The Bikers' Babe Marla Monroe

[Siren Ménage Everlasting: Erotic Ménage a Trois Romance, M/F/M]

When Tess is attacked by a serial killer, Zack and Cole offer her their protection while they are riding on the road. They convince her to stay with them while she is recovering.

The guys are falling for her and think Tess, a travel nurse who works all over the United States, feels the same way, but she's insistent that her life is on the road. As part of a construction crew, Zack and Cole travel as well, but they would stick closer to home for her.

When the killer returns to finish what he started, it takes Zack and Cole working with the police to rescue her.

Tess thinks she loves the two men, but what about her life on the road? She is used to coming and going as she wants. Can the men convince her to stick around on a more permanent basis, and can Tess trade in her wanderlust for domestic tranquility?

Fabiola Chenet says

Reading two Marla Monroe one after the other is not a very good idea. I was less delighted by this one for two reasons: the heroine (Tina not Tess) was too independant regardless of the danger she was in. And again, the "suspense" was not good, I mean when you know you are in danger, you know you must pay attention to the signs. Again, I wanted to shake the main characters. The hot scenes were a bit strange too. I suppose they are due to the ménage theme lol. A break is necessary.

Awesome book. This is one great series. HOt men and nothing better than a steamy menage.

I can't quit this series. Yes there are things that can be improved but I just really enjoy them. Want to note: In the blurb the heroine's name is Tess. In the actual story she is Tina.

Guilty Pleasures Book Reviews says

Having a job that requires you to travel can make it difficult to find that sexy someone you want to share your life with. That is unless that certain someone travels too. Tina is a travel nurse and a biker that does not like being tied down to one place. She enjoys the freedom of choosing where to work and the opportunity to meet new people while seeing new places. For her, finding a man that can accept the fact that she prefers her bike to the back of a man's bike can be difficult, or so she thought. During a routine traffic stop, Tina encounters a group of bikers that fall prey to the traffic police as well. It was then that traveling construction workers, Cole and Zack first laid eyes on her and refused to let go.

Another great book in this series it may not be the MC I was looking for but I am so happy I found this series to read it is simply fantastic ... :)

((((((I don't really think of this series as a real MC based series yes the guys all ride bikes and they call themselves the dirty dozen but they have no club house and they don't wear cuts or hang around with sweet butts or other MC clubs in the books they call themselves a gang and no MC would ever call themselves a gang they are a club ...

I am only pointing this out because the whole reason I read this book was because I was looking for a new MC series to read and for me this just isn't a real MC series))))))))
