## Irresistible You Francis Ray

Pierce Grayson is a marked man: if his mother, Ruth, has her way, his carefree single days will soon be over. But Pierce isn't going down without a fight. He's ready to take action against his mama's matchmaking...but what he's completely unprepared for is the feeling that hits him when he meets Broadway actress Sabra Raineau. She's in Santa Fe helping Ruth with a production at the University. With her luscious lips and long legs, Sabra is temptation personified—and Pierce isn't in the habit of resisting temptation.

With Hollywood calling and another play in the works, Sabra has no time for romance. And, after one heartbreak too many, she's happy to stay unattached. But Pierce has other ideas—the kind that can curl a girl's toes. Sabra's not above a little extracurricular activity, but she can't afford to risk her heart on anything serious. Still, the closer she gets to Pierce, the harder it is to deny him—and to keep a secret that could tear them apart....

Job well done! I'll admit, this was my least favorite out of the series so far, but I still loved it and I love this family.

### **Crystal says**

I absolutely love the Grayson Family series then add the Grayson Family and Friends to follow up. I think I have read each book in both series and they kept getting better and of course they are interchangeable so in each book, you still got to hear about how another part of the family is doing. Will have to make sure I add the others to my home library in tribute to Mrs. Ray.

The Grayson's children, Luke, Morgan, Brandon, Pierson & Sierra knows their mother is determine to see all of them married. She's 3 out of 5 and she's selected the perfect woman for Pierson. The only issue I had was the audio book narrator did an awful job of interpreting the voices of the characters.

**Roz says****Love Francis Ray**

I have been reading Francis Ray for yeasts and she has never let me down. I love the way she hides the major conflict and then springs it on you. Great. We'll worth the read

For some reason I just didn't like Sabra as much as the others wives. On the other hand their mother needs to be stopped, she just keeps getting crazier

**Monica says**

This was another enjoyable read in the Grayson's of New Mexico family series. I love these characters. Now on to Sierra, the next Grayson biting the dust. That mother is a handful and loves her children.

**Debbie says**

I liked the story! I enjoy any Grayson story. Although I will say this was my least favorite of the series. This story just seemed a little bit tedious.

---

**Grace says**

Another or the 4th in the Graysons of New Mexico series where there is just one more son to marry off and we see that the matchmaker and her ally are up to the challenge. Love this series of stories. Romance and happy endings are what my reading spirit craves when life is so mundane and realistic at times.

Another Irresistible Treat

Well, Mrs. Ray has done it again! Another Grayson man has fallen captive to LOVE. I always enjoy the Grayson family and their circle of friends. Ruth Grayson definitely has a talent for finding the perfect mate for her children. The heated passion that kept building up between Pierce and Sabra was intense and well written as usual. The characters were well developed as always. Unexpectedly, however, were the many errors throughout the novel. Not sure what happened, but there quite a few mix-ups with Sabra and Sierra,

but it was still an enjoyable read. I love a good romance and Mrs. Ray never disappoints. I can hardly wait to read "Only You", and witness first hand Ruth Grayson "take-down" her final child, and only daughter, Sierra.

### **Janice says**

Oh man, this book drove me a bit insane!! but I couldn't stop reading. I couldn't believe I was 3/4 way through a ROMANCE novel and there hadn't been any sex yet.....when I looked at the page number I was flabbergasted and a little annoyed but I still couldn't put the book down. I won't lie, some things got a little repetitive (the over the moon looks and statements the other brothers and their wives kept exchanging and some of it a bit oversweet for my taste (that might be the PNR side of my brain talking) but this story grabs ahold of you and sinks it's teeth in. I Love Peirce's confidence and persistence. Wasn't in love with Sabra constantly grappling with her father's 'flaw' or the fact that that was the only complication in the novel. It is nice to see people actually dating before jumping into bed with each other like they really, really wanted to do but I must admit sometimes I was like 'yea right'.

All in all, Francis Ray is an undeniably skilled story teller to be able to hold a reader's attention for so long just holding on for the moment both characters restraint breaks. This is my second book by Ray, love the richness of her characters, love the family units that she sets up, this really helps to drive the development of the protagonists. I think I might be over the whole virgin thing though, its a stretch for me to imagine that these women remained 'untouched' for so long and I was never a fan of the inexperienced woman and the experienced man to begin with.
