**Jaded and Tyed (Forbidden Romance, #2.5)** Penelope Ward

**\*\*A bonus short story that is NOT for Sale in e-book form--only paperback.\*\***

From New York Times bestselling author, Penelope Ward, comes a new novelette.

The first time I met Jade Jameson, I lost my words and accidentally dropped a beer bottle, smashing it to the ground.

The Broadway star sister of my brother's wife had paid us a surprise visit on Christmas. Quite simply, she was the most beautiful woman I'd ever seen; I was mesmerized.

I'd made a fool of myself, though, and to make matters worse, my girlfriend was standing right there when it all happened.

Jade went back to New York, and we didn't cross paths again for a year—until one night when a Facebook notification lit up my screen, setting off a chain of events that would change my life forever.

\*\*\*This is a bonus standalone story of 16,000 words...figure about 1-2 hours reading time...and it's available for \*newsletter subscribers\* to download ABSOLUTELY FREE at the end of Mister Moneybags.

I was sooo happy to get this novella about Tyler (Damien's brother) and Jade (Chelsea's sister). Both Damien and Chelsea are from *Neighbor Dearest* and we found out in their book that both Jade and Tyler are actors.

It was sooo funny when Jade and Tyler first meet. I loved his reaction and I loved how Damien gave him a hard time.

This book was the perfect example of how a dual POV is necessary because I sooo needed to know how Jade felt!

Unfortunately, they both have obstacles that prevents them from being together. I was a little surprised at how long it took Tyler but when he decides on something, he really decides.

And just as soon as I was getting into it, it ends. But it was a great read and if you've loved the other two books in the series, I really recommend reading this!

This book is ABSOLUTELY FREE at the end of Mister Moneybags. So, hurry up and get Mister Moneybags which by the way is NOT A HARDSHIP guys because Mister Moneybags is AWESOME!!!

OMG! I totally devoured this book. Granted it was short but I could not put it down. I just wish it was longer ... a girl can hope, right?

This book is about Jade and Tyler. Jade is Chelsea's sister and Tyler is Damien's younger brother (Chelsea & Damien is married). Jade is a Broadway star living in NY and Tyler is also an actor on the opposite coast in LA. The two meet for the first time at a Christmas party and Tyler is tongue tied, shocked by his attraction to the beautiful Jade. To make the situation more awkward Tyler is with his girlfriend. The two do not interact much but a few glances here and there. One year later, Tyler gets a surprise message on FB from Jade when she befriends him by accident. Jade just got out of a messy relationship and Tyler is still in a monotonous relationship with his girlfriend (the one he would not die for ;-). So, after a year of stalking each other, the two become fast friends and soon after they develop deeper romantic feelings for each other (no bed hopping). An unfortunate event happens forcing Jade to come home to LA and once again she comes

face to face with her crush Tyler. Can Tyler hold himself together this time and will Jade finally bare her heart to the man she secretly loves?

\*\*\*\* Spoilers\*\*\*\*

This is no love triangle or cheating, maybe emotional cheating at best but what bothered me a little bit is that I felt Tyler strings along his girlfriend a little too long for my taste. He knew since the year before he settled in that relationship, his heart wasn't in it. So, once he started talking to Jade I think he should have cut his girlfriend off.

Otherwise, I love this novella - the characters, the chemistry, the cute and sexy romance. Really entertaining read – it's a nice treat!!!! Thank you <3

## **Talia (Red Hot Ink) says**

I don't read many novellas, but when I found out this one was free I jumped on it.

So... we met these two characters in Neighbor Dearest. They're Damien's brother and Chelsea's sister and the first time they saw each other, Tyler made an ass of himself, getting weirdly awe-struck by the gorgeous Broadway actress... with his girlfriend just a few feet away.

As far as novellas go, this one had good pacing, although I felt like the ending was a bit rushed. The fact that Tyler was with someone else for most of the book didn't bother me as much as I thought it would. And I highly appreciated how he broke up with Nicole before doing anything with Jade. It made up for the emotional affair, given how much time he'd spent chatting with Jade behind Nicole's back.

*Tyler: By the way, I saw our nephew today.*

*Jade: How is he?*

*Tyler: He called me a dick.*

*Jade: OMG...I just literally spit out my drink.*

*Tyler: Careful. You wouldn't want to have to take that Snuggie to the dry cleaners. That would be embarrassing.*

*Jade: LOL. Okay...Little D is only a year old. There is no way he called you a dick.*

*Tyler: I swear to God. It was his first word. Chelsea was there and confirmed it. He looked straight into my eyes and said, "dick."*

*Jade: What did you do?*

*Tyler: I nodded and said, "Touché, little man."*

There are a few plot twists that helped deepening their connection and I was glad that they had the time to get closer, talk and develop a friendship before diving into relationship territory. So when they finally got together, it didn't feel awkward. There wasn't a 'real' separation, but rather a small misunderstanding that was easily resolved and, being an ambitious woman, I totally swooned over how Tyler resolved their long-distance relationship issue.

All in all, it was quick, sweet, fun with a sprinkle of sexy on top. It doesn't of course measure up to Neighbor

Dearest and all that texting filled lots of pages that just flew by so that in the end it felt even shorter, which is why I gave it four stars instead of five. Still, I highly recommend it. This writer knows how to handle all the elements without anything going missing or feeling lacking.

*"There are only two choices. We do nothing...or we do everything. I don't feel like there's an in between with you, Jade. I feel like I went from zero to a hundred from the moment I first saw you."*

Yay for freebies. Wasn't a huge fan of the situation the H was in, but it was a pretty short, cute read nonetheless. Yay for freebies.

Jaded and Tyed  
Penelope Ward  
?????

This is a story about Jade and Tyler, Chelsea and Damien's siblings in that order and what really happened to Tyler during Christmas. LOL.

This is me! Oh my gosh, I just found the male version of my life story! It was like my alter ego in another universe. It was so short tho, that made me sad :(

Tyler was awestruck when he first met Jade, talked gibberish, dropped his beer, acting like a loon and so on. Well it was the same for Jade actually, she just hid it better.

After some time Jade accidentally sent a friend request to Ty and they became close, but the problem is Tyler has a girlfriend. What makes matters worse is that they are hitting a long term kind of relationship, we are talking about years of being together people.

Fate having a sense of humor, brought them together under sad circumstances making them both realize that they want each other so much.

I really got what they are saying and I can definitely relate. First, it really dumb to drop someone you have a relationship with for a long time, two, you say you are not having an affair but the real term would be your having an emotional affair with somebody else and last, against all odds if your mind says something rational but your heart tends to say a different version, drop everything and prepare for shit.

Im gonna do my best to defend this from cheater-haters cause they really ain't cheating. They were honest and Ty even had the courtesy telling Nicole he wanted out. Nothing even happened between them while Nicole was still in the picture, it was just they were attracted to each other so much they can't deal. And I'm glad they pushed through, cause I'm coming from experience. The thing you'll regret the most is when you'll be the one standing in front of 'em and asking yourself why your not that person who they are with.

Sorry for bantering.

It's suppose to be longer Ward! It was really beautiful. \*crying\*

**Fanny says**

Jaded & Tyed es una novela corta y rapida ( la lei en menos de una hora ) que tiene como protagonistas a Jade y Tyler, personajes secundarios en Neighbor Dearest.

Cuando descubri que este libro existia me senti bastante curiosa, no imaginaba como la autora desarrollaria la historia para juntar a esta pareja pero lo cierto es que la lectura me dejo un sabor amargo al terminarla.

Honestamente me senti incomoda durante toda la lectura, en parte porque todo me resultaba demasiado precipitado y forzado pero tambien porque la situacion que se da en esta novela me parecio desagradable y fea, ese hecho junto con la rapidez en la que se desenvuelve la trama le quito todo lo agradable a la historia ( que ya era poca desde el comienzo, en mi opinion ).

(view spoiler)

En resumen, el unico aspecto positivo que le encuentro a esta pequeña novela es lo agil que es de leer, ya que lo que narra no fue de mi agrado y la pareja protagonista me parecio muy fantasiosa e irreal, quizas si hubiera tenido un desarrollo mas amplio hubiera sido un mejor libro.

2 Estrellas!

I wanted this book so bad and now after finally getting my hands on it, I was disappointed that it didn't received a more expanded plot.. I wanted to explore more this romance between Tyler and Jade, but if Penelope considered that this romance had to be a novela, I totally respect her decision.
