**Queen of The Hill** Genevieve Jack

It's good to be the queen!

Book 3 in The Knight Games Series

After saving her caretaker, Rick, from certain death, Grateful Knight is ready for their happily ever after. The date is set and wedding plans are in the works. But when the witch responsible for the candle that almost ended Rick's life shows up in Red Grove expecting payment, the price is more than Grateful can bear.

To make matters worse, Logan is barely speaking to her, and a murder at the Thames Theater leaves everyone reeling over the future of Julius's vampire coven. She's finally ready to walk down the aisle, but first Grateful must face the greatest challenge of her life.

## From Reader Review Queen of The Hill for online ebook

### Cathy Olliffe-Webster says

This series just keeps getting better and better. Author Genevieve Jack had me hooked with the first two books in the series (Ghost in the Graveyard and Kick the Candle) but she really seems to be hitting her stride with Queen of the Hill. Characters are richer and even more well-rounded, the action is more intense and the plotting is full of surprises. I burned through this novel in an afternoon, in a fever of "can't-wait-to-see-what-happens-next." I don't think I've ever said this about any other series, but I can't wait to see what happens next. And also? This would make a phenomenal movie, Hollywood. Grateful Knight is a character who will sell a lot of popcorn.

Highly recommend this novel and the entire series.

---

### Kim Hamacher says

What a great story. Lots of plot twists. Definitely kept me on my toes and on the edge of my seat. Looking forward to the next book of this story!

---

### Sharon Xuereb says

Firstly, I would like to mention that you need to have read books 1 and 2 in the Knight Games series to be able to follow this story, as it's the continuation of Grateful's journey as the Monks Hill Witch. Here are my thoughts on Queen of the Hill:

#### My likes:

- \* Grateful is one tough woman! She is a lot stronger mentally and physically than she thinks, and her confidence in her magical abilities grows with every supernatural encounter. I'm enjoying seeing this character develop in this way over the course of her journey since becoming the witch.
- \* Rick, her immortal caretaker is always there for her and is a wealth of knowledge to help guide her in this lifetime.
- \* There is one fantastic nemesis in this story. Her name is Tabitha who is a witch from Salem. She's vile and a man-eater. I love to hate this witch!
- \* This story is well written and moves at a great pace too. The imagination of the author is fantastic and it's so hard to try and guess what she will think up next.

#### My dislikes:

- \* Another great story but this one felt as though something was missing. The only thing I can think of, is that there was a little less action in this than the last book and we see more of the aftermath instead.

#### Romance:

We are gifted some steamy love scenes along with some tender and heart breaking moments.

**Cliffhanger:**

There is an interesting twist at the end, and it will certainly make for an exciting start to book 4.

Overall, we're given another enthralling read from this series. If you love paranormal then I think you may just enjoy this.

4 stars!

---

**Kim O'Daniel says**

I loved the first two books in this and this was no exception Grateful is back and could not be more in love with rick but Rick made a big mistake when he made a trade for the candle Tabatha is a witch too and Grateful's sister and she is power hungry and in trade for the candle she wants rick and that dose not go over well with Grateful she tries to bargain with her only to find out Tabitha has sunk her claws into Logan and now Grateful has to find some way to save them both plan a wedding get married and take on her sister as usual Grateful is strong and will not give up her mother told her she may have to let Logan die but she can not except that even though Logan is being mean to her she knows she has to save them all and the vampire coven is missing there leader and she has to take care of that to as if a wedding isn't stressful enough wat is she going to do to make sure she saves them all and quite likely the world to if you have not read the other books in this series get them it is truly a great read and recommend to any who love the paranormal and romance wrapped up in one truly great book

**Kelsey says**

Two words come to mind when I finished this book (and the series) - book hangover. I cannot give enough praise to this series of books. When I first started reading The Ghost and the Graveyard (first installment in the series), I was a bit concerned as I thought the book moved way too fast for my liking. Luckily, as you dive into Genevieve's Knight Games Series you understand why!

This time Grateful Knight is planning her wedding with the love of her life, and her caretaker - Rick. Life is great; Grateful has the house of her dreams - which just so happens to be her throne - she has the love of her life back in her grasp, and things at work at going great. Nothing could go wrong as the events of their wedding begin to unfold into her happily ever after.

Unfortunately, things couldn't go more wrong when the Salem witch, Tabetha, arrives to collect her debt from Rick. Before Grateful had said yes to his marriage proposal, the caretaker had given up on ever being with Grateful again. Collecting a magic candle - that would turn him back into his mortal form - from the Salem witch seems to be more of an issue than they ever thought possible. Grateful's life takes a turn when the murder at Thames Theater leaves them all scratching their heads.

I don't want to spoil the ending - I may have said too much already! Be sure to check out the series starting with The Ghost in the Graveyard. You won't be disappointed with this outstanding author who takes an aspect of the Salem Witch Trials, and puts a clever paranormal adult romance twist on them!

### **Jennifer says**

Love love love. I need more! Love this series. Love the writing. Love the characters. Please HURRY with book 4!!

---

### **Barbara says**

I loved this book. I read the first 2 books in this series (Ghost and the Graveyard and Kick the Candle) awhile back and have anxiously been awaiting this book. Genevieve Jack doesn't fail in this next installment of Grateful's and Rick's journey together. The way she writes and the twists in her story take you where you never dream of. I was saddened when I finished the story, I wanted it to go and can't wait for the next one!

---

### **Jolene says**

Genevieve Jack did it again with her third book in the Knight Games Series, Queen of the Hill. The author weaves you through the pages of this book making you feel as if you're right there with the characters as the plot unfolds. Right from the very beginning I quickly escaped into this book which left me thirsty for more .... talk about one hell of a book hangover when I was through.

This paranormal urban fantasy is packed with captivating characters one can't help but to get emotionally attached to; especially Grateful Knight who is the smart, sassy heroine and the Monks Hill Witch. She definitely has her hands full... not only is she trying to plan a wedding but has some unforeseen challenges leading up to the big day; her "Happily Ever After" starts to look grim when Tabetha the Salem's Witch comes knocking on her door wanting to collect on a debt which unfortunately happens to be her caretaker/fiancé Rick....leave it to a man to strike a deal with the devil, well in this case it's a nasty evil witch who makes any of the Disney Witches look like kittens.

Suffice it to say Grateful isn't about to let a beautiful, evil, psycho witch take her man and thanks to her ever so cynical/sarcastic familiar Poe (who happens to be a Raven), her fiancé Rick and a couple of vampires they all join forces to try and figure out a way to clear the debt that is owed and to solve the disappearance of Julius who is the leader of the vampire coven.

From the very beginning of this book I was on a mind-blowing, adventurous, fight for your life adrenaline rush, there were many moments that I couldn't help but laugh out loud and even yell out "what are you thinking" but this is the result of a truly amazing author who can take you away to a world full of magic with just her words.

### **Reese book**

This book is awesome. Anyone who loves supernatural books will love this one. Can't wait until the fourth book comes out.

---

### **Mary says**

Awesome book, in love with the series!

---

### **Lee says**

This book is not my normal genre but I really enjoy this series. Hoping for a 4th bk.

---

### **Katherine says**

Can there ever be enough of Grateful (and Rick)?! I love this series, and the latest installment keeps up the momentum. Can't wait until Mother May I (fingers crossed for a "happily ever after" for Grateful and Rick)

---

### **Laura Monson says**

**Another great story in the series. Can't wait till the next one..**

**Another great story in the series. Can't wait till the next one..**

Love the story line. they continue with the story of the people. great read. glad to see she has a vamp to back her up.

---

### **Toni says**

Damn...I want book 4!

---

### **Kristin says**

Wow. Not the outcome I had anticipated. But that isn't a criticism. The nature of her relationships with all of the main men in her life has changed. One, who has already harmed her, can enter her sanctuary, another an

uncomfortable yet necessary ally (who's political interest may have turned courtly). And one changed in such a way that makes her frighteningly vulnerable by possibly changing everything. Even her father has his eyes opened.

The next book is sure to be a doozy.
