Fanning Her Flames Lacey Thorn "Second in the Island Guardians series." Farrah follows the call of flames. The power of fire is strong in her and hard to contain. Her time of claiming is approaching and she fears the ones who plan to claim her. Running from home in search of the Guardian of Earth, Farrah stumbles into the path of the Donan brothers and finds her life drastically changed. What will she do with not one, not two, but three warriors vying for her attention and setting her body aflame? Marcus, Alexi and Bannen Donan stand six-foot-seven inches with blond hair and fierce blue eyes. They played by the rules once before and lost their chosen mate. This time they will take first and deal with the consequences later. The green-eyed beauty with the fire-streaked golden hair will belong to them. And nothing will stand in the way of the bond they will form together. Not even the ones who followed with a claim of their own.
