Stink and the World's Worst Super-Stinky Sneakers (Stink #3) / written by Megan McDonald ; illustrated by Peter H. Reynolds -- Cambridge, Massachusetts : Candlewick Press, c2007. (136 pages) -- RANGE 5 - CHAPTER BOOKS

**SUMMARY:** A class visit to the Gross-Me-Out exhibit at the science museum inspires Stink Moody to create a variety of terrible smells to put in the sneakers he plans to enter in the World's Worst Super-Stinky Sneaker contest.

**REVIEW:** Another great title in the Stink series (featuring Judy Moody's little brother). Boys should love reading this title with its large font, numerous illustrations, humor, and gross-out topics.

**FURTHER FUN:** 1) Blindfold and smell objects (not smelly sneakers) and see if the person smelling can identify the object (without looking); 2) talk about talent and ask reader what unusual talent do they have; 3) Talk about unusual jobs; 4) Ask what they want to be when they grow up; 5) Find or design a contest that the reader can participate in as entry and then as judge.

This book, along with Stink #4, were in a two-book audiobook set. The review is for the two books together.

My kids and I had fallen off the audiobook wagon since the end of the last school year when we were not driving to school any longer, and we just didn't start up again when school started. So, this is the first audiobook I've listened to with the kids in quite awhile. My daughter and I picked up this one and Henry

Huggins at the library, and out of the two my daughter chose this one to listen to first.

Me: 2 stars

Son (age 11): 4 stars

Daughter (age 6): 5 stars

Ugh. Well, this one was just not for me. The characters and dialogue just felt flat, and I was never really excited to see what would happen next.

My kids, however, enjoyed it much more than I did, so I suppose the book did its job. My daughter had laughing outbursts one right after the other. And my son said that his favorite bits were the interesting facts in between chapters (yeah, those were pretty fun).

Stink and his classmates take a field trip to the Gross-Me- Out exhibit at the science museum, where they learn of all things smelly. Stink discovers he has a nose for indicating what things are by their smell. Some class members enters the all-time worst super stinky sneaker contest, but when a judge gets sick on the big day, Stink fills in as a judge, and meets a professional smeller. This story is filled with stinky facts.

YUCK! What is that smell? That would be Stink Moody's super stinky sneakers. Stink and his class are on their way to the Gross Me Out museum for a class field trip. Stinks nose has incredible smell abilities. Stink just could not keep his smelly feet from smelling. He even entered in the cotton sneakers contest. Will Stink Moody take the gold? Read this silly humor filled graphic novel for children to find out.

Stink and the World's Worst Super-Stinky Sneakers is part of a children's graphic novel series. The story is kid friendly with stick figure comic like illustrations. This story is set at a museum while on a class field trip. The illustrations are able to enhance interaction because they provide visualization for the text. They are also able to support entertainment within a young readers chapter book by adding hilarious stick figure images. The literary elements of the story are developed primarily through the text and the images are added to represent the text. The illustrations are not very realistic as they are sketched and stick figure like. Overall, I would recommend this book to any young reader with a sense of humor.

Stink enters in a rotten sneakers contest. His friend Sophie of the elves was entering too! One of the judges catches a cold so Stink fills in.

## Erica Sonzogni says

This book had some good aspects as well as undesirable ones. I liked that this book was a spin off of the Judy Moody series; for students who like that book or ones who want a male perspective, this would gain a lot of readers. I also enjoyed the science that was added to each chapter which included facts about the world's stinkiest flower (the corpse flower) and other record holders related to smells. I thought that the plot was too dry and tried too hard to be funny with the "gross humor". My student, who loves books like this, found it hard to pay attention and wasn't too excited to pick it up again. I could see how this book would be interesting for some, but I found it on the unfunny side of the humor scale.

In this book stink is horrified by his smelly shoe. This book makes me laugh. Stink can not control the smell of his feet. This book is great for young children. Stink gives you a laugh and makes you happy.
