I think these short stories are really well written. It is extremely funny. I think it is a good book for all ages because it is a great laugh. the reader notices that the author took a long time to read and reread. it is funny to read about these naughty children like when two girls are playing in the dark and a robber comes in and they beat him down.

Absolutely loved these books as a kid in primary school!! I have a signed copy of this book by the man himself. I still enjoy reading these as a teenager til this day.

My absolute favourite book in primary school. The stories are engaging and funny, perfect for getting children into reading. My p.e. teacher used to read stories from the book, so I begged my mother to buy me the whole collection!

I loved this book! It was funny to me since the guy who farted a lot happened to have the same name as my dad!!! :-)
I loved all the stories and I would still read them if I had the book.

Being a goodie-to-shoes when I was a little I used to love reading these books. I think my fav story was about a boy that saved his school by farting :)
