## From Reader Review ONE PIECE 59 for online ebook

### **Sarah Hayes says**

Damn. What an utterly heartbreaking monumental volume of One Piece. If the cliffhanger to 58 managed to have you tearing up, then this book will leave you straight up bawling your eyes out. And to think, this series started out as a wacky hijinks series. Whoops! Leave it to Oda to make the adventures of a pirate as emotionally manipulative as a classic shoujo manga. Bravo.

The full review of this book will soon be up over at Nagareboshi Reviews.

Again, I don't do reviews for manga, especially at this late a stage in the series. These are just notes for personal purposes.

But honestly, the following image pretty much summarizes how I felt while I read this volume:

That's really it. I think for BOTH Whitebeard and Ace.

The title of the volume (and first chapter) handily gets reviewers out of any spoiler jam: Luffy's six-volume quest to save his brother ends in failure. As does Whitebeard's three-volume war to rescue his crewmate. The consequences for both of them - and the series' status quo - are enormous. The volume leaves full exploration of those for later, though, concentrating on wrapping up the battle before slipping into an elegiac flashback to Luffy and Ace's boyhood.

The end of Ace's story - and the volume's other big exit - are suitably operatic, and Eiichiro Oda deservedly and unashamedly milks those scenes. (I can only imagine what the reactions to these episodes on publication must have been). But the pace hardly slows - at least until it's flashback time - and the general "end of season" feel is only enhanced by huge moments for characters like Shanks and Coby from the very dawn of the series. Even if the bizarre invention, interplay and good humour that makes One Piece special is mostly on hiatus in this volume, it's also where the series justifies its extraordinary length and epic ambitions.

"Lo siento... Luffy... Siento que no me hayas podido salvar de la manera adecuada... Esto no es nada bueno, puedo decir que mi propia vida se acaba... Ha quemado mis órganos internos, no volveré después de eso, así que, Luffy... ¡Escucha...!"

"No.. ¡ACE LO PROMETISTE! ¿NO ME ESTARÁS INTENTANDO ENGAÑAR, ACE? ¡¡DIJISTE QUE NO MORIRÍAS!!"

"Sí... tú lo sabes muy bien... teniendo un hermano pequeño del que cuidar... pero... yo nunca... nunca... he querido vivir... Nadie me quería después de todo, es algo natural... Si alguna vez te encuentras con Daddan, ¿puedes decirle adiós de mi parte? Es algo triste... Ahora que estoy apunto de morir incluso hecho de menos el amor de esa idiota... Sólo tengo una pega... no podré ver tu sueño hecho realidad... Pero yo sé que no te costará mucho conseguirlo... ¡después de todo eres mi hermano! No tengo remordimientos... de cómo he vivido mi vida."

"¡¡Mientes!!"

"Para nada... es la verdad. Al final lo único que yo siempre he querido es no tener fama ni tener nada relacionado con ella. Es una respuesta a la pregunta sobre si debí nacer o no... Mi voz se apaga cada vez más... Luffy, es importante que escuches lo que voy a decirte ahora... y que les des este mensaje a los demás... ¡¡Chicos!!... Luffy... En toda mi vida nunca he hecho nada bueno ni malo... Y aun habitando dentro de mí la sangre de un demonio... ¡Aun así vosotros seguís queriéndome! ¡¡Muchísimas gracias!!"

The battle of Marineford is over, and a tense new status quo is in place for the world. While I felt the cliffhanger of the previous volume was unearned, they're able to milk it for all its emotional worth here to the point where I think I can forgive it. This volume deals with the fallout of the previous one, showing the emotional toll it took on the characters and the consequences this fight will have for the greater world. It's a fight that no-one really wins because the losses on each side are so great. Everything feels like a much grander scale than anything else we've witnessed in the series as so many characters and plotlines collide. There's a brutal plot playing out in the present and the beginning of a flashback story that hammers home the enormity of what just happened. Whitebeard and Ace get more development, continuing to be the focus of the arc which is interesting seeing Luffy take a backseat in his own series while at the same time having his place in the world further explored. Blackbeard's role as an antagonist is taken even further as everyone's given a reason to hate him, making for an exciting hook into the new era that we're about to enter. A very heavy and emotional volume that is truly the end of an era in this wonderful series.

This volume one hell of an eventful volume by far the whole series. It had too much action but they were all really interesting and meaningful. Nothing was unnecessary. And the elements like tragedy, betrayal, loyalty, courage, inhuman treatment, deception, pay back(for better and worse), flashbacks were all perfectly portrayed in this war arc making this volume the best of best. I have lot of feels. One piece finally broke my heart. Congratulations.

Mentiría si dijera que no lloré.

For me, One Piece is best Manga ever written. The story always touch my heart, it is a combination of faithful friendship, laughter, loyalty and action.

Some people might find this manga as silly and pointless (I've heard this before) but they never truly read the Manga and therefore judging it simply from the cover. I've been in that position too...and thank God I finally looked beyond the cover and found the greatest adventure any Mangaka ever written.

The epic finale of the Marineford battle has come at last. With everyone up against the wall after Luffy loses the one person he cared about the most and his allies having to find a way to get Luffy to safety. It's not long until it's a free for all as Whitebeard is taken down and Blackbeard and his crew steal the one thing that was impossible before. But Shanks shows up in time to bring the end of the war and to get the rest of the Whitebeard pirates to safety along with getting the bodies.

I really love this arc. It had so many feels especially Ace's moment and speech to Luffy. Also it was great to see Shanks again and show off his power to bring an end to a would be massacre. Also we see Law help Luffy again which shows that even under the name "Surgeon of Death" he still has a caring side for those who really need his medical skills. Also to see Luffy and Ace's childhood on when they met from Luffy's pov was touching.

Damn you Oda why did you make me feel so depressed the first time I had seen that scene about Ace?
