“Is it her?”

Khan didn’t turn, but shook his head.

“Are you sure? Because you smell like her, and if what you say is true, then you won’t mind if Caitlynne and I take her back to Washington with us.”

Khan didn’t remember moving or that he’d taken Walker to the ground. He was just suddenly over him with his hands around his throat. When he realized what he was doing, he let him go and stood up. Backing away from him, he looked at the rest of his brothers.

“I won’t claim her. You know how I feel about this and I won’t have anything to do with her. None of you can make me either.” He flushed when he realized how stupid he sounded. “I’m going home and I don’t want any of you to come near me. Take her with you, I don’t give a shit. You can have her.”

Khan Bowen doesn’t want a mate, especially a human one. He pushes her away at every turn. But...no matter how hard he tries, he can’t seem to let her go.

Monica Preston is hurt bad and not for the first time. It seems like every time she runs, Tony Barr, a homicidal stalker, finds her and hurts her again. Her boss, Marc Bowen, finds her beaten and takes her home to heal. All Monica wants to do is leave because Tony will kill anyone in his way to get to her.

Monica has had it up to her eyeballs with Khan ordering her around. The man doesn’t know how to ask, just order. She doesn’t want a mate either, whatever that is. But when Khan reveals who he and his family really are and lets his panther come out to play. Monica discovers a side of Khan that she can fall in love with, if she doesn’t kill him first.

Things heat up when the body count mounts as Tony tries to find her. In his twisted reality, Monica is the solution and the cause to all his problems. And he won’t stop until he has her.

Hot sex, danger and intrigue follow the fiery couple. Can they stay a few steps ahead of Tony? Can Khan keep her safe or will Tony play the final hand?

Joanne Swinney says

Got to love this guy. As much as he's a pain and bossy and wants everything done his way, he's just so... you know. Grrr!! He doesn't want a mate, if you read book one you will know he hates humans. Aww bless, he's in for quite a shock.

Although he can be quite difficult at times, he is very protective of his family and anyone who is close to them. He will protect them with his life, him and his Cat, he's a shifter, a very impressive shifter.

The Bowen boys are all very close and help each other out, if one has a problem the rest of the family is there to help. Mostly no questions are asked because they are rarely needed unless it's to do with one of them finding a mate. When Marc's employee is hurt, he wants to take care of her. Nope, it's not his mate, but she sure is Khan's.

Khan is about to have his whole life turned upside down. Poor guy has been stuck in his ways for so long it's hard to change, but he definitely needs some adjusting if he's ever going to have a chance at keeping his mate. Monica may have been stalked and beaten by her ex but she's no push over.

Khan is desperate to keep Monica safe, with the ex, Tony is doing all he can to find her, anything can happen. It's an intense time for all of them especially Khan.

This is another brilliant shifter romance. I love the excitement that comes with reading these stories. The men being so alpha and protective. The woman although damsels in distress are tough and loving, just what these brothers need. The parents are comical, George is a hoot and very much involved in all their children lives.

If you love Shifter romance this is a must read. I am working my way through every shifter book this Author has, LOL!! True fact. I think I will be kept busy for quite some time.

[Okay the heroine has a crazy stalker coming after her. She meets the hero, he claims her they fight about it then wham bam thank you mam they have hit the sheets. So I guess that was okay but the real reason I didn't enjoy this book was how disturbing the bad guy crazy stalker was. So he has his "crazy moments" where he goes off killing people and then doesn't remember, kills women and rapes them with foreign objects bottles, shears etc. plus he ended

Emily says

When Khan's sister-in-law predicted he would meet his mate soon, Khan retreated to the safety of his home. Khan didn't want a mate, especially not a human one. Monica Preston has been running for awhile from a man who she never even had a relationship with, the man is demented and has been brutal with her and this time she is not sure she will survive if she is caught again.

Khan feels bad for his mate, but he doesn't want a relationship with her. As his protective instinct kicks in though, Khan realizes that he is falling for his mate. Monica though got the message loud and clear, not wanting or trusting Khan as well. When Khan decides to make up for the error of his ways and win Monica's heart, he begins to win her over but can he keep her safe?

Pretty good story, Khan was pure jerk in the beginning but once he clues in he wins you over. I liked Monica, since I had not read the first book I did have some questions that filtered into this story. Going to have to go back and read the first book.

Cindy Barton says

My first introduction of Khan had me not liking him at all. His story finally completely comes out in this book and I started feeling sorry for him. By the time I was 3/4 of the way through, I liked him a lot and had a good laugh at his expense several times. The humor and suspense kept me reading throughout the day and I finished in record time. I can hardly wait to see what Kathi Barton does with the rest of the family!

I was given an ARC in exchange for a honest review.

Out of all the Bowen Boys books, Khan was probably my least favorite of all the brothers.

Although I can understand Khan's hesitancy about mating a human, I just didn't like that he kept throwing up his pain from Rosann's deception as an excuse to be an a\$\$. Monica has been stalked and forced to from

place to place because a psycho set his sights on her, but not once has she treated anybody else with less respect or like crap.

But Monica doesn't just roll over and let Khan boss her around. She gives as good as she gets. The perfect mate for the leader of their group of panthers.

*****"And in case you didn't notice, I'm a big girl and can make decisions on my own without the help of a big man. Why don't you go back to the cave you came from and leave me the hell alone?"*****

I'm not sure if the book mentions what Tony (the psycho stalker) suffers from, but I'm not sure how he was able to get out of the "special places" he was if he constantly was blacking out like he was. I'm not even sure what he was suffering from either...

I voluntarily reviewed an Advance Reader Copy of this book

"Khan Bowen doesn't want a mate, especially a human one. He pushes her away at every turn. But...no matter how hard he tries, he can't seem to let her go."

Having been introduced to Kahn in book 1 of this series, I knew right away this was going to be fun. The fact that it is so easy to push his buttons is really funny. Having it predicted he would have a human mate, Kahn is running scared. Karma , fate, destiny or what ever you want to call it will not be denied and of course you have to add in Caitlynne as she herself is a great force. The more Kahn struggles with having a human mate, the more he acts like a jerk. His mate, Monica is being targeted by a madman, while she might seem skittish she has no problem letting Kahn know when he is out of line. I thought the interactions between the family were fun and amusing. The crazy madman was another thing all together. How he managed to be free so long without being spotted was a stretch but it added to the suspense and fit in well with the storyline. I was glad Kahn got a human for a mate and she was strong enough to stand up to him. I am enjoying getting to know the Bowen family and I look forward to seeing what brother will meet his match next.

Karma can really kick you in the rear... and Kahn probably still has a bootprint on his! As you may remember from "Walker", Kahn is obsessively against finding a mate - especially if she is human. No surprise... but yes, his mate is human. Thankfully we still hear from Caitlynne (Walker's mate) as she tends to bring a lot of kick ass levity to all the goings on. There are also stories of the mating & early years of Corinne & George; we learn more about another brother, Dylan; and there is a happily-ever-after. Along the way we realize that not only is Khan's mate human... but she has special abilities that are triggered by the mating.

Be warned - this is not a book for the faint of heart. There is violence against women; smoking hot sex; and a smidge of bestiality.

Also be prepared to think a bit. During the middle to the end of the book the editing drops off a bit. There are incorrectly named characters and an overabundance of pronouns -- so you really have to think to follow who the "he" and "she" are throughout the paragraphs.

Johanna Sawyer says

I didn't much care for the choppy conversations and the banter between the people. The story didn't flow well and the book seemed unreal. How can someone be constantly covered in blood and pass out for long lengths of time and not be caught. I didn't think Khan and Monica had chemistry and Khans pissy attitude was a total bore. He'd been hurt before by a psycho and so had Monica but you don't see her acting out. I was real disappointed in this book and I paid to read it. It sounded good but wasn't worth what I got. I wanted to not finish but I made myself because I actually paid for it.

Loved It!

Khan & Monica's story starts off with lots of excitement & ends in lots of excitement; Monica gets severely beat up by her stalker ex-boyfriend who is also insane & because she works for Marc (one of the brothers) the family gets involved. When Khan 1st meets her he tries to deny that she's his mate & when he's not in denial he tries to tell her what to do (which doesn't go over very well with her. During one of those times Caitlynne not only helps her escape but also takes Monica with her to Washington, D.C. to try to make Khan fess up his feelings towards Monica & it works. But, their time in Washington isn't all fun & roses when the insane ex-boyfriend stalker shows up in Washington & starts killing women who look like Monica. You will need to read the book to find out more because I'm now off to read book 3 in this series.
