Angels of Divine Light: The Remarkable Memoir of One of Today's Leading Angelic Healers and Spiritual Therapists Aidan Storey

Profoundly moving, wise, and ultimately redemptive, an inspiring personal memoir of hope and forgiveness, and an unforgettable testament to the healing power of Angels.

Growing up in the suburbs of Dublin, Aidan Storey was the youngest of seven, a much-loved, happy child who enjoyed family life. But there was one difference between Aidan and his friends: When everyone left, Angels visited Aidan. Unafraid of the beautiful, luminous spirits that watched over him, it wasn't until much later that Aidan realized not everyone could see what he could—and not everyone shared his exceptional gift for healing.

In this remarkable memoir, Aidan vividly recalls how the presence of Angels sustained him through years of great turmoil when his happy, carefree world turned into one of misery and torment. As he recalls the sexual and mental abuse he suffered at the hands of two teachers in his Christian Brothers primary school and the isolation which followed, Aidan tells how the Angels helped him find his way back to life and, through the power of divine healing, taught him how to bring light and love into his life and the lives of many others.

I won this book on Goodreads.

I found it to be a well written and easy book to read. I enjoyed learning about the different types of Angels and healing therapies involved in Aidan Storey's work. I felt that his story was told with great emotion and clarity of the subject. I would dearly love to meet this man.

Mary says

Angels of Divine Light is an interesting and in depth memoir of Aidan Storey's life. He overcomes the unspeakable to become one of today's leading Angel healers and spiritual therapists. There is a section at the end of the book of questions and answers which I found most interesting.

I wanted to like this book, as it was well written, (I would rate it 3.8) but I just found it a bit too unbelievable. I am semi-skeptical, so this really isn't the author's fault, but I found it difficult to read a book I didn't find believable. Maybe I want to believe him, but I remain unconvinced... Sorry my review is so choppy, but I can't think of too much to say about this work, because, like I mentioned earlier in my review, I actually did enjoy Aidan Storey's writing style.

I won my copy of this book from the Goodreads.com website.
