## **From Reader Review Exotic Tales of Women for online ebook**

### **Raj Arrington-Bey says**

#### **Beautiful**

Wonderful book the short stories each flows so well you don't realize its a bigger book, you are just so intrigued by the last one you can't wait to read the next. The stories seem more sensual then some other stories in the same genera, I think its the female perspective shinning through.

### **Chrissy says**

This was so good now I have to get my hands on part 2 & 3

---

### **Charles Brackett says**

#### **very repetitive**

Not very good basically same words repeated over and over again. Not at all sexually arousing. Hard to stay awake.

---

### **Elaina L Kirkland says**

#### **Good**

the title was interesting; most of the stories were the same. a few were interesting but not really exciting but a good read overall

---

### **Monique says**

I will state this first, I read this book free using my kindle unlimited rental. The short stories are sensual and erotic. However, they could use some editing and a bit of polishing for a better read. Certainly worth reading for free.

---

### **Veronica Shire says**

Ok

---

**James says****The worst book I've ever read**

Cheesy stories, misspelled words, poor grammar. Lack of imagination. I could tell what would happen before reading it. One star

---

**Robert Craig says**

Worthless.

---

**Cash says**

**Love it**

**Love it**

This was a great heat up book. The stories was great been through some friend and family. Go Live!!! now part 2 :)

**kimberly wright says**

**Hot.....**

Very hot and a easy read. Very good stories on spontaneous black love. It was like we were them or know someone like them.
