**Dream Job (The Dreamwalker Chronicles Book 1)** Gregory Pettit , Kelly Cozy (Editor)

Meet Julian Adler, twenty-something, married, and London's one-and-only Dreamwatcher. Striding through the Dreamscape, he battles the worst monsters that a sleeping metropolis can imagine, but flinging fire and swinging steel he makes them burn and bleed.

Slaying imaginary monsters doesn't pay very well though, so Julian spends his days at an ordinary office job. Ordinary that is, until a beautiful witch walks through his office door and tries to put a spell on him. When the spell goes wrong, an eldritch horror is unleashed into the real world, bodies start to pile up, and Julian's magic is the only thing that might be able to send it, shrieking, back into oblivion.

Can Julian find a way to lure the demon back to the Dreamscape, or will it drag his family, his city, and the entire world into a nightmare that never ends?

## **From Reader Review Dream Job (The Dreamwalker Chronicles Book 1) for online ebook**

### **Kim Amberg says**

This was a solid first book. I really enjoyed Julian's (the main character) sense of humor. I also enjoyed the pop culture references. This book reminded me of the Dresden stories by Jim Butcher. I think fans of Butcher will also enjoy this story. I am impatiently waiting for the next story. Always a sign of a good book when I want to find out what happens next.

---

### **Patrick Doherty says**

#### **An interesting first book from a new author**

This is a new urban fantasy novel in the vein of the Dresden Files series. I say that it's in that vein because of focuses on character action instead of the romance that seems to have become what many authors have turned urban fantasy into. This is the style I prefer. I am interested to see where this goes in the next book, as this book did a good job keeping my attention throughout the story.

---

### **Benjamin Shaw says**

#### **Wow**

Didn't think I'd enjoy this but couldn't stop reading this. I can't wait to read the next as the story structure is brilliant!

---

### **Brenda Schneider says**

Enjoyed the story. Well written. I won this book through goodreads.
