The Book of Truth: The Mastery Trilogy: Book II Paul Selig

As recently seen on ABC's Nightline, channeler Paul Selig presents the second work in his acclaimed Mastery Trilogy. *The Book of Truth* casts your relationships--and what they reveal about you--in a dramatic and radical new light.

The channeled literature of Paul Selig--who receives clairaudient dictation from unseen intellects called the Guides--has quickly become the most important and celebrated expression of channeling since *A Course In Miracles* rose to prominence in the 1970s.

Selig's previous trilogy of channeled wisdom--*I Am the Word*, *The Book of Love and Creation*, and *The Book of Knowing and Worth*--won a large following around the world for its depth, intimacy, and psychological insight. The first book of his new Mastery Trilogy, *The Book of Mastery*, likewise attained popularity and praise. Now, Selig continues the "Teachings of Mastery" with the widely anticipated second volume in his new series: *The Book of Truth*.

Ron Head says

I have been an avid follower of the teachings of Paul Selig's guides ever since I first saw a YouTube video of an interview he had given. I was captivated and convinced by the fact that he was not always in total agreement with what he was receiving, often questioning the guides as the channeling progressed.

I immediately read his first book, I Am The Word, and have read each book since as soon as I could. I found that first book to be amazing, so amazing, in fact, that I am currently in my sixth reading of it. Early in the text, the guides say that a reader will experience them working with the reader "in frequency". And I am one of a great many who can say that I did, and do, experience exactly that.

You may see reviews that state the content is very gnostic. If that means that there is nothing that conflicts with what I know in the deepest part of my being to be true, then I agree. I have heard nothing in any webinar nor read in any book that I could not accept immediately. And if I had, I am certain that feeling the energetic shifts that were promised would have allayed any doubt I may have had.

Frankly, I am at a loss as to what to say about this new book, not because there is nothing to say, but because, of all the books, this one is for me the most remarkable. For quite some time, I felt that those who followed the work closely were being brought along in small steps. Then I began to feel that a community was slowly forming. With this book, however, I feel that we are being guided through "giant leaps" in our evolution of consciousness.

If you are a follower of the guides' teachings, I know that you have waited for this release impatiently. If you have yet to read any of the books, I cannot find words to express to you how important I feel these books are. If you feel you are on a spiritual path, please do yourself a great favor and get this book now.

I found this second of the trilogy a little tougher than the previous book, but probably because there was more for me to absorb. If you want to see your true reality, this is the book.

I'm reading The Book of Truth for the third time, and find a new, higher, level of understanding (and appreciation!) each time. The book is life-changing, and I'm so grateful to Paul for his willingness and abilities to make all these books possible!

Second book in the series. Good read. Still profound in the teachings. It didn't quite touch me in the same way as the first book.

Kathy Nissen says

Fantastic read!

This conclusion to the Trilogy leaves impatiently waiting for the next one! Being lead to this series was the best thing that has happened to me. Can't put the book down.

Once again, the Guides are to the point, clear and concise about the self, what is needed of the times, and assure us of help and support in these difficult times. Written succinctly and speaks directly to me.

Book recommendation by Aubrey Marcus, these days I was looking for something spiritual in my life, that gave a huge chunk of everything for me. I was listening to audiobook, not sure how much it takes away from actually reading a book as sometimes I start wandering and etc or dog distracts as I usually listen on my walks with my dog.

It's interesting to see how much Aubrey is influenced by this book. But everyone can find their truth in it.

Wow! Another massive gift to an awakening Humanity.

This book is such a gift and a blessing to all who my come to it and who will make that choice to read it, to claim the gifts given, to live them and to be the expression of these gifts in form, in manifestation, to live and express as the Divine Self as You, to be the Christ in form, in manifestation as You and to serve the highest good of all through your choice to Be As You Are in Truth. Thank you to Paul, the Guides, Victoria and all who made it possible for this and previous texts to be available, to all the students, may we all always be blessed and in all ways. We are here, we are here, we are here.

Book 2 of 3 - no disappointments!

Our Guides have graciously given us the second book in this trilogy, which I consider nothing less than a gift to humanity. I know who I am in truth. I know what I am in truth. I know how I serve in truth. My hope is for all who seek the knowledge to know what is shared here. With our open minds, the Guides do teach. With our open hearts, they will reach. I am here. I am here. I am here. Read on dear brothers and sisters, for you will not be disappointed! Thank you Paul, Victoria, and all the students for bringing these divine messages to the masses!!
