Justice Delayed: Brady Flynn Legal Thriller Book 4 D.K. McIntosh , Amanda Harris (Illustrator) , Lynette Patterson (Editor)

When prominent business leader Franklin Pierce is shot to death in the shower, all eyes turn on his wife. After all, the homicide detectives' rule one is "the spouse did it." It doesn't help that Margaret lies to police or that her marriage is falling apart. Or that her .38 revolver is conveniently missing. Toss in a large insurance policy and an extramarital affair and the case seems to be a prosecutor's dream.

Until Brady Flynn is called.

Outside his normal territory, Brady is willing to travel to rural Skagit Valley, even though the evidence is stacked against him. But the deeper he digs, the more Brady discovers that politics and social standing cover a horrible truth, one he might be unable to save his client from. Especially when tragedy pulls the rug out from under him, threatening his very sanity.

Welcome to another Brady Flynn Legal Thriller by D. K. McIntosh. Justice Delayed is Book 4 in the Brady Flynn Legal Thriller Series.

From Reader Review Justice Delayed: Brady Flynn Legal Thriller Book 4 for online ebook

Tulay says

Well written story.

Younger wife is accused of killing her husband. Problem step daughter is kicked out of the house by her father and now living with maternal grandmother. All the characters are well defined, you can relate to them. Fast moving trial, lawyer also dealing with family tragedy. Title of the book from the start gave away the ending for me.

nick kravljanc says

Ve

Good.. ??????,????? ? ??? ?????? ????, ?????????? ?????? ?? ?????????????.. ?????????? ?????? ???
?????? ????, ?????? ??? ?????????? ??????. ?????????????????????!

Herman Morgan III says

A Trio of Great Legal Fiction Novels !

Just finished " Justice Delayed " , the Third of D.K. McIntosh's 'Brady Flynn' Novels, and, as a connoisseur of Legal Fiction, I say . " Kudos to Mr McIntosh for a fine set Characters, some Suspenseful and Dramatic Tales, and a gift for involving the reader in the lives and cases told therein." Hope to read more about Brady Flynn,his Family, Staff and Clientele.

Ronald L Brown says

Great book

A few too many gratuitous f bombs but over all it was a well told tale. It kept my interest to the very end.

Marilyn says

Good

the murder that the police decided to charge a young wife of an older man with murder with not enough evidence.

kathleen m novotny says**Good series**

Entertaining and enjoyable read. Fast paced and keeps your attention. Last one in series has some typos that need to be addressed but does not take away from the story. Well written.

E Sano says

geez...I can't believe i keep getting sucked into this series. Long-winded, boring story-telling, not well written, needs an editor, and more, it needs pacing and plot cohesion.

But it's free with Amazon Kindle Unlimited...so...

David Berkley says**Great read!**

Probably the best of the Flynn books so far, this was the book to keep you interested throughout. Look forward to the next book.
