## **Home Fire Inferno** Suzanne Brockmann

Please note: A dollar of the author's royalties from each copy sold of this edition of Home Fire Inferno will go to organizations supporting veterans. (Thank you so much!)

Also note: Home Fire Inferno is a Troubleshooters short story. It's around fifty pages long, and was originally published in the charity anthology *Way of the Warrior*, which is no longer available in most e-formats. This e-book reissue of Home Fire Inferno also contains an excerpt from the TS novella Ready to Roll, as well as a lengthy excerpt from Some Kind of Hero, Suzanne Brockmann's next full-length Troubleshooters novel.

Suzanne Brockmann returns to the action-packed world of her best-selling Troubleshooters Series with a new novella featuring US Navy SEAL Izzy Zanella, his extended family, and his kickass teammates in SEAL Team Sixteen.

Navy SEAL Dan Gillman's wife, Jenn, goes into early labor while stranded in the California desert, as he, Izzy Zanella, and most of Team Sixteen are mission ready, overseas. Meanwhile, left behind with a recent knee injury and faced with impending surgery and rehab, Chief Jay Lopez decides that the timing might be exactly right for a romantic interlude with a pretty fifth grade teacher . . . Hijinks definitely ensue.

(12,000 words or about 50 pages)

## From Reader Review Home Fire Inferno for online ebook

### Anita says

Home Fire Inferno (Burn, baby, burn) by Suzanne Brockmann 5++++ Stars

I can't tell you how tempting it was to start with this one, but I didn't. Sometimes you need to save the best for last. I LOVE IZZY!! I am an unabashed Troubleshooters groupie. No one does SEALS better than Suzanne Brockmann. When Jenn goes into labor with no transport in the San Diego desert, the guys are on the other side of the world and Eden has to be the voice of reason right now. I laughed and I cried and I REALLY, REALLY want a new Troubleshooters book with Jay's story.

---

### Lisa ~ Books Are My Drugs ~ says

Another short from the TSI universe

---

### Vendela says

Sometimes a girl just has to read about a baby and a brave rescue.

---

### Angela Verdenius says

Enjoyed this so much, I'd forgotten what great books these are. Re-visiting old friends, humour, romance, caring - this has it all!

---

### Anke says

Normally I'm quite miffed when a book ends at about 57% on my kindle. This time I was glad. And I'm rather sad to say that about a Brockmann book! This was my favorite series for years and years! I was a member of her message board before all this internet really started, so you can see, I'm a longterm fan:)

You can imagine that I'm really unhappy to say that at least this story wasn't working for me. It was more like a checklist of characters, who all have to appear one way or another in a story to show - we are all a big family, we important SEALS. The final straw was when even Jules appeared, if only via phone from Washington(?) or wherever he was.

At the beginning I liked the set-up of the story, but when it then moved from the desert north of San Diego to the Philippines to said Jules on the east coast and then Adam in a helicopter. Sorry, but then I was done. Thankfully the ending was near.

---

**Denise ~The Procrastinating Book Diva~ says**

Oh the nostalgia :) I've missed Izzy, Danny, Eden, Jen, and the rest of the gang!! This series is always at its best when the Seal Team 6 / Troubleshooter Inc. family comes together to help each other ❤️?❤️?

---

**C.G. says**

It's a Troubleshooters story - what more do I need to say?

---

**Robin says**

Eden Zanella is on a road trip with Jennilynn Gillman when her car breaks down. They are on a desert road and haven't passed another vehicle for miles. If that isn't bad enough, Jenn's water has just broke and she is in labor. Both ladies keep trying to call for help, but the signal is not strong. Jenn doesn't want her husband to know what is going on because he is on the other side of the world readying for a mission. Eden is worried she'll have to deliver a baby in the back of her car.

Cute story. Many of the Troubleshooters characters are in this book. Too bad it wasn't longer. My rating: 4 Stars.

---

**Marge says**

Read as part of The Way of the Warrior anthology. A nice story, showing many of the Troubleshooters coming together to help out, but not a good starting point if you don't know most of them from previous books.

---

**Dekaydreader says**

Alas, now I really, truly am out of Suzanne Brockmann to read. More, more, more, please!!!

---

**Catherine says**

A cute short story that lets Troubleshooters fans catch up with some of their old favourites and serves to remind us why we all fell in love with this motley - but honourable - crew of men and women in the first place.

Heads up! Amazon's page count for this book is whack. The author herself has said that the story is approximately 50 pages long, but Amazon has entered it into their database as being 85 pages (probably because Brockmann has included a lengthy excerpt from an upcoming Troubleshooter's book at the end of this edition). Just be forewarned: this edition ends at 57% of your Kindle.

### **Vickey Mcgee says**

#### **Short but Good**

As always this author does a great job. I hadn't read one of hers in awhile, but so glad I found this one. Loved visiting some old friends and met a new one. I can't say I liked it, no, I loved it. It it doesn't disappoint and it's clean so all can enjoy!

---

### **Charlene says**

4.5 stars

I read "Home Fire Inferno" in print form in the anthology, THE WAY OF THE WARRIOR, which I borrowed from the library [having already donated my purchased copy to another library's book sale!]. For those who have followed Suzanne Brockmann's Troubleshooters series, this is a must read.

---

### **Jonetta says**

Jenn Gillman, eight months pregnant, goes on a trip through the desert with Eden Zanella for a very important purpose. On the return trip, the car breaks down in the middle of nowhere and, you guessed it, Jenn goes into labor. Cell service is almost non-existent with Dan, Izzy and most of Team Sixteen out of the country.

This was a fun story with a really good message and a great ending. Also, a new member of the team was introduced and adeptly integrated into the story. Only Brockmann can write a short story that feels like a full blown one. Loved everything about it.

---

### **Becky says**

I loved the glimpse into life between the novels that this story offered. An amazing number of the Troubleshooters characters manage to show up in this one, for a totally worthy cause--and it was so much fun to read. If you've read the other books in the series, you'll love this one. If you haven't, you won't quite understand all the dynamics between the characters, but it will still give you a definite flavor for the series as a whole.

One of my favorite lines, courtesy of Izzy Zanella, thinking about how to deal with pregnant women--"It was essential, always, to have salt-free soda crackers at hand. And the sympathetic words, I know you feel exhausted/nauseous/awful/homicidal. I'm so sorry, baby. How can I help? were also good to keep near the tip of one's baby-making tongue."

True dat.

Rating: 4 1/2 stars / A

(Originally read as part of *Way of the Warrior* anthology)
