**Amelia Bedelia Bakes Off** Herman Parish , Lynn Sweat (Illustrator)

Amelia Bedelia is famous for her baking, but she has her own way of doing things. Lending a hand at the bakery and entering a cake-making contest could be a recipe for disaster! But with a pinch of sweet, a dab of silly, and a heaping helping of fun, Amelia Bedelia creates a cake like no other. Open this book and get ready for a treat!

### **Brandi Streeval says**

read this to my daughter cute book she loves Amelia Bedelia

---

### **Grace Morton says**

I liked that the baker was named Grace! :)

---

### **Danette says**

7/3/17 Read with Naomi & Julia.

---

### **Arthur Pengerbil says**

Grades K-2

Amelia Bedelia is back again... and this time she's in a baking contest! What silly antics will she get up to this time? Who knows... but they're bound to be delicious.

### **Jennifer Wolf says**

Maidie: I liked when Amelia Bedelia made crumbs out the cake for her crumb cake and when she baked the 12 cakes for a pound cake. It was funny!

---

### **Dominic says**

It was funny and there was a silly scene. The silly scene was when Amelia Bedelia pinched Cousin Alcolu when the recipe called for a pinch of salt but Amelia Bedelia didn't know what that meant.

---

### **Lee says**

My two stars are for the chocolate cake recipe in the back of the book.

---

### **Leslie says**

I've always like Amelia Bedelia and her crazy ways. I think it would be best as a read aloud since some of the language play might be confusing to early readers.

### **Kayla Lazenby says**

Genre: Fiction

Format: Chapter book

Awards: No awards

Summary: The lovely Amelia Bedelia is in pursuit of winning a bake off that is put on by one of her favorite chefs! With a large prize at stake, the very literal mock baker, is in for a wild ride as she takes us through the many steps of baking her entry pie!

Critique: I don't have much to critique. I love the humor in the book. However, I do think that if a child is focused on fluency and accuracy, and their comprehension is being grown, the student may have a difficult time with picking up on the humor of the book. She is very literal. Students might not pick up on the comedy behind her literal statements and gestures reinforcing certain statements.

Teaching Prompts: I would ask my students throughout the story to tell me all the different ingredients they hear her talking about using. We may even discuss if there are substitutes for certain ingredients and if they use substitute ingredients at home when they bake. I would like to make a text to self connection through this.

Craft Elements: My students will write a paper as if they were judging a baking contest. They would write about what it is they think a first place cake or pie looks like, taste like, and smells like! This would encourage the use of recall, senses, and creativity!

### **Alice says**

I think this is my first Amelia Bedelia. I loved the play on words and the different meanings. Like cut the recipe in half (so she rips the paper in half) I thought it was funny and silly and a good read! I love that at the end there is a recipe!

---

### **Alexandria says**

In this book, Amelia Bedelia wins \$1000.00, because she makes a sheet cake.

---

### **Dolly says**

Another classic story in the *Amelia Bedelia* series. Our girls never get tired of these, but I sure do. I'm glad that our oldest is able to read these to her sister, and she did so tonight. I read through it myself, anyway, since they want to try the cake recipe that is included in the back of the book.

#### Amelia Bedelia's Sheet Cake

3 cups flour  
1 3/4 cups sugar  
2 teaspoons baking soda  
1 teaspoon salt  
2/3 cup cocoa  
3/4 cup vegetable oil  
2 tablespoons vinegar  
1 teaspoon vanilla  
2 cups water

##### Step 1

Sift the flour, sugar, baking soda, salt, and cocoa directly into an ungreased 9"x13" pan. Add oil, vinegar, and vanilla. Pour water over all ingredients. Mix with a fork until smooth.

##### Step 2

Bake at 350 degrees for 25 to 30 minutes.

##### Step 3

Cool the cake and ice it in the pan with your favorite frosting.

### **Megan Walkowicz says**

I love Amelia Bedelia books! I grew up with them and now my daughter is reading them. I remembered them being pretty funny, but after reading this one with my daughter I realized there was a lot more humor to them than I remember.

The book was easy enough for my second grader, but I don't think she understood most of the humor. A lot of it I had to explain to her why it was funny. But either way, she thinks Amelia Bedelia is hilarious so we will be reading many more of these. I'll probably be enjoying them more than she will.

---

### **Shawn says**

Amelia is a great cook or is she?

---

## **Nathaniel Williams says**

### Amelia Bedelia Bakes Off

This is one of many books about a Sweet, kindhearted maid who takes baking a crumb cake literally. Amelia Bedelia is silly, air-headed and sweeter than sugar, but she seems to always do things the hard way. This book can be an early reader and a read to. Before you read this book, please be prepared to laugh your socks off! Parish, Herman. Sweat, Lynn Illustrator. Green willow books.
