This is a wonderful and inspirational book. It's filled with plenty of good info but leaves you wanting to do more research of your own (kind of the point).

**Alyssa McNiel says**

Very helpful in showing a beginner, and even intermediate level solitary practitioners, how to build their Book of Shadows and personalize it to their specific craft. I started my BoS in 2013 and did pretty decent but this book gave me so much information and ideas to expand my grimoire. I really appreciated the way Skye Alexander wrote this. Very informative without being too cryptic. Beautiful!

Valid information. Basic, but helps even the more avanced witch/wiccan to think outside the box. Loved the quotes and even found information I didn't know

Very complete, step-by-step guide to the who, what, why of crafting and filling your own Grimoire and/or BoS. Includes some spellcraft and light chapters on tools, symbols, and ingredients.
