## **Mister Diamond** Chance Carter

My father and I have never seen eye to eye.

He still blames me for my mother's death during my birth.

He's the quintessential tough Russian father.

That's one of the reasons I'm so happy to be in America.

Until I find out he just arranged my marriage to one of our country's richest heiresses.

Valentina.

I don't even like the sound of her name.

When I meet her it will be even worse.

I know it.

I'm practically forced to buy her an engagement ring, so I dutifully go to Tiffany's and buy the best one I can find.

She sends it back.

I buy another. And another.

All returned.

I'm really beginning to hate this bride to be.

But there's a girl behind the counter at Tiffany's.

Gemma.

An American.

Every time I see her, she makes me smile.

She also makes my heart pound, my pulse race, and my ... how you say? ... *weapon* get hard as Russian steel.

I can't stop thinking about her.

And getting her to help me pick out diamond after diamond for this spoiled Russian princess is driving me crazy.

I want Gemma with a passion that's making me consider taking some very drastic steps.

And believe me, when a Russian says drastic, he means all night, torn bed sheets, covered in sweat, make her scream my name like a banshee drastic.

## From Reader Review Mister Diamond for online ebook

### PointedlyBlunt says

Never liked his writing, but now he's definitely a never read.

Personal reminder:

#Tiffanygate

---

### Ciayrra The Scorpion Flower says

This is a beautifully well-written story, it was hard to put the book down. May keep you up at night. Those are the books I love!

---

### Lisa says

#### One of my favorite Chance Carter books so far!

Nik meets Gemma while shopping for an engagement ring for the fiancé he doesn't want. Each time he needs to exchange a rejected ring, the attraction between them intensifies. These two star positivity combustible together and their story sucked me in from page one. I love the way the story develops and unfolds. In true Chance Carter fashion, there are enough swoony feels and panty drenching encounters to keep you glued to the book from the first page to the last.

I know I've mentioned this in lithe reviews, but I love that he can write a book with emotional ups and downs, and relationships with bumpy paths without succumbing to the seemingly requisite, gratuitous angst that some authors throw in the way of their lead characters. This is another example of that style.

The characters are well rounded with distinctly different personalities and speaking styles and the story line is original. My biggest complaint is that it ended. I wanted to just keep reading more about Gemma and Nik. Technically speaking, the book does have a few typos, but nothing that interrupted the flow of my reading. At the end of chapter three there is an invitation to join his "Diamond" group, but as it includes an opportunity to win something from Tiffany's, I'm not complaining. The book ends at around 15%, but is a complete full novel. It just includes several of his more recent full length books as well, and though I own them already, it may be an added bonus to newer readers.

Overall, I absolutely love this story and highly recommend it. I also recommend getting comfy (because you won't want to put this book down) and having dry knickers at the ready ?.

#### 3.5 Diamonds, Tiffany's, Russians, Oh My Stars

\* \* \* 1/2 *Spoiler Free*

As an avid reader, I am introduced to many different authors all the time. I recently read for the first time R.R. Banks. His Accidental Fiancé worked for me and subsequently it was through his newsletter

**he promoted Mister Diamond by Chance Carter. I decided to give it a go and that is how I got here.**

We have a very successful Russian CEO whose father back in Russia has laid the law down. Son must marry chosen daughter of equally important business in order to increase and unite the wealth. Nik, the son, has been running the American import/export division of the company away from the all of the drama in Russia. The relationship between the father and son has never been good due to the loss of Nik's mother during childbirth. By living in NYC, Nik has had the freedom to be his own man.

Yet, now his father has given him the ultimatum. Marry this woman or lose everything... his position in the company, his penthouse and how he sees himself. Begrudgingly, Nik goes off to Tiffany's to get the ring for the unwanted bride.

Gemma is a woman trying to make it on her own. She has broken ties with her affluent family because she no longer wanted to be a pawn in their dealings. She never had the support parents should give their children. Oh, her father took the boys under his wing and molded them to be mini asshats just like him...making her life doubly hard with teasing and torture of being told she was only good to push out kids not teach them. When she was little her mother was sweet but as Gemma aged, that support disappeared. When she was offered as the bride in a relationship she had no use for... that was it.

Gemma left. She cut off everything and came to NYC. There she was able to find a position at Tiffany's. She had just the right look and way of dealing with the upscale clients due to her background. Gemma was basically happy there. She had a roommate she felt close to and even though she was barely getting by, she was ok with it.

Her roommate, Molly, would try to get Gemma out and about but Gemma would always turn her down... saying she just wasn't up for it. Molly would understand but never give up encouraging her to take some time for herself and enjoy life.

These two, unlikely but with very similar internal issues, meet when Nik goes to Tiffany's. There he sees this lovely woman behind the counter. Grouchy and caring less, Nik asks for an engagement ring for his forced fiancee. Gemma, being the polite and personable sales associate asks all the right questions of which Nik has no answers. Doing the best she can, she shows Nik an appropriate ring of lovely quality and he says fine.

But during their exchange, Nik sees someone who is open and sweet with a smile that touches him... and Gemma is taken by this mountain of a man... a man who holds her gaze without turning away. He leaves to send the ring to the his unwanted fiancee and she sighs... knowing it was a lovely moment never to be repeated.

Except a day or two later, there he is...The ring was refused, he needs another.

This is the dance that continues and then....

Becomes So Much More.

As someone who had no history with this author, I was wondering where he was going at times, however, he kept me curious and gave me some unexpected moments. The secondary characters were interesting and unusual. I did feel sometimes like there was a rush or insta willingness between Gemma and Nik to be together from the get go.

Overall, I liked the concept...Tiffany's although it was more of a vehicle to get them together. The bonus is this book has a bunch of other stories from the author in it...so you are not getting just the one book.

### **Donna Vitarelli says**

Great characters! Nik is so hot he could have any girl but he's been TOLD he's getting married. Talk about daddy issues. Gemma too has family issues that come back to haunt her. Tiffany's is a minor character in the drama and the setting for much interaction between our hero and oh, those diamond rings. The would be bride unwittingly brings her "arranged" groom into salesclerk Gemma's Tiffany's store. So many diamond rings. Money, sparklers and lots of drama. Great heart as always with pantie melting goodness. Love it Chance Carter!

---

### **Pat says**

Chance Carter has done it again with another 5 Star read, this author really knows how to pull his readers into the story and keep them totally enthralled throughout the entire book! The storyline was well written, the plot flowed smoothly from page to page and the character's chemistry was HOT! I can't wait to read what this author writes next and I highly recommend reading anything that this author writes, he never disappoints!

---

### **Sandy Lopez says**

Mister Diamond, this book was incredible! Dominik and Gemma grew to like each other through the friendly banter when he walked into her work place. What follows is a romantic story that you just can't stop reading till the end. You will love this book just as I did. Couldn't put it down. Highly recommended! Once again Chance Carter blew me away with his writing. Bravo!

---

### **JESSICA says**

This is my 2<sup>nd</sup> Chance Carter book. This was an okay read. I was a little disappointed! But what I loved about this book is the guy on the front cover looks a lot like my husband and the main character in book is Russian (just like my husband) Lol. and that Nik and Gemma stood up to their families. Overall this was an okay quick read to pass some time.

---

### **Lu Bielefeld \*read.laugh.love\* says**

The book ends in 15% of the file and the rest is stuffed with other books to increase the number of pages. I get annoyed when this happens.  
The writing is ok. Nothing special.

---

## **Bobbi Payton says**

### **Wonderful story**

When Nik walks into Tiffany's jewelry store, the last thing he expected was to fall in love. This story will take you through so many emotions. You will experience love, hate, fear and so many more emotions. Nik will show you that Money isn't everything and love conquers all. Gemma will make you realize that you can achieve your dreams at any age and that you should never give up. Pick up your copy of this book. You won't be disappointed.

---

## **Terri Warber-Breneman says**

### **Chemistry and devotion**

Excellent characters and story line. Gemma and Nik find each other in an odd way, but with lots of twists and turns and page turning drama they make it work.

---

## **Diana Tidlund says**

### **Fabulous!**

For those of you who've never read a romance written by a man I'm sorry to say you're romance reading has been sadly lacking and I recommend that you rectify that now and get yourself a copy of Chance Carter's newest release , Mister Diamond , because I guarantee that you will quickly realize that I'm telling you the truth as you fall in love with not only this book but his writing as well ! Then get ready to go broke as you have to start doing what I did and buy his previous releases as fast as you can possibly read them !

On a scale of 1-10 Mister Diamond is a 12 !!!

A fabulous read !

## **Carol Hepstall says**

OMG !!! I was blown away by this amazing story. It grabbed me and pulled me in held me hostage, riveted to every single word. Dexter, Emma and Domanick's journey was so intriguing that I couldn't stop reading it until I read the last word. A book that captured my heart. Dexter and Emma's chemistry was so hot, it made me shiver at its intensity. A book that is summed up with one word STUNNING!! If you don't purchase this book you are missing out on an amazing read.

## **Lisa says**

**Mister Diamond**

Boom!!! Another 5 Star read. I love the way Chance Carter tells the story with Nik and Gemma, these two have great chemistry I love when that happens it makes the story believable and melts your diamond heart.

Happy Reading

Lisa ???

**Jolene Dretzka says**

**Different and Fun**

Chance Carter has written another great romance with a not so usual love story. While it had its appropriately serious parts of the story, what I liked best was the main female characters sense of humor. Mister Diamond also wraps up with a very satisfying HEA. Definitely a story I could read multiple times.
