Samyak enjoyed the book.

Hung Van says

This is a fun read to include information to kids about how a community works. It would be fun for kids to see a firehouse and relate it to their own and local firehouse.

My nephew liked it even though he didn't understand how a bulletin board fell on a kid and made him flat...

Summary:

Flat Stanley is on yet another adventure. This time he wins a poster drawing contest and wins a trip to the local fire station. All Stanley wants to do is slide down the pole at the fire station. However, on the tour at the fire station he does not get the opportunity to do so. At the end of the tour the fire fighters take Stanley with them on a call to rescue a cat from a tree. The cat decides to jump out of the tree and Stanley finds a way to save the day. Will he be rewarded with a trip down the fire pole?

Activity:

I think it would be fun to have the children make a Flat Stanley of themselves and have them dress it up as the profession they want to be when they grow up. Then I would have them list the different ways they would help people while doing their jobs.

Horn Book (Spring 2012)

Written by Lori Haskins Houran. Flat Stanley and his family head to the fire station after Stanley and his brother win a fire safety poster contest. The digital illustrations are engagingly bright and cheerful, but the text is distractingly choppy; sentences don't always follow one another in a logical way. (And why must Mrs. Lambchop offer to "tidy up" for the firefighters?)

The Brothers says

The Lambchop boys win a poster contest at school and get a tour of the local firehouse. Stanley's flatness comes in handy there too.

Nice illustrations.

Asher (5 y.o.) read this aloud to me.

Carter says

I thought it was weird that they were driving fast and using the firetruck siren just to get a cat out of tree. Silly stuff!

Christy says

Stanley is elated. His Stop, Drop, and Roll poster won the Fire Safety Month contest.

Stanley's prize is a trip to the firehouse! When Chief Abbot invites him to climb onto a real fire truck, Stanley thinks things can't get any better, but the visit takes an even more exciting turn.

David Gallagher says

While this is good practice for kids learning to read, the characters and content of the book are beyond dreadful. Stanley is...one-dimensional and well - flat.

Alice says

Flat Stanley. His name is Stanley and he is flat, what more can I say? This book says he is flat because a bulletin board fell on him but I just don't know. At least his flatness comes in handy in clutch situations :-) Good early reader!

Mitran Kumar says
