## **Aftershock** Laurie Roma

Nothing is going right for Caitlyn Watson. With a boss that harasses her, a broken shoe and a parking incident she would rather not think about, all she wants is to survive the day to celebrate her upcoming birthday. When disaster strikes, she finds herself stuck in an elevator with the man of her dreams. Too bad she has nothing but bad luck when it comes to him...

Grayson Taggart Steele is a man who has everything, except for the woman who haunts his dreams. When an earthquake gives him the opportunity he's been hoping for, he is finally able to claim her as his. Will Caitlyn give into the passion between them, or will the aftershock of their encounter leave them with no chance for a future?

A Romance Novella.

This book was awesome. Loved the storyline and the characters, Caitlyn and Tag, just loved them. It was practically a perfect book. I did however come across one thing and that was when they were stuck in the lift. So when they are in the lift and otherwise engaged they talk about Caitlyn's birthday(date, her age) and then when they are playing the question game a little later he asks her how old she is. Surely he couldn't have forgotten in that short time. I know it's a small thing but it stuck in my brain. Otherwise it was just the sweetest book ever!

Caitlyn has been crushing on this hot guy who works at the opposite building where she work.... unbeknownst to her, Tag, CEO of his own company, the guy Caitlyn's been crushing on, has been eyeing her dream girl, Caitlyn, looking for a ways to meet her. Yet every time they meet, it's has been from one disaster to another.

Then one hot elevator ride after.....

And the rest, so we say, is history.

If you're looking for light, hot and easy read, this ones for you.

Well.....this was one sexy little story. Not 100% believable, but who cares, it was HIGHLY enjoyable. I just really wish it was longer!!

Are there any followup stories here, like with his brothers? I would love that!

I wanted to punch him every single time he called her baby. 52 times in one a short novella . No.

Sexy stuff was mostly sexy other than a few cringe inducing words, but the rest just didn't work for me.

### **Sexy and sweet**

They made each other's dreams come true!! This story was sweet, sexy, and a little funny.....some parts kinda cheesy but that's ok I like cheesy sometimes lol

**3.5 RATING-** I spent the weekend not being able to settle on a book so ended up reading several short/novella length stories. Aftershock was one of the books I picked up and I really enjoyed it!

At 70 pages, there's not a lot to work with but it was well written and entertaining. There is definitely instant attraction/love so if that's not your thing, you may want to skip. A steamy elevator encounter helped make this a quick, sexy read and I'm glad I was able to borrow it for free. I've already downloaded another novella from this author that I plan to read soon.

Note: At the time this review was posted, this book was available to borrow through Amazon's Kindle Unlimited program.

### **Loved it**

I have been enjoying the Breaker's Bad Boys series and was downloading samples to see what else I might like and saw this was available with KU. It is a sexy novella that was a quick read. It has some laughs, assholes, one elevator, and one very alpha male.

Good hot novella. I'll definitely be reading more by this author. Very steamy but with some humor too. My favorite part in this was after the elevator.

## **Hennessee Andrews says**

Aftershock is simply a hot read. Two people meant to be together find that fate has a way making love happen, no matter the cost.

### ***4 Steamy Stars***

Tag & Caitlyn have been secretly crushing on each other for months and after a few unfortunate mishaps Tag finally gets a chance to claim the woman who has haunted his dreams for months when they get stuck in an elevator following an earthquake. Holy crap....who knew being stuck in an elevator with your secret crush could be so erotic!

Fun, sexy, short read.

### **Great read**

### **Great read**

From the first time Caitlyn sees Tag, she's attracted to him, but keeps embarrassing herself. Tag is instantly attracted to Caitlyn from the first time he sees her, and instantly wants her. They get caught on an elevator

together during an earthquake and have some descriptive, hot sex. Basically there was some insta-love. This story was great! We got to know a little about the characters and their background and there was some great chemistry. I loved this story, and this author hasn't let me down yet.

### **Susan Hayes says**

I'm already a fan of Laurie Roma's writing, and this story was another great addition to my library! From Tag and Caitlyn's disastrous first encounters to the smoking HOT love scenes, this novella was a fun, enticing and over all, highly satisfying read.

### **Kim C. says**

Over the top, insta-love! Loved it. They were obsessed with one another before they ever met. Before the day was out she was practically living with him.

### **Buffer says**

Strong with brain heroine, tough alpha male, and nothing annoying in details, what's not to love :P
