When tragedy strikes Dani's business partner it brings Ren back into her life. She'd thought she moved past her feelings for him, but with one glance and they come flooding back.

Growing up as an orphan, Daniella Brosen has trouble connecting with other people. She has no room for anyone in her life, except her best friend, Rendall Sousa. He is the only male she's ever loved or will love. Circumstances beyond her control tear them apart, and she has no choice but to leave him behind.

When Daniella left without a word it broke Ren's heart. If she'd given him a chance he'd have told her how much he loved her. Dani was everything to him, but she made her choice. There was only one course of action left to him—move on without her.

As their lives become intertwined again, can Ren convince her he's always loved her or will she push him away forever?

Dani and Ren have loved each other for as long as they can remember. Unfortunately, neither got a chance to tell the other. Due to the events that happened in high school, Dani disappeared and never said goodbye to Ren. Ren was just as heartbroken as she was. Fate brings them back together again and this time Ren will not make the same mistake. He will do anything he can to keep her by his side. I loved this story and definitely look forward to reading Matt's story.

A fun and intriguing story as Dani and Ren have a second chance at love after past mistakes, lies, drama and many twists and turns. There is still plenty of hot chemistry between them. I enjoyed this tale.

This book was so emotional. I enjoyed reading the story about Dani and Ren. I cannot imagine what she must have gone through when she found out the truth. I cannot believe that he didn't know what his wife had done. Such a great story.

Great second chance read. It kept your interest and was fast paced, smooth read. The characters and the storyline are wonderful. Dani had walls to protect herself due to a bad childhood. Ren her best friend lost her once he won't do it again. Will she let her walls down for him and find her hea? It is worth the read. I received it from booksprout and voluntarily left my review.

Brenda Moser says

This is a well written second chance romance between Dani and Ren who were best friends who were afraid to admit they loved each other. Fast forward ten years and they meet again. The author does a great job bringing strong characters and creating an intriguing story filled with drama and romance. It's a short story that moves quickly and smoothly and I enjoyed reading.

Sharp characters. Fully detailed roles. Good word usage. Fast paced.

Enjoyed the action between people. Very believable. Would like more adventures with these people. Perhaps their lives with their children or in New situations.

I received this book from the author for an honest review.

OH I love 2nd chance romance stories but I got tell ya, I loved the mystery plot of the story even more.

So our story starts with Dani and Ren both denying what the other feels for them. They have friend zoned the other and when someone tells a lie, Dani runs. She runs far away. Ren is devastated and tries to move on with is life.

10 years later, Dani is in the hospital with her best friend when in walks DOCTOR REN ...WOOOO

BABY!! The two pick up right where they left off. Him perusing her because he will not let his heart go. Her freaking out because she has loved Ren her entire life but the lie is still in the way.

So while you have Ren and Dani dealing and figuring stuff out is when the mystery starts. Dani is an attorney in town. Her client asks her to investigate another mystery local man. Dani is blindsided with what she learns and has to rethink everything she has known to be true.

As much as I love a good 2nd chance romance, the mystery plot kept me engaged. I loved where Dawn took me as a reader. I am really looking forward to book 2 because I was wondering how Matt is dealing with everything that has happened and is he is going to keep pushing Claire away.

This is my 1st read and review for this author and what a great start in getting to know her stories, this story is about second chances. Dani was in the foster system she grew up with Ren he was her best friend and Dani loved him but he had a girlfriend who chased her away, but Ren loved Dani too and before he had a chance to tell her she left and it broke his heart but he had to move on with his life. Circumstances arrive and the both of them are thrown together again but will Ren be able to tell her how he feels after all this time or will Dani run again?. This is all I'm going to give you guys but there is so much more to this story it will keep you reading right up until the end, a great read and I will be keeping my eyes out for more from this author. I highly recommend this book especially if you love second chance romances.

A second chance romance with a nice story line and plot. It is well written and has well described characters

who develops well through the story.

It is fast paced and easy to read. Story of a nice length. About taking chances and letting your feelings out.

Tear down your walls around the heart.

Recommendable read.

Bookish Addict says

Long time friends who have secretly loved one another was driven apart by a jealous girlfriend. A decade later they get their second chance to reconnect and act on their feelings. Cute story and adorable couple. I'm a fan of Dani and Ren. Ren went through his own family issues and became available just in time to run into Dani again to rekindle their friendship. Dani feels she's damaged from being in the foster system. She finds out who her family is, where she came from, and how it happened. Pretty good story. I thought both were a bit dense as teenagers and just the same when they met again about their feelings. Glad they finally came around to acting on their love!

Marie Bourgerie says

Dani and Ren were best friends growing up. When his now ex-wife lies and drives a wedge between them Dani runs and he doesn't see her again for 10 years until her law partner is brought into this hospital. Dani grew up in foster care believing that her parents abandoned her. She discovers the truth, that she was kidnapped and supposed to be killed for financial gain. Will she find her way back to Ren and admit she's always loved him before she pays with her life? There was plenty of drama and romance in this second chance story.
