Taking The Virgin (The Virgin Auctions, Book Three) Paige North
A standalone alpha billionaire romance with a guaranteed HEA...

Taken.

That's what I am.

My virginity auctioned off to handsome billionaire Owen Gregory.

He's twenty-eight years old, a top-of-the-class Harvard grad who made his billions by starting his own medical device company right out of college.

He's tall and dark, his body tightly muscled under the charcoal-colored suits he wears. His silk ties and silver cuff links give him an impeccable air that's only intensified by his dark and penetrating gaze.

My mind reels when he looks at me, my tummy flipping while heat slips down between my legs and swirls there, too. When he touches me, I feel tightness in my private parts that I've never felt before.

After our first night, I'm already addicted. Addicted to him, his touch, his kiss, the noises he makes as he moves inside of me.

I know I have to be careful not to get too close, because Owen Gregory is a man devoid of emotion.

I'm crushed by everything he says, the ways he tries to push me away. Because that's what he does—push and push and wall himself up until nothing and no one can get to him.

But I can't help wondering what happened to make him this way.

Can't help trying to break down his carefully constructed walls.

Can't help risking my heart if there's even a chance to save him...

Even if I have to find out the hard way that a man as cold as Owen Gregory is beyond redemption...

Best of Three.

Thoroughly enjoyed book three. The characters are so complex and the storyline has much more depth to it. It's so very easy to get pulled into these people and the life they're living. Again, the only thing missing is his point of view and a longer book. Thanks.

Wonderful read

This story is absolutely wonderful. Owen and Jules are a great couple. This story will take you on an emotional journey. Not a rough one, but a good one. I will say that I'm really enjoying this series. I highly recommend this book. The writing and flow of the story is done perfectly.

Super hot billionaire and an ordinary girl next door.

Juliet and Owens story was a gut wrenching, but yet heart warming and full of compassion on Juliet's part. It brings some attention to some disorders people face today. I absolutely loved everything about this book. GREAT reading.

Loved

This series, especially this book grabs you right from the beginning. The characters have something about them and the author has a way of writing that draws you in. Loved this book

Good but not quite special

I liked this book but didn't love it. Would I read it again? Perhaps, but I'd know not to expect too much. When a woman agrees to an arrangement with a signed contract, she should know what to expect. Typical

naïve heroine, always wanting more. She pants after him, begs for his attention, and hopes in her heart that he'll fall for her, too. How she fell for him I haven't a clue. He was unkind and unfeeling for sure. "But he's so hot." (Eyes rolling). It was strange that after their conflict, he shows up all cured a couple weeks later. It never explained how he got better. Book ends at 80%. Good but not great.

I knew Owen was a softie at heart

????

I loved this story! Very different subject matter that I haven't read about in a book before. The characters were complex but had a hold on your heart. Absolutely loved the ending.
