my favorite part was when ragamuffin and sport were sent back to where they came from. the worst part was when sport and the red soccor team kept cheating to win the soccor practice games. my favorite character was violet because she had the perfect idea on how to trick both pixies. there was no worst character unless you count in sport who was always cheating

### **MissA says**

This was my favorite of the Pixie Tricks books so far! I liked how she spoiled every game except the soccer game.

### **Allison says**

A wonderful book series that all young children should be exposed to. Love!

Of all the books in the series, this is the one that frustrates me the most. I can't stand unfair sportsmanship. I didn't care so much about sending the other pixies back to the Otherworld, they were cool, but Sport needed to be stopped!

One again Leon was accidentally awesome. But I was kind of annoyed about, after maybe a weeks worth of practice, Violet became a superstar goalie, she had too much time to think during those shots.
