**\*\* Sequel to Cowboys for Christmas and Cowboys In Her Pocket\*\***

After spending ten years in a maximum-security prison Jennifer Jane (JJ) Watson got early parole and a job on a remote Canadian cattle ranch playing housekeeper to three of the sexiest cowboys she's ever met...a single woman shouldn't be experiencing such scorching ménages with three sexy-as-sin men. Her love for her cowboys continues to grow as she gives into the fevered heat and scorching passions she feels for each of them.

Passion burns bright when she's wrapped in the arms of her cowboys. But JJ's simmering restlessness explodes and she's seriously making up for lost time by pursuing her dreams. There's only one little problem. She hasn't revealed to her bosses what she's been up to while they're away tending to the cattle and doing their ranch chores. She knows when they discover her secret, there will be hell to pay.

Ranchers Rafe, Dan and Brady have found the woman who completes them. She makes their secluded ranch a home-sweet-home. She's vulnerable, sweet and willing to share her bed with all three of them. But when JJ's secret is unwittingly revealed, they're stunned, angry and they figure it's time to dole out some fiery punishment in some mighty naughty ways...

## **Stella Girello says**

Leggo questa serie perché mi piacciono le scene molto erotiche descritte dall'autrice. Nonostante faccia fatica a comprendere ancora il tipo di legame che lega i personaggi, vengo sempre coinvolta dall'atmosfera creata.

La parola del giorno è “pistone d'acciaio”.

Anche questo terzo volume fa fare diverse risate come i precedenti.

## **Clare says**

Again i really enjoyed this, It's my fave out of the 3, But the ending left me feeling unsatisfied, It just ends i was hoping for maybe a little look in to the future or maybe just a little more, But other than that it's a great series.

Love JJ, Brady, Rafe and Dan. JJ has been working hard to over come her anxiety and fears. With the help of Kaley she is learning to fly. When her men find out they aren't happy, worrying something will happen to her. When Rafe is injured and JJ fly's them to safety, they see how good she is.

JJ receives several birthday surprises, and gives her men a gift in return that will tie her to them forever. A sweet and steamy story. Looking foreword to JJ, Brady, Rafe and Dan's next adventure

Review for all 3 books in the series:

This menage MMMF series is not just one of those fluffy sexy reads. The writer clearly knows what she's talking about. The 3 H's are building a ranch in the frozen wilderness of Northern Ontario producing grass-fed organic beef. Their nearest neighbour is hundreds of miles away and the only connect is the air-delivery service which does food and mail. The work they do - right from growing different varieties of grass, haying, building furniture, branding, calving, cattle rides and herding, maintaining trails etc. while not going into detail was touched on giving a real sense of their lifestyle. It was fascinating to me bcos right now there is so much emphasis on eating organic/grass fed stuff!

The character growth of the h was also admirable. Stuck in prison for life never expecting to experience love or sex, when the h gets an opportunity to be with 3 men, she just goes for it, grabs life! For someone who has

claustrophobia and other hangups due to abuse/being behind bars , the wide open life clearly works out for h. Yet she doesn't let anything hold her back and eventually trains to be a pilot, overcoming her worst fear, becoming an asset to her men. While the h was a wonderful homemaker, it was nice to see she isn't stuck only to that facet of hers (or that of being a baby machine) but pursues personal growth as well. Her men clearly adore the h and that gift they gave was just so awesome:)

All this is not to say the book isn't hot and there are plenty of sexy times. Also all the recipes sounded delicious and I've got a few new ones to try from these books! All in all a light, sexy and very interesting read.

4.25 stars!

### **Opinionated and Brutally Honest Reviews says**

I have read the first three books and I have the same problems with all of them so the reviews will be the same.

First of all, why is this called Cowboys Online? Yes, that is how she ended up at the ranch but that is it. There is no other mention of it other than saying his sister runs it. I went into this thinking it would be different people each book. You know, a different person that got a chance from Cowboys Online.

There is too much telling and not enough showing. The only thing that is actually shown is the sex scenes and there is way too many of them.

They always think how much they love each other but it is never said. You don't even know why they are in love, other than sex. The author says they talked for hours but we don't know what they talked about. The only thing we get to hear is the ranch talk. That isn't exactly love inducing conversation. It's not like they can go on dates or anything. It just seems like they only want her for sex. No romance. We are told that the guys know a little about her from the prison but they never talk about it. They never asked why she was so claustrophobic before going to prison. They didn't discuss what she went through even a little bit. If I loved someone I would want to know. At least so I could know what to look out for.

Her going to prison for that long was pretty unbelievable. No jury would have convicted her no matter how shotty the defense attorney was. I was hoping her record could have been expunged and she sued the crap out of them. She definitely deserved it. But of course that didn't happen.

After all that she has gone through it seems she doesn't have all that many problems. She has no problems being tied up for eight hours which is insane. She never freaks out when the guys hold her down. It seems she only has a problem to create a little convenient drama. She went from not liking to cook and clean, not even knowing how, to being Susie Homemaker. She just loved it so much and was soooooo amazing at it. \*Yeah, right!\* She seemed like such a strong hard woman when we first met her but that only lasted a couple of hours after being at the ranch.

The sex....was mainly clinical sounding. Or at least very choppy. All of the books had a pretty choppy writing style but I found it more pronounced here. They said it was making love and they could just feel the love but I couldn't. I actually felt really sorry for her. After all the times the guys have just slammed into her she shouldn't have been able to move. It happens multiple times with each guy everyday. That is too much for any woman. Even one that hasn't had sex in ten years. Again she felt more like their toy. It was so repetitive. None of the guys had their own style. Change out any of the names in the scenes and it would make no difference.

The guys didn't really seem to care how she was feeling. They brushed her off multiple times. If it wasn't to their liking it didn't seem to matter. Too much of them bossing her around. I felt absolutely no connection with the guys because we don't get to know them further than sex.

Overall I was left disappointed. Each book I would hope my problems would be addressed but they never were. But hey, I read them so that counts for something.

## **Daverba says**

I read the first two books in this series and was really looking forward to reading this book, but unfortunately chapter 1 & 2 mess it up for me, those chapters were poorly edited and I kept reading the same thing over and over again, until I gave up reading the book all together.

### **Finding Love**

JJ didn't realize that she could find the love she has for her three cowboys. She has been working with Kaley on her anxiety and learning how to fly a plane without the guys knowing. But a rescue of Rafe, the higher cost of transport makes the guys fear she will leave. She just had to tell them she loves them. They are going on their cattle drive when she is finishing up her solo. And she wants a baby.

**Elaine says**

3.5 stars for me.

Great follow on for the cowboys and JJ. Look forward to the next installment.

**Donna Feibusch says****An Awesome Read!**

I loved reading Loving Her Cowboys, Cowboys Online Book 3, all about Jennifer Jane Watson a young women who was pardoned at Christmas and has lived on Moose Ranch for almost a year and she loves it and her Cowboys. She's been learning to fly, because it's something that would be helpful for the ranch! There are three books in this series, and each are continuous of the other. Great series, read them!
