## **Scrapped Princess Volume 3** Ichirou Sakaki , Go Yabuki (Comic)

When the four priests who predicted the "Revelation of Grendel" are found dead, Tasa, one of the priest's daughters, seeks revenge on Pacifica. She hires a ruthless assassin to carry out her vendetta, and the duo sets its sights on Pacifica and her siblings. Is the myth of the Scrapped Princess about to come to a devastating end?!

**kerrycat says**

I wish this series was longer than just three volumes.

---

**Catherine says**

I have watched the anime and read the novels. This manga jumps right into the story. It doesn't give you any background information. The manga has stories that are not told in the anime or novels.

---

**Tina Olah says**

This series was alright, but not nearly as exciting as the anime. Mostly little sidestories to the main plot (which was not finished in the manga series).
