## **A Place of Safety** Emma Salisbury

A drive-by shooting leaves a witness in fear for her life.

At first the case looks like a local turf war gone wrong, but someone in power is doing everything they can to cover the killer's tracks. What are they trying to hide?

DS Kevin Coupland, still coming to terms with his wife's illness has a new DCI to contend with. DS Alex Moreton, due to start her maternity leave at the end of the week has a replacement DC snapping at her comfy low heels.

Will the detectives unravel the tangled web of deceit in order to save a young woman who happened to be in the wrong place at the wrong time...?

# From Reader Review A Place of Safety for online ebook

## Wendy Del Toro says

Loved her first book in this series, and loved this one even more. Great plot, expertly paced. I could picture this book as I read it, like I was watching a favourite show on Netflix. Love that the characters, even minor ones, are fully realized, complete with back stories. The plot and ending, the villains, were not over the top and the story felt authentic because of this. I am hooked and have the next installment downloaded.

---

## Sharon says

After reading Fragile Cord, I was really looking forward to more of the characters Coupland & Moreton. Well I was not disappointed in A Place Of Safety. With all the familiar characters & more being introduced, this was fast paced, that seems to up tempo even more in the middle, & builds with twist & turns to a captivating end. An exciting well written story. A great sequel, & a good stand alone story, but I'd recommend you read both. More of the same please.

---

## Joan says

A cracking good crime novel although there were far too many errors in punctuation;

‘I did,’ He replied, ....

‘I’ll keep the boys safe.’ She whispered.

‘And Lynn got you this.’ He said.....

There were also changes in pov and in the timeline that were not ‘marked’ by a double space so I had to reread to work out what was happening. Eg:

(in hospital)... *her tone was soft, but the both knew she wouldn’t budge until Abbey gave her what she wanted.*

*Abbey sighed.*

*Earl leaned against the cold brick wall.....* (Earl is nowhere near the hospital)

It made it hard to get 'inside' the story. There were also places where sentences were broken by spaces.

I really really wanted to give this four stars, but the SPaG and formatting errors were enough to remove one star. However, I will definitely continue this series.

### **Samantha Henthorn says**

Having read the first book in this series, I enjoyed returning to the characters. What a great story with all the ingredients of plot twists and FEAR (in a good way, it is safe behind the pages!) The book is set in Salford, the writing the vernacular is spot on, although you don't have to be familiar with Salford to enjoy this well thought out story. Really enjoying this series.

---

### **David says**

Not quite as good as first book but quite readable.

---

### **Joy says**

I have enjoyed this series. I do hope there will be more

---

### **Victoria Sayers says**

Brilliant follow up! This was fast paced and edgy whilst at the same time you get to know more about Coupland and Moreton - I'm hooked! can't wait for the next one!

---

### **Jeanette says**

If you enjoyed Fragile Cord be warned, A Place of Safety is even better...

---

### **Jo Firestick says**

**Alright**

Enjoyed it. Would recommend for an easy read. Am definitely going to read part 3. 6 out of 10. X

---

### **Maggie says**

Thoroughly enjoyed it - just as good as the first book!!

---

## **Sarah says**

Two girls go out for a night thinking they are marking a change of their friendship before Becca goes to university. They are not expecting their lives to change forever with one of them not returning home. As soon as the investigative team start digging deeper more killings are committed. DS Coupland and DS Moreton are stretched trying to solve these crimes before there are too many victims but they are both facing massive transitions in their personal lives and it is difficult to turn their attention off these issues.

This is a good addition to the series and it is a fast moving story again with characters built upon from the first book in the series. As a storyline I prefer the first and third book to this one but that could be because I had read book 3 already and therefore knew one of the spoilers in this book. I think it is a series which will go far and I am really looking forward to future books.

---

## **Julie Stott says**

Another 5\* book, when is the next Coupland and Moreton book out?
