Redemption

Karice Bolton

Redemption Karice Bolton

The third book of the Luke Fletcher Series. Hannah has managed to put the horrors of the past behind her. To most, it looks as if Hannah Walker is living her dream. About to graduate from nursing school with honors and several job prospects in front of her, everything in life is exactly as she planned. She hopes that taking a job abroad will give her that final boost of courage to finally put behind her the fantasy of the man she once loved.

Luke Fletcher has been on the hunt for people who don't want to be found, and with every passing day away from his old life, the longing inside of him grows to reclaim the woman he let slip away. But he knows that's not possible. Not unless he's able to redeem himself to the woman and life he left behind will he find peace again. But is it too late for redemption?

Kerry says

I really liked Hannah and Luke. Their reunion was a bit too back and forth for my taste, but I enjoyed the series overall.

Laurie says

Great read. I enjoyed reading it unfold.

Sue Stewart says

Great book in the series. Finally get all the answers that have been following me around since boook 1.

Paula8966 says

I absolutely loved the third book of the series that perfectly connects what I really enjoy a bit of a mystery and just exact amount of romantic story. Redemption was the best book I guess. Hannah's character really evolved she became stronger, tougher and much more interesting than she used to be. The amount of details in the writing was also exact. Not too much that makes it boring to go through but just enough to get the whole picture of the what's going on. So far Maya character was a bit boring but with Karice writing I bet she is one big surprise to all readers. I hope so ;) so I will be looking forward to that "4th" book -> "Maya"

Diane Rogers says

I read the whole series. AMAZINGLY enjoyable

This is the final book of the series. Each book was entertaining and very enjoyable. I laughed, cried, and was totally enjoyed each book and all the characters.

Hannah and Luke were so great together. Their love is what I would like to have and their passion makes me envious.

This is a great series very worth reading.

Christine Townes says

Entertaining

It had drama and even some mystery to it. I wish that his sister had more of a part in this book though

Bobbie says

Great read. Great series. I really like the authors writing style. She drags you in from the very beginning and delivers a dynamic reading experience. Lots of action, suspense and romance.

Mandy (I Read Indie) Anderson says

Sometimes the world had something to say, and the only way to hear it was by listening to the whispers surrounding us. But this wasn't a whisper. This was a shout. One I heard loud and clear.

Just as I didn't think bumping into her the first time was something I could ignore, I know I need her now more than ever.

So, Hannah is taking a much needed break before she graduates and sets out on her new nursing job. Alone. Without Luke by her side. But that was his fault. He left. He left her. He said it was to protect her but now Hannah finds herself in a world of trouble all while overseas and no one will miss her until it is too late.

So much excitement to found in this series at every turn of the page. Not once was a bored with any part of it. It also had this wallop of suspense that flowed flawlessly throughout the entire series. Yes, a wallop. Because when you think that certain things may rectify themselves, something big was thrown on us. Hence, wallop.

This story –this series- has been one of my absolute favorites of the year. Especially this one. I have loved them all, but this is the one that held all the answers that I have been searching for this whole time. We finally get it all!! All the clues have led up to this one moment and in the end it left me happy and satisfied. Yep, this book was fantastic. All the suspense...all the romance...and all that justice in the end. I was a smitten kitten and so glad I was able to read this one.

Must read. Definitely recommend. Go get it if you haven't started it. 5 Stars!

Season says

Fabulous. That is the best word to describe this series. I really didn't know what to expect when I started it but I was grabbed from the word go and never looked back. Hannah grew a lot as a character throughout the series and Luke, he got even better than I expected. I found it a little odd that they just fell back in together after all that had happened between them, but I am glad they did. I really want more. Great ending but it ended a little early for me.

Lauren says

Karice Bolton, you have blown me away yet again. After finishing book #2 in this series, Buried Sins, I was left in shock and awe at the ending. Luke's actions gutted me to the point that I was ugly crying. You are blind sided with Luke's buried sins. As Redemption begins, you finally feel a humbled peace fall over you, but all readers know that when love is broken apart so tragically and so unexpected that you can't tag a The End to their story just yet. As Luke and Hannah's story comes to a close in Redemption, readers will love as their story unfolds finally. This book is bittersweet and emotional draining as these two characters fight for what they can finally admit they want. Their lives are on a collision course of epic proportions as their pasts collide. Ms. Bolton, I am sad to see Luke and Hannah go, but their story is a bloody yet beautiful mess. Thank you for giving these two marvelous characters to us!

Izzie d says

The sort of conclusion to the trilogy though there is Mia's book but i think i will give up here.

Shawnte Armitage says

Awesome series

Luke Fletcher series has been a pleasure to read. Karice Bolton is a great writer this book kept me Intrigued throughout the series. Loved reading about Hanna and Luke.Total 5 stars

Lins Ches says

Good

I really enjoyed reading this book a five star read I would highly recommend this book.

Liz Lennert says

Redemption

Excellent read by an excellent author. Can't wait to read the next book in this series. I highly recommend this book to the thriller fan base.

Lauren Hartley says

[the fact Hannah took Luke back after him leaving without a second thought. After what he did that should not have happened in my opinion. It turns one of the strongest female characters I have read seem like a soppy teenager in one chapter. (hide spoiler)]
