## No Choice C.M. Steele

—Natalie Cromwell is an unassuming, and intelligent beauty and soon-to-be college grad.

—Cameron James is a hot, hardworking, and wealthy businessman.

Their lives crossed paths purely by chance. Visiting his sister in school, Cam sees Nat and instantly realizes that she's the one. Natalie on the other hand is very interested, but skeptical. Time and distance tear apart their relationship, just as she believed it would, but she didn't realize that Cam wouldn't give up.

Excerpt:

"It still galled me that she was with someone else. I wondered if they'd been together before the party and were just coming out again as a couple. Either way, it really didn't matter—she was mine. Nobody was going to take her from me.

Tonight, she'd have the ring to prove it. I'd just picked it up that afternoon of the accident. It was a four-carat solitaire diamond with a platinum band. When you looked at the ring, it looked like a normal huge rock, but it was the inscription that mattered: No choice, you're stuck with me."

# From Reader Review No Choice for online ebook

## Ashleyjo says

Let me preface my review by saying that if you really enjoy OTT alpha males who **see** a woman & immediately classify her as *the one* to bed, wed, and breed for life based on nothing more than **one look** - and- then proceeds to just walk up to her and inform her of her new role and place in life as *his*, then you will fang love this book.

## Their Insta Love & Flat Soap Opera Isn't My Cup'a

For me, I don't particularly mind Insta-love like the above **IF** it's also either surrounded by grounding normalcy scenes afterward or forms in the midst of some kind of high octane emotional situation. This provided neither of the above and therefore came across as silly bullshit vs endearing for me.

It came across as a soap opera style with a very flat delivery. The characters are stick figures in the book; by 27%, I can tell you she's a student who has f'd up parents and he's a business man that says "fuck" a lot. Otherwise, I can't tell you a single personal quality about either, and that's a huge problem for me as a reader. If I don't get to know the character, I can't connect... And if I don't connect, IDGAF about their plights and relationship.

## I'll Kill You

I also have a huge problem with the MMC telling the FMC this:

"If you ever let another man put his hands on what's mine, I'll **kill you.**"

^ What's worse is that this is coming from a man that's spent **ONLY** a few hours actually with her and a few weeks on the phone with her. So, that is said literally the second time the characters interact. Wow~

## Editor

Book also needs an editor to clean up the typos.

## DNF

I gave it 30% to hook me, warm up, develop, make me GAF in any way, and it just never managed to give me anything of interest.

---

## Jenny says

Heroine is a cheater(she kisses another guy and even agrees to sleep with him) so not safe for me! if the hero had done this he would be crucified but its the heroine who is the cheater here so ppl are ok with it. Double standards!

---

## Barbara? says

\*\*\*2.5 Stars

Geez...these two couldn't catch a break.

---

## Jami says

### No Choice

Once Cameron seen Natalie in her college cafeteria, he gave her no choice but to be his!!! Lots of drama, crazy stalkers, obsessive alpha men, all around really good book!!

---

## Christine says

I see the potential in this author and it is the type of story I love. Hot alpha who finds the woman he wants to be with and is overly protective of her. The way they meet and the way he is with her in the beginning is over the top, but I was willing to accept it because I love those type of heroes and I wanted to read this book for a mindless read. The story was there, but it lacked execution or became ridiculous.

### 4.25 NO CHOICE STARS

This is my first review of this book but it's a reread. I read this book before I started reviewing and I had given it 5 stars. I honestly can't do this after my reread. I had too many small issues with the book to do this.

Now the story it's about an experienced businessman named Cameron and a young university graduate named Nathalie. Cam sees Nat from across the student union and falls hard for her. Obsessed is more the word here he tells her as soon as they meet:

*"I'm leaving to go back to Seattle in the morning, but as far as I'm concerned, you and I are together." I got that she would be shocked by my words, but she'd get over it in time. I'd given her two days too many already."*

Wow, a whole two days he was clearly taking his time here...NOT!

Yeah so he was clearly **GONE FOR HER**.

Now Nathalie was shocked by his declaration but also she was extremely attracted to Cam. To her, he seemed to be a force of nature that no one could stop!

She asked him:

*"So I've got no choice?"*

*And he answers "No. No choice. You're mine."*

So he seemed to have it all planned out for them in two months time.

They will be together after she graduates from University. He will clear up his work schedule so that they can spend time together and start on their future.

**Clearly he is planing for them to get married, move in together and have a family.**

**THE WHOLE HEA HERE!**

However, it's never that simple now is it!? And honestly the book would have bored me here without all the drama. It made the book more enjoyable and exciting.

We have two obsessed other women, a major misunderstanding, a crazy stalker or two, and the parents from HELL!

So will they overcome all these obstacles?

I am afraid you have to

Generally, I enjoyed this book and the sex scenes were really **HOT baby making scenes**. It was a great story that had enough drama and romance to keep me interested. It was an engaging book but it was not perfect.

It has a few minor editing issues here that I had overlooked the first time I read it.

These are minor for me as it didn't interfere with my comprehension.

However, I felt it needed to be mentioned.

One example: the book writes "causal lay" instead of "casual lay."

Along with the usual mistakes like...

Now I don't claim to be perfect myself here but this is a published book so, I expect more.

This was a minor issue here and it's the only reason why I could not give it a 5 stars that I had originally gave it.

**The story by itself deserves a 5 star!**

**OVERALL I LOVED IT!**

Safety: no cheating (but the heroine does kiss her ex while they are broken up and wanted to have sex with him) some drama, some pushing from the heroine, no condoms (never mentioned the past use either).

Heroine is a virgin and hero is experienced.

---

## **CC says**

Bored and do not care about these characters at all. The book does not flow. The hero is supposed to be crazy, OTT alpha. I found him a bore. Just did not work for me. Certainly a safe read.

## Katerina says

### Storytime

This guy I knew 7 years ago who disappeared during high school dm'd me on Instagram asking how I was. Barely remembered him, but we just exchanged simple conversation & I felt it'd be rude of me to ignore. Anyway, he has 100K followers on Instagram right? And at one point tells me that he gets a LOT of attention. I'm thinking ok whatever, idc. Then I say "I remember u went a little awol in school, were you okay?", and GUYS he FLIPS his lid on me. Literally swearing everywhere saying don't say he went f\*ing awol, he was always THERE, and he's not a soft guy who will take sh\*t like that. And calmly proceeds to ask me if I have a boyfriend. Wtf!! Literally I was MINDBLOWN, said "goodbye, take care" (internally thinking you freaking fragile psycho). Before I can block him, he replies immediately saying "why the f am I triggered saying goodbye, don't f'ing say goodbye and to answer his question on whether I have a boyfriend or am I a whore".

LONG STORY SHORT, this hero gave me those vibes in this book and it makes me feel icky with the lowkey abusive undertones. Like it actually feels very threatening rather than dominant/alpha.

Said he'd kill her at one point in a rage of jealousy. Not kill someone ELSE, but HER. Irony being she's a frigging virgin anyway and he's not. ????

*"Damn it, Nat. Stop looking like your world is going to crumble. If you don't quit your shit, I'm going to go down to Springfield and choke that bitch you call a mother and shoot that fuck you call a father." He grabbed my chin and tilted it so his eyes met mine.*

And I HATE men like this. I hate that they're glamourised. Because it's just pathetic that this behaviour is excusable, and I think a lot of women find themselves in relationships like these because of this narrative.

So DNF about 50% through. Thing is, maybe a couple of years ago I would've given this story 4 stars, but not anymore. Crap storytelling and characters.

## Bookloverme says

C.M. Steele to s one of my favorite authors. She writes OTT alpha males. Heroes who are so possessive and protective. Heroes who aren't shy or afraid to show their care love for the heroines. It was a good read for me and safe in a way. Well, it depends to a reader. The book has OW scene but it was a very short one and nothing happened. There's also a scene of OM, ex-boyfriend of Nat. She went to a part because she thought Cameron was cheating on her but the OW just made up stories. And there was an accident too that led to

Cameron and Nat's misunderstanding. Which led her to her ex-boyfriend. I'm not really sure if the ex-boyfriend was able to kiss her because Cam arrived but i think, he wasn't able to do it because he was pulled away by Cam. And the heroine was a virgin. Cam was celibate months before they met. There were other issues in the book but it was easily solved and for me, it's still a light easy read. What I like about C.M. Steele's books is that even if there were scenes like these, she still manages to make it light. And there's an epilogue too. So for me, it's a great read. Waiting for the second book.

I'd be pissed if the H did it  
<https://www.goodreads.com/review/show...>

---

### **Deserie williams says**

This was ok. I enjoyed most of it. love how OTT hero was. At times it was a little too crazy but haha I loved it.

safe with exception I guess.

some ow and om drama.

I believe the heroine might of kissed or made out with her ex. Not sure if it happened or was about to happen again.

---

### **Eve Recinella (Between The Bookends) says**

I usually really like books by this author, but this one was pretty much a hot mess from start to finish! Nat was whiny and juvenile. Cam was competing with Patrick Bateman (American Psycho) as the King of all psychopaths (minus the murder). Everything was so OTT with drama, and ridiculousness. He bought a twelve bedroom mansion, for realz! Seven hundred people were trying to kill both of them, cause, why not?? It seemed to drag on and on, and really could have been fifty pages shorter.

That being said, I totally want to read Simon's book! :D

---

### **~Nichole~ Sizzling Pages Romance Reviews says**

Sexy ott alpha and lots of drama and suspenseful moments.

I'll be reading more.. This author just pushes my alpha caveman buttons.

---

## **Emily says**

3.5

Cameron James doesn't really have the time with his busy schedule but he wants to check on his sister who is in her Freshman year in college. He had not expected to meet his one though, Natalie Cromwell. How to tell a girl he has never met that she is meant to be his, he has no clue. He can't stay and court her properly, he has two days. Fortunately Natalie is interested but leery about a long distance relationship with a man she doesn't know.

This was good but had a couple of moments where I thought Cameron was way over the top. I liked the concept though. Natalie is fun, she is spirited and although Cameron is pure alpha male she puts him in his place where need be.
