Goodbye Isn't The End...

The Reaping Spell has weakened her greatest enemy, but now Esmerelda faces a different threat - one that haunts her dreams. To finally defeat Nicholas and end his madness for good, she must travel back to Spain with the help of her powerful friends.

What she doesn't know is that in his weakness, Nicholas made a deal with the Death Keeper – his soul in exchange for Esmerelda's life. Worse, she soon learns that the ones she trusted most have become part of her nightmares. The only one she can trust is the man who holds her heart, and together they must fight Nicholas to the death.

Fighting to stay awake so Nicholas can't find her in sleep, Esmerelda prepares for the battle that will finish this war. One of them must die for her nightmares to end - unless the Death Keeper, with plans of his own for Esmerelda's soul, gets to her first.

Favorite Lines "If you think you need to go, then fine, we'll leave right now, just the two of us, but you can't get rid of me. I gave my heart to you and a guardian can only give it to one person, one time."

"More people will die, that is certain, but if we don't stop him, all of us will die. I hated it when he made sense. But what if it's you? You won't get rid of me that easily, Princess."

"You don't regret it? I mean, I might die soon. No, I don't regret it and you won't die. I never bonded with anyone before cause I never wanted to fall in love with anyone but you. You've had my heart for so long."

"You can feel what your partner needs, and what you can do to help them. Then, one day it will feel like a perfect union. Somewhere in between the beginning and the perfect union you will feel the spark. The warmth fills your soul and you will know that you are eternally bonded and his soul is a part of yours."

"I knew more than anyone that death brought a new beginning, but it hurt to continue without those we lost."

"Death Keeper, I want to make a deal."

Whoa! My poor girl Es, she was put through the ringer in this book too! People who she thought were her friends ended up betraying her horribly! When we left off on Wolf Spell she had awakened the 5 sleeping witches who would help her complete the Reaping Spell, she had found her parents, and she found her mate. I won't tell you who it was but OMG ITS GOOD!

Now she has aligned herself with some people that you would think would be against her but, love does some crazy things to people.

There is so much I wanna say but I won't give the book away.

It's a great book and Es is a amazingly powerful character that I found myself cheering for.

I'm wondering if this is it though? The last line left my imagination running!

All in all great book that had me telling the whole family to hush!

I was give this book in exchange for an honest review

I have to start with the cover of this book. I'm simply in love with it. Its so enticing that half the time while reading the book I kept staring at it! \*Grins\*

Okay so moving on from my cover obsession Wolf Dream was a rather good story. I can't really compare it to the previous one seeing as I haven't read that one but even without it I really enjoyed this book. Once I started Wolf Dream I really got into it.

I experienced all the emotions that Es, Jarak, and Ian had through this wonderful story. It had me thoroughly enthralled and captivated throughout. And add to that the cliffhanger. It's just something about the way the authors put out those cliffhangers that have me jumping up & down for the next book. Wold Dream sure is

one of those books! :D

Can't wait to see what is in store for Es and Ian in the next book! I loved the scenery and the way the descriptions of the characters were given. And also the interactions between these characters made me laugh many times as the story progressed. Although sometimes Es's attitude came about to be harsh but considering the situations she was in I guess I could cut her some slack. Overall her fiery templer was fun to read. In this novel, hang on tight, there are going to be some happy and some VERY sad moments!

When Es falls asleep at night, she doesn't get a goodnight's rest. She is haunted by Nicholas. Then after a while, she is haunted by Meadow. When she is awake, she is training with Luna, Ian, Dregan, and Jarak- despite Julies wishes. It is wearing her out. The one thing she must do is kill Nicholas once and for all. But, a curveball gets thrown and now, she has to save more than one life.

I cried in this book. Like lots and lots of tears. You are going to need tissues for this one. The emotion that M.R. puts into this book is amazing. I am surprised she got through it. You have your ups and your downs. But, what I found in this book is a team of people that are willing to work together despite their differences. They train, live, and fight together, they protect one another. This is a family. This book is great! So many questions answered, but there are still so many questions that I still have!

### **Compelling**

The author has developed the characters to the next level with this season and installment of the series. Es has learned who she is and what she needs to do. Now just to figure out with which brother. The fact her best friend gets to be her true confidant is the icing for Es. She now has two sets of parents and figuring out who is the good guys proves heart breaking. Will she be able to fill her Destiny or will they all be destroyed

Holy Moley what have you done?!? Never in a million years did I think someone could have me liking the devil himself! And actually looking forward to his return in the story ... yeah that was just weird! BUT... I LOVE it ALL! These characters grasp ahold never letting go. I think Esmeralda rocks! (Pfft...as if her & my daughter having the same name wasn't enough to make me like her instantly!) Seriously though, even the bad guys have depth, mystery, & beg for you to love them. With them I laughed, cried, & screamed at times. I love a story that can make me laugh with plenty of twists, loads of action, a bit of romance, & a whole lot of awesome. Wolf Dream's got it! Magic, Shifters, True Love, Comedy, Drama, & Action! Must. Have. More.

### **Second book of this fascinating trilogy.**

Hard to put down. You think you know where things are going then poof they are not going there. Never saw that one coming! Mysteries and suspense and romance generously overlayed with paranormal stuff. This is a keeper!

## **Antionette says**

Es must do a spell to cancel out the vampires being created... Half breeds that are dying. People who are not given any choice are being used in hopes of perfecting this hybrid breed. Es must awaken the old witches and then take in all of their special powers to make the spell work. Loved how this book was written. I couldn't put it down at all. I can't wait for another book!! There is another right??

## **Crystal says**

Esmeralda is still fighting against Nicholas, but now he is coming to her dreams. She starts to feel as if she has no escape from him. Everyone is concerned as she starts to decline. What point is it that it becomes too much. The love triangle has now become a square as Jarak's old love is one of the witch's that Es must bring back to life. She is overwhelmed with the loss of his friendship and there are traitors working for Nicholas deep in the side that is supposed to be against him.

What would you sacrifice for someone you loved?

What does it mean to be free?

This book in the series is an emotional roller coaster. Es is fighting within herself between her feelings for Jarak and Ian. She's getting closer with her parents and trying to let people in. She will go through the almost loss and true loss of those she cares about. How much torment can someone go through? Be ready with the tissues and to have people giving you odd looks as Ian can be a comical character at times. This book is where we truly see the characters break out of their shell and see who they truly are. This book is good for ages teen and up. There are hints of sex, but no description, keeping it strictly YA.

I would rate this book 4.5 out of 5 stars.

### **Tee loves Kyle Jacobson says**

Okay so where to begin with this review..... you know when I start with that this book is crazy good because I usually can form my thoughts but after reading this book I was left with a HOLY EFF what did I just read? Man this book had it popping off the charts with action suspense and secrets and lies and betrayals and and and..... I just can't go there because I will give it away and I don't want to do that because this was a crazy follow up to the first book Wolf Spell. So much happened to her in Wolf Spell that I was like OMG how the hell did she survive but out girl Es survived and she did not whine about it but she took it in leaps and bounds.

Es did what everyone thought she couldn't do and when she awakened the 5 witches to help her complete the witching spell things got a little crazy for her but she took it in strides. She was torn between two guys and chose one and the one she chose is good for her. He is a little arrogant and cocky but he loves her and will protect her at all costs. So when the reaping spell weakens her greatest enemy Es thinks things are going to go smoother for her but she is so SO wrong because they get worse.

She has to defeat Nicholas which is going to be no easy task and to top it all off Nicholas did something so he ensured if he went Es went to. Nicholas made a deal with the death keeper his soul in exchange for Es's life. What a tool he is because he is already making her life hell this is just one more thing to get to her but

what he underestimated was she has friends and her true love her mate by her side and they will do whatever it takes to keep her safe. She trusted the wrong people and she realizes that now but that is not going to stop her because she has a mission to complete and she will do it!

So now Es has to fight to stay awake in order to keep Nicholas away from her and keep her safe. This is no easy task but she is trying and her one true love stands right there with her fighting for her. She has soon realized that one of them must die in order for the other to live and she is determined it is not going to be her. But one more surprise is in store for poor Es and that is the death keeper has his own agenda. Will she make it out alive? Or will Nicholas or the death keeper get their wish Es dead?

**WOW WOW WOW!!**

Let me start by saying that if you have NOT read Wolf Spell that you really should read it before reading Wolf Dream. This book starts up where Wolf Spell ends off. Wolf Spell is an awesome book - but this continuation is every better.

Wolf Spell is full of twists and turns -- it totally captivates your interest while reading!!! Just when you think you have figured out where the author is going with the story -- twisteroo --she changes the direction and totally catches you off guard. I don't write spoilers - so I don't want to say what exactly happens - but believe me, she will keep your interest throughout the entire book.

I received a complimentary copy of Wolf Dream in exchange for my honest review. All opinions shared are 100% my own.
