## **Nine Faces of God** Peter Hannan

Based on the belief that God wants to reveal himself as love to each person, this book takes nine aspects or 'faces' of this love portrayed for us in the Word of God, each of which we need for our journey through life. It also suggests a way of absorbing this love so that we might live our lives in an environment created by it.

**Manrico says**

probably not to be read from cover to cover. had I read only the parts which applied more to me, I could possibly have given it 5 stars.
