Just getting into it but loving it so far. If your a bible whiz then this is not for you. But if you grew up learning stories from The Bible and can quote a verse hear or there then this book is great! I am amazed how much I've alredy learned that I never knew in just Genesis.

**The Bible verses**

The book is very good, there is a lot to meditate, one problem is the Bible verses that is available on Monday are very hard to understand and confusing sometimes

I thoroughly enjoyed this book. It's a devotional book that will take you through one passage of scripture in a week. The first day is spent reading, then you spend the next day studying, the next day is deciphering

meaning, etc. By the end of the week you have a firm grasp of that passage as well as how God wants you to apply it to your own life.
