## **Carnal Moves** Koko Brown

Diagnosed with chronic stress disorder, half-demon Gideon is ordered to take up a hobby. Initially balking at his shrink's remedy, but faced with an eternity in solitude, Gideon signs up for ballroom dance lessons.

His hobby turns into another kind of hell when Gideon is partnered with the curvaceous Macy. He's avoided human females for more than a thousand years, but her moves evoke carnal images of sweaty bodies and tangled sheets. Unable to resist temptation, Gideon thinks a few nights of soul-searing sex will slake his lust for the human female.

He couldn't be more wrong!

## A??ela W. says

**Spoiler Ahead** This was a good and funny story. Gideon a thousand year old half human and half demon who is diagnosed with a stress disorder so he see's a therapist. When his therapist suggests he take up ballroom dancing he is not sure that it's going to work until he meets her. Macy is a divorced reporter working on a story involving missing children in New Orleans she is in the same class as Gideon. When the teacher pairs them together for a dance competition sparks fly. I liked Macy but she had some hang ups that made me want to slap her. I liked Macy best friend Denise and she was right about pushing Macy to get back on that horse. They also meet Tante Celine a voodoo priestess who hunts demons and learns of Gideon's presence and goes after him. Macy has no idea that Gideon is only half of what he says he is and is shocked to know the other half exists. The dialogue between voodoo priestess and demon was funny When Gideon is forcefully taken away from Macy by his father is he is given a difficult choice of eternal damnation or mortality. I liked this book I have read this author before. This book was not over the top with the whole demon theme. This book was well written with no errors in grammar or spelling.

## raeneysa says

I though this read was more on the paranormal suspense side then shifter. yes the hero was demon but the author really didn't go into detail describe how the man look in demon mode. For me this story involved sacrifice for love. I still enjoy reading the story.

Hunter's Review

I had never read a book by this author before and I have to say that I really enjoyed it. Koko Brown wrote really likable characters who have hot love scenes that steam off the page.

This isn't a serious paranormal, at its heart it is light hearted and for me it was nice to break and enjoy the humor embedded into this tale.

Koko Brown is truly talented and I think fans of paranormals and the hot stories at Ellora's Cave will love this book.

4 Tea Cups!
