A Few Good Women Camilla Chafer

Private investigator, Lexi Graves is on cloud nine. After getting engaged to her boyfriend-slash-boss, Solomon, along with her old job back, now, her best friend is about to give birth to her first baby. Nothing could make life better for Lexi... but a blast from her past could make everything a whole lot worse.

Anthony Simon Steadman isn't a man Lexi ever thought she'd run into again. For a start, he's her ex-fiancé. Their shock break-up left her with some crazy life decisions to live down. So when he shows up, pleading for her help, she's not sure she's ready to forgive and forget. Does she really want to risk getting involved in her ex's shady doings when her own life is going so well? But after he insists someone is out to kill him, and his body disappears from a bloody crime scene, the stakes are raised. Lexi has no other choice but to find out who wanted her ex dead... besides her.

Lexi tries to solve the jerk's murder, while unwillingly competing in a contest with her boastful sister to throw the perfect engagement party. She also has to remain available twenty-four/seven to take Lily to the hospital at a moment's notice. Lexi's plate is full, and the road to the aisle has never looked so long.

Patti Ashley says

Babies and exes

A rather tame story for Lexie. Old exes and Maddox return to town and everyone is planning engagement parties and nurseries. The conflicts are all emotional and give a unique look at each character, especially Solomon.

Lyn Jenkins says

The troubles an ex can cause

Lexi finds herself being framed for her exfiances murder. Between getting engaged, her sister getting engaged, her best friend having a baby and courrupting her new niece, it surprising she has time to work.

Susan says

Pretty good. But no one really thought about the earlier situation with Lexi and Maddox? That bugged me throughout most of the book. Speaking of Maddox, I am so curious. Also, what a piece of scum Anthony is. I always enjoy Lexi's brothers, especially Garrett. IS Serena reverting? Finally, what the heck is "rocket" in a salad?

3.6 stars

Kristina Harris says

Love it

I love reading about Lexi and her crazy adventures. Can't wait to start the next book in this series. Don't miss out

Naomi Sifuentes says

I really like Solomon

Solomon is Ranger but with a heart. Why does Adam keep coming back? He's clearly CIA but I want to know more abt his presence. Is Solomon going to die?

Carol says

Excellent Read

These are an excellent set of books. Well presented and thought out. They are best read in order. I really like the way they are centered round the Graves family but mainly Lexi Graves. Can't wait till the next one comes out !!

doris says

C. Chafer/a few good women

In this series a case that Solomon took on somehow involved Lexi in a case she preferred not to take on. The case involved Lexi ex fiancé Anthony who dumped Lexi and duped her whole family.

Patty says

Ok just going to say awesome!! I love these books. This story Lexi's ex a blast from the past rolls in, causing chaos and problems for Lexi. As she tries to figure out why he is out to destroy her life, she has to worry about her brother Jord maybe cheating on her pregnant best friend. Then Maddox just pops up and she wonders what could've been. But things have a way of working out. Solomon shows her just how far he is willing to go to protect her.

Camilla has created a wonderful world full of great characters. The entire Graves clan are a riot a minute and always have each other's backs. The love story between Lexi and Solomon is sweet and wonderful. I highly recommend you pick up the first book *Armed and Dangerous* and read them all. I guarantee you will love them.

Rachel Hartmann says

One of my favorite series!!!

Alison says

Running in circles

At first I loved this series, but after Lexi broke up with Maddox and went to Solomon it just went downhill. I just get a bad feeling about Solomon. I feel like he intentionally led Lexi to discover Maddox when he was undercover leading to their break-up. Solomon is also extremely secretive and shady. He treats her like a child at times. He never should have hid where he was and what he did to her ex at the end. It also seems like Maddox comes to her rescue and saves her more often than Solomon. Maybe she likes being inadvertently

controlled by Solomon, but this book just left a bad taste with me. I don't know that I'd read another installment of this series unless Lexi were to wake up and realize the lopsided relationship she was in and to get out of it.

Jacquie South says

Really this is probably closer to 2 1/2 ?? but as you can't give half a star I'll go for 3. The writing really is pretty average - the characters shallow and stereotyped, and actually I think I would dislike most of them if I met them! Lexie is vain, shallow and pretty slow at picking up on clues (kind of an important skill for a PI), Lily is annoying, Solomon is ... something ... I used to think he was ok, but in this last book he just seemed rather creepy. Maddox seems like a much better match for Lexi - but their 'friendship' seems rather weird to me.

My biggest bugbear though ... PLEASE get an editor CC!!! When 'there' was used instead of 'their'... ? The last straw!!!

Tamara says

Good Suspense

The dynamics between the older sister who had been the sole princess of the family until Lexi came along is getting a little bit old. But the. I think about a few other real families dynamics and I see as being completely plausible.

The love triangle that isn't really a love triangle with Lexi, John and Adam seems to keep ebbing and flowing with tension. In this fictional world I want Lexi happy and I believe John can give her that more than Adam.

I love the crazy antics of her mom, and I could see Lily going into labor at the wrong moment just didn't see it as Serena miss fortune.

Thank you Camilla for writing such vivid and live,y characters, with a hint of mystery

kay whitlock says

Nice lighthearted series.

Jeanie Jackson says

Love it, loved it, loved it! I adore the Lexi Grave series for so many reasons and A Few Good Woman is a prime example of why so many people love the series. The characters are wonderful and dynamic; I love to see great characters show growth and change, not that Solomon needs any changes, but for him we see a side that is no surprise, but it is one that we have only speculated about before. Lexi grows in skills and maturity

level and yet maintains that wonderful heart and humor that captivated us from the beginning. Their lives have changed so much from when she was a little lost and working as a temp; now she is moving into a permanent relationship with confidence in her job skills.

BUT even Lexi is not prepared for the re-entry of the jerk of an ex-fiance whose cheating sent her into a tailspin and into the army. It seems he he has a special talent for destroying women's lives although this time it is from a different perspective. This time the question becomes has a woman destroyed, or ended, his life. Camilla Chafer pulls us into their wonderful world and makes these awesome characters seem so real that we root for them with all our might.

Yvonne Baldwin says

Terrific

Love this series! Lexi is amazing. When her life gets crazy she doesn't stress, she fixes all of it with Solomon by her side.

Every book you see the characters grow. You can relate with them. I would recommend reading books in order so you know what the characters have been through.
