Khallandra says

Getting further along in the tale and neatly concludes The Ibilis section (with another heart wrenching scene). Hugue is just great, especially the whole floating around on a raft thing.

I'm so sad that the writer of Trinity Blood died, this story is very interesting. I got this volum from one of my friends because she's into the very romantic stuff between the main characters. It was a pleasure to reading it^^

Sara says

Just when you think the battle is over, it's just beginning!

New mystery's and new plots, but really I think I might be most curious about Esther's past, what is with that birth mark?

Dony Grayman says

Edición argentina retrasada, tomo 6.

The further along I read in this series the more I adore it. Ion is so freakin cute! I can't take it! I just love the way he obviously has a crush on Esther even though he tries to hide it. It's a shame that methuselah and terrans aren't allowed to marry, because I have a long list of couples I have started shipping lol.

Hana Eka says

Ada masalah sebelum dan setelah tiba di kerajaan Methuselah.

Mau cincang-cincang itu Spieler!!!*marahbesar

Miss Ryoko says

I really like Ion and I'm glad he's becoming more of a main character. I hope he'll be around for a while.

I'm enjoying this series. The characters are fun (despite the fact that Abel is Vash the Stampede - I know, I say it every review, but it really does bother me - and the main female lead isn't even that obnoxious, though she has her moments). I really like Ion and Tres!

Holly says

Having learned my lesson from writing short little reviews for the Vampire Hunter D manga, I'm just straight up going to say that the art for this is gorgeous. My only complaint is that it's sometimes a little too heavy on the fanservice, but it's otherwise really well put-together. I love the characters and the plot – which builds itself as the volumes progress, revealing the world to us gradually and making it seem very, very real. Overall, this is one of my favourite mangas and I'm really disappointed that the English release hasn't been continued.
