## Sunken Seas Lily Harper Hart

The Bounding Storm is racing toward adventure ... and this time it's something completely out of the ordinary.

Rowan Gray still can't wrap her mind around the fact that an old shipwreck – one that could make salvagers rich beyond their wildest dreams – is going to be The Bounding Storm's main focus for a full week. It's true, though, and the shift in demeanor on the boat is exciting and worrisome at the same time.

Even Rowan's boyfriend Quinn isn't immune and he's swept up in the grandeur of the event ... right until things turn sour and someone attacks one of the divers. It becomes clear rather quickly that something else is going on and someone has nefarious designs on the find.

If that weren't bad enough, Rowan finds herself at odds with the salvage team leader – a man who she recognizes on a level she can't quite explain – and her tragic past is about to push to the forefront when the man's identity becomes known. There's only one question: Is he friend or foe?

Rowan has to figure it out fast because when things come to a head, she has to decide who is on the side of right and who is trying to commit a terrible wrong. If she doesn't make the correct decision, someone could die ... including her.

It's all hands on deck for another adventure, and whether everyone will live to make history is anyone's guess.

# **From Reader Review Sunken Seas for online ebook**

## **Melissa says**

### **Sunken Seas**

The culprit was fairly obvious but I will look past it due to the rest of the story.

I enjoyed the backstory and the revelations. The core mystery was obvious and was only vaguely interesting.

Looking forward to how the revelation plays out in the next book.

---

## **Munira Vahed says**

### **Wow!!!**

In this book, Rowan past is explored. There is a major revelation made but the information revealed isn't discussed due to some unforeseen circumstances. I am eager to learn more about this revelation.

Rowan and Quinn relationship is so cute and I even love their arguments.

A group of divers book the ship to explore and excavate a sunken ship. Quinn is fascinated with all things historical. His excitement can be felt in the words.

Fantastic book and I adore this series.

---

## **Kerry says**

I adore this series, and this installment was another winner! I will say that I was annoyed with Quinn for a bit, but he did a good job of redeeming himself. It is also nice to see a hero who is not perfect. I loved the mystery and the plot and thought it was a fun concept overall. I also liked seeing Quinn's geeky side come out. I am also really intrigued about Rowan's past, and I liked that we learned a bit more in this story. The ending definitely left me wanting more, so I am eagerly awaiting the next installment!

---

## **Jana Gundy says**

### **An entertains series all around**

This series is a bit different of a setting since they are always confined together on a cruise ship. It makes for some highly entertaining moments and some tricky musters to solve. I love each book. This one will not disappoint and we find out more about Rowan's past and the mystery surrounding it.

---

## **Lisa says**

### **Much better than the 3rd book!**

Much, much better than the 3rd book by far. I enjoy all the characters in all the books so far. I just was really disappointed I The last book. This was much better. They're all pretty funny and I have enjoyed this series so far. I believe if you enjoyed books 1-3 then you will definitely enjoy reading book 4. Enjoy and I'll see you after book 5?

---

## **Krystyna says**

### **Treasure hunting in the deep**

When she hears that a sunken treasure group will be on cruise next, she and little excited. Her boyfriend however is over the moon. Treasure Island and The Goonies all rolled into one. The head of the expedition draws her eye. He seems very familiar to her. Has she met him before? The expedition security chief and the head of the divers seem to have devised a scheme to separate the two of them. Will they succeed? An attempted murder, a murder, theft and some news regarding her family are woven into a great plot that makes you want to cheer for our hero and heroine.

---

## **Rhonda Jones says**

### **Really Enjoyed This One**

I loved that the story involved sunken ship with hidden treasure. And the new characters were fascinating. The other security guy, for the divers, made me think of The Rock, in body at least. I also like the direction the series is going on regarding Rowan's past.

---

## **Susan M D'Agostino says**

### **Rowan and Quinn go looking for treasure....**

Instead, they find lies and murder on their trip. Rowan discovers that she has relatives on the cruise. She also learns a little bit more about her family and her father's disappearance. Well worth reading.

---

## **Elisa Hordon says**

Now that was an awesome adventure.

I loved finding out more about Rowan's past and I can't wait for more.

I enjoy Rowan and Quinn together their relationship maybe new but it has a warmth and solidness to it that makes me smile.

Nick was a great new character i am looking forward to reading more about. Sunken treasure, pirates and diving all part of an awesome adventure.

---

### **Diana Blick says**

#### **Backstory is heating up**

Up till now there hasn't been much of a backstory. I had planned to mention it in this review if nothing turned up. Thankfully, this one was all about the backstory, along with a pretty well written mystery, this time with a treasure hunting focus. We still don't have the full story but I'm hoping the next book will solve that problem!

---

### **Dan says**

#### **Fun and easy read**

This is another in the Rowan Gray mystery series. Lily Harper Hart has continues this sea based mystery with our two heroes Rowan and Quinn. This time our duo are involved with pirates and sunken treasure. The story is lite and fun and fast paced. It is definitely an enjoyable read and I would encourage anyone who likes these types of books to give this one a go. It is worth it.

---

### **Cathy Pardue says**

#### **Best one yet**

I love this series. There are so many plot twists in this book. Rowan meets someone from her past who may have answers about her father. Quinn gets caught up with reminiscing about his military days and strains things with Rowan. Multiple targets and multiple villains will keep you guessing until the end. Throw in a treasure hunt and you get a great adventure. Can't wait for the next book.

---

### **Sherry says**

#### **Argh.....Matey!**

Cruise ship photographer Rowen Gray & Head of Ship Security Quinn Davenport are back again in another exciting adventure aboard the Bounding Storm. This time the entire ship has been taken over by a group of sunken treasure hunters. Even though this is not their typical cruise our heroes are still faced with secrets, murder, & lots of hidden agendas. I really delight in the blooming relationship between Ro & Quinn. I love their quirky banter & growing devotion to each other. Lots of bombshells are exposed throwing our couple some major life altering information. I did miss the ever enjoyable Sally & Demarcus. They do appear but only very slightly. They always bring lots of laughs. As always, another very enjoyable mystery in this series!

---

**Siobhan Henn says**

Rowan & Quinn make me smile and I appreciate the character development but I wish there wasn't the cliffhanger! Nick was an interesting addition but I could predict the solution to the crime from fairly early on. Still love the books and can't wait for more

---

**Tracy Carroll says****Rowan and Quinn are in trouble again**

This book was full of surprises and they were surprises I didn't expect. I can't wait until the next book and hopefully some questions I have will be answered. As usual Rowan lands herself in a pickle, but she is always resourceful and figures things out. Things between Rowan and Quinn are great. This book is great for an afternoon read or if you just want a taste of warm weather because you're sick of the cold. Let Ms. Hart take you away from reality for a bit and join Rowan and Quinn on the high seas for an adventure that always leaves you with a smile on your face.
