow. The nails that tore his flesh. The seamless robe that he removed for us. The empty tomb where he forever defeated sin and death.

The hill of the cross is rich with the gifts of God's grace. These were gifts he didn't have to give. The only required act for our salvation was the shedding of blood, yet God did so much more. So, as we unwrap these gifts, we need to pause and listen for his voice. As we do, perhaps we will hear him whisper, "*I did it just for you.*"

The *He Chose the Nails Study Guide* includes video discussion questions, Bible exploration, personal study and reflection materials for in-between sessions, and an additional session for churches and small groups using this study as part of Lent.

Session include:

He Chose to Be One of Us

He Chose to Forgive Us

He Chose to Invite Us into His Presence

He Chose to Love Us Forever

He Chose to Give Us Victory

### **Christie says**

I found this study difficult to follow. I didn't understand how the daily verse readings tied into that week's homework or to Lent. I need more details and guidance in a study.

### **Chanover55 says**

My group had a very hard time with this study guide; not sure if Max Lucado wrote this or not. As the study leader,

I found the study info in the back of the book much more helpful than this for group discussion.

### **Dorine says**

Great study to do as a group, especially if you have the DVD as well. The sacrifices made for our benefit is especially clear. Thought provoking as always, Max Lucado keeps it real.
