Her Bodyguard Sam Crescent

Lucas Evans is a personal bodyguard, and he's been called in when a world-famous pop star was stabbed on live television. No one knows who did it, and it's up to him to protect the beautiful young woman. He's a professional, but when it comes to Kate Swanson, all he wants to be is unprofessional.

Kate had been receiving death threats long before she was attacked, but Kate doesn't have a clue who'd want to hurt her. The only person she feels safe with is Lucas. He'll protect her, but it's not just safety that he makes her feel. The attraction between them is undeniable. Kate has never allowed a person into her heart or her bed. She's seen how ugly breakups go, and she doesn't want that. But Lucas is different, and Kate craves his touch more than she does performing on stage. He gives her a chance to be herself, and there's a freedom with being with him that she's not had since she rose to stardom.

With the threat looming over her head, is there any way that Lucas can forget that he's her bodyguard, and finally give her what she's been craving? Can Lucas bring himself to love the starlet? Can he protect her from someone who is intent on hurting her?

Sam Crescent is the only author who writes short stories with an actual plot! Yes she gives us smut but she also gives us well rounded characters and plot! Usually these short novellas are plotless but this author is making them interesting! This book had my favorite trope which is virginal young heroine and older hero. Sex scenes were steamy, hero and heroine were super sweet and the epilogue was adorable! :)

Jennifer Finn says

This is the eighth book in the Curvy Women Wanted series by Sam Crescent. Lucas Evans is 45 years old, a retired Marine and he started Evans Security Company. He and his employees provide security for many influential people and he's had to deal with his fair share of divas. Kate was 18 years old when she attended an event in her town that turned boring so to psych the crowd up she took control of the mic and started singing. The right people heard her amazing voice and now seven years later she's a star. Unfortunately she has a crazy person sending her death threats and she was stabbed on live television. When Lucas agreed to take the job he thought Kate would be a spoiled brat but when he went to visit her in the hospital he realized he was wrong. The two of them have been dancing around their attraction for one another for over a year.

KnottyGirl Reviews says

Sam Crescent is the queen of the full-sized female genre. In a world of anorexic super model like characters, her female characters are curvy and are more likely to shop at Lane Bryant than Forever 21. They also get the hot guys, and there's nothing wrong with that.

My Bodyguard is a book from her Curvy Women Wanted series , and it's a quick little read, but it's full of passion and suspense, along with some steamy hot sex scenes that will melt your e-readers!

Kate Swanson is a rocker chick with a stalker problem on her hands. She's already been put in the hospital from being stabbed, and what's worse is that she doesn't know who it is. Enter bodyguard Lucas Evans, who owns his own security company. Not only is he determined to keep Kate safe and catch the stalker, but he's falling for the curvy beauty in a big way!

As usual, Sam Crescent pens a sexy story that you just can't put down! I read this all the way from start to finish, and this is one of my more favorite series!

Roanne Germaine says

HER BODYGUARD is a steamy romantic suspense novella about a curvy superstar singer and her bodyguard who came into her life after she had been stabbed by an angry stalker whose identity was unknown. This was an exciting quick read with an older guy alpha-male who looked after Kate, not only because it was his job to protect her, but more so because he knew that she belonged to him. Kate never felt like a celebrity when he was with Lucas but he always made her feel special. I loved that Lucas didn't care

about the extra pounds she carried. In fact, he worshipped her curves and loved her more than his life. I super enjoyed this book!

This was an all right book. I wasn't in love with it and I didn't hate it. Here we follow a plus size music artist and her bodyguard. I'm not a huge fan of the older man aspect in stories, but I didn't really mind it here.

Fantastic Series

I just love this series !! In this one, Kate is a singer in love with her bodyguard, Lucas. Lucas is older than her but he doesn't care he's been in love with the curvy woman since he first met her. Someone is trying to kill Kate and Lucas is doing everything he can to secure her and her heart. A great add to your reading list .?

Her bodyguard is book eight in the curvy woman wanted series. This story is short, fast paced and enjoyable. I read this book in one sitting and wasn't once bored.

I liked that Kate had a successful career. I liked that she didn't have to rely on Lucas for money. Both Kate and Lucas had good careers and were both wealthy.

The chemistry between Lucas and Kate was clear to see. I liked them as a couple and I liked their friendship. I will admit that I had worked out who was after Kate and why. Obviously I didn't know the name of the person but I knew it was them when Kate's success was briefly mentioned. My only disappointment with this story was that it wasn't longer. I wanted more from Kate and Lucas. The storyline for this book is easy to follow and it is a nice read.

This is the 8th book in this series, and even though its 8 I am still loving it.

This one was no different.

Kate has an angry stalker who attacked her previously and still they can't find out who this person is. Step in Lucas Evans, a retired Marine who now owns his own security service, and has been hired to be Kate's bodyguard. When Lucas took the job he was surprised to find that he was attracted to Kate. Expecting a

spoilt drama queen he was surprised by how kind and sweet and innocent she was. And can't help but fall for her.

But there is still a stalker loose and he must do everything he can to protect her and that is exactly what he will do, nobody will get to his women no matter what.

A Short sweet, hot story filled with lots of passion and steaminess.

After finishing reading all I could think is, that I really liked Lucas. He's older, sexy, loyal and protective. I'm kinda jealous. Kate got so lucky with this guy. And he showed in her life when she needed someone on her corner the most.

Lorraine Dias says

Someone wants to kill Kate and her bodyguard Lucas is definitely not gonna let that happen. What happens when he crosses the line between them?

I loved Kate. She was brave, vivacious and had a spine of steel. Also, I love a curvy heroine.

Lucas is sooo HAWT! Even though he's much older than her, he's playful, romantic and alpha!

This was a really really awesome read. It was dirty, short and had an interesting plot which is pretty rare if it's a novella.<3
