Firstly, can I just say: the cover for this book is HOT. I enjoyed this book although I found it slow in the beginning but after the first few chapters, nothing was going to make me put the book down. I will admit that I wasn't a fan of Luke, his attitude towards his brothers new relationship was disgusting! That being said, I cannot wait to read his book, I need to know why he was hurting so bad. This story was totally not what I was expecting! It was completely different from what I was expecting – I won't say why as I don't want to spoil this book for anyone that hasn't yet read it. I will say good on Logan for making his feelings known and stepping up for what he wanted.

There were a handful of misspellings and i was expecting a menage romance (due to the title) so slightly disappointed.

TITLE: Their Virgin

AUTHOR: J.L. Beck

CHAPTERS: 11

GENRE: CONTEMPORARY ROMANCE

RELEASE DATE: DECEMBER 05th, 2016

THEIR VIRGIN: What's better than one hot ripped male, but two. Add in the fact that they are neighbours and twins to boot, is nothing but a bonus. Throw in one night of sizzling hot passion with two hot gorgeous men, with no strings attached, what's a girl to do?

Urged by her mother to get out of the house and take a freshly squeezed pitcher of lemonade to the neighbours outside doing some sort of construction work, the last thing she expected to encounter were two out of this world gorgeous panty wetting godly creatures.

As soon as Logan laid eyes on Isabella he wanted to be her first, though he'd been around the block and back many a time he'd never seduced a virgin, telling his brother to back off Logan laid claim to her.

This is a fast paced short, sexy, steamy, read!! It may not be long but this author knows how to optimise her words. So much heat packed into such a short novella.

I'm not sure how to go about rating this one, the synopsis is very very misleading what I thought going into this was a no strings attached one night with BOTH brothers, that's not the case at all, it also falls under the insta love category too which I kind of try steering clear of, this wasn't a favourite of mine by this author. So

at the moment I'm going to have to sit on my rating.

I got this book for an honest review and I regret to say this, but I was not as trilled as I thought I would be.
<http://thesecretworldofbooklovers.blo...>

This is not a threesome story, we know that sometimes characters have a life of their own and change paths; so I have to warn you, if that's what you were looking for, then this is not the book for you.

That being said, the idea of the story had so much potential, unfortunately it fell short in my opinion. The characters were good and the writing was great too (not counting the spelling mistakes, since this was a pre release copy), but the development of the story and the characters just didn't work for me.

We are used to fast love in romance books but this one felt fake.

They have known each other for less than three days in which they have talked 15 minutes tops and they were professing eternal love to each other, it just didn't feel right.

They were definitely in lust, but I had a problem with Isabella saying she knew he was the one who she wanted to give her virginity to and loved him, since the moment she saw him, that was actually like two second ago.

The sex scenes were the best part of the book, he was really intense and she wasn't as Innocent as she looked which made the scenes really sexy and hot!

I think the book could be really good if the author decided whether its just a sex based book and kept the whole love part for some other time, or if she wants to give the characters a little bit more of a story and background on which we can base the love they supposedly feel for each other, otherwise it's just not working for me.

THEIR VIRGIN: is a hot and steamy new book by author JL Beck. This book has so many twist that you thought you were going to read one story but end up reading something else and what a yummy surprise. Shy virgin, bookworm next door neighbor Isabella ends up meeting her sexy, hot new neighbors -twin brothers Logan and Luke Armstrong and she finds she is hot for them both. She takes up spying on them. From spying on them to the twins deciding she was next on their buffet , what is a girl to do? I loved the chemistry between the threesome. But this isn't your regular ménage...at first everything was on board for all involved but Logan decided he did not want to share Isabella. Luke does not take too kindly to this. There is angst and drama to deal with regarding Luke and then we have the relationship angst and drama with Logan and Isabella intermixed with passion and heat from the heat of their relationship – so it's like two stories intertwined in one going on but what a wild ride. I enjoyed this book and I cannot wait to read Luke's story next.

My Rating: 4.5 stars *****

*** I voluntarily read an ARC copy of this book ***

From the copy, I thought YES, a menage. I mean, I went into this book basically expecting a lot of stuff but it wasn't like that at all. That doesn't mean that this book wasn't absolutely SCORCHING HOT! Omg, I couldn't get enough. It's short, sweet and straight to the point. No messing around. Just an alpha male who knows what he wants and will stop at nothing to get it. Absolutely amazing. You'll need an extra pair of panties after this book.

Josebel Molina says

What the fuck did I just read?? I'm confused is this a book or a random story that someone wrote on a napkin.

Crazy for Books (Stephanie) says

ARC provided by author for an honest review.

Isabella Rodriguez is an 18 year old virgin who lives in the world of the books on her tablet. Luke and Logan are the 24 year old, sexy twins who live next door. When Isabella sets her sights on the brothers, they are soon in the middle of a triangle.

I need to preface my coming statements by saying I respect all authors for putting themselves out there and for bearing the brunt of others opinions. I am not a writer, I don't want to, or know if I could do better. I just know what I like when I read it.

That being said... there were a lot of holes in this story:

- 1. Why did Isabella not know the brothers and her mother seemed to know their reputation? Did they not live next door long?*
- 2. Since they lived next door, why did the brothers need to get into their truck to drive to her house?*
- 3. I don't really understand Luke being so upset that Logan and Isabella got close, other than the idea that he was under the impression they would share her forever, or he was more interested than he let on.*
- 4. I saw it coming when her mother said she would be at work until 8:00 am and then showed up earlier. That was just common sense. She's been showing up unannounced from work since the girl first walked next door and met the brothers.*

I realize that it's an ARC, but there were a lot of grammatical and spelling errors. The word 'Like' instead of 'Luke', 'started' instead of 'stared', along with others. I do get it, believe me I do. But that doesn't mean it didn't take me out of the story to try to adapt to what I thought the author meant instead of what was written. And since I didn't love the story to begin with, it was easy to pull me out of the flow because of the errors.

It was a short and quick read, so that was a plus. Again, I respect all authors and I wish Ms. Beck luck with this piece.

CAUTION MAY CONTAIN A HUGE SPOILERbut I'm sure you've already seen it...

This was an ok read. It was on the sexy side and had twins...and a virgin and a hot spanking. The story line was there, the writing was good as always, the characters just didn't cooperate. AND PLEASE STOP HERE IF YOU DON'T WANT A HUGE SPOILER....

Unfortunately it wasn't as described...and no offense to the author, but if you aren't writing the story as described..maybe change the description? On Amazon this STILL says a badboy menage...but it's not and THAT is what's really disappointing... well, that and the fact that since it was "too explicit" for Amazon and I had an unedited arc so it should have been really hot but wasn't..

I'm sorry, JL Beck, I understand your characters decided that sharing was out...so make up a dream...Isabella can dream of Luke and Logan taking her virginity...Logan can dream of him and Luke taking Isabella..then wake up and decide he doesn't want to share.. give us something menage...spanking and a bj...something... or be honest and take out the word menage from the description. The story was good on it's own, but just not what was expected or advertised.

I recieved Their virgin from the author for an honest review. I was excited to read this book because the cover is sexy but the book itself fell flat.

the author has a good writing style by the story just didn't make much sense.

first, I thought the twins lived next door. why did they drive to her house?

2nd: are you kidding me? Isabella and Logan fell in love within a couple hours? oh come on!!

Nicole says

Steamy, passionate, enjoyable that's how i can describe this story!! It is a quick plot with a juicy blurb about a virgin and two brothers but not a triangle exactly neither a menage cause the heroine chooses her prince and honestly her decision really broke my heart for his twin brother who left out of the equation, i really

wanted all three of them in relationship but i can understand the way the author approached the story and it didn't bother me.

I would love if there were more details and developing but either way it was very enjoyable, it had some fun dialogues and many hot scenes...!!

I connected with all the characters and felt many emotions throughout the story i was really happy about Isabella and her Prince i could see their chemistry and the "sad" part of the story was his brother who felt all the bad emotions like jealousy, sadness and even betrayal (I feel for you sweetie.. your time will come to find love and happiness).. So yeah as you can see i'm looking forward to read the next story of the series!!

A tale of instalust and more.....

I received this book from the author in exchange for a fair and honest review..... this short and steamy novella centres around Isabella, an 18 year old virgin with a dirty imagination fed by the books she loves to read and Luke and Logan two slightly older, sexy, filthy talking, alpha men who are identical twins....both Logan and Luke are players who like to share their women..... one night stands are all the brothers want and know but there is just something about Isabella that may change that dynamicTwo ripped guys and one sexy girl.....this is a tale of instalust and more...

A quicky - a sexy threesome

Christina Bowling says

This book started out with good potential, and I was really looking forward to reading it. At first I liked it. Luke, Logan, and Isabella were great, and I loved them together.

~~~ Spoiler~~~

However, the ending was horrible and ruined it for me. I expected this to be a menage, where Isabella, Logan, and Luke all ended up together in an HEA. That did not happen. The fact that Luke was left out was extremely sad, and I hated it. This would have been a four star book had it been an HEA for the three of them, but the end ruined it so horribly for me that it's only a one star now, and one I'll never reread.

I know the author says she's going to write a book for Luke, but that does nothing to fix this book, it's still ruined to me. It also breaks my trust in an author when they don't do an HEA for everyone, and makes me

weary of reading their next book. I sincerely hope that the author does not try to do some cliché, horribly sad thing and kill Logan off or something in Luke's book, because there's a line in the end of this book that bothered me a great deal, about how Isabella 'would never be able to give herself to Luke while Logan was alive'. Please, please, don't go down that dark, horrible road of trying to kill Logan off. Doing that makes readers, like me, stop reading an author forever.

Also it makes me wonder just how good Luke's book can be. He was so heartbroken over Isabella going with Logan, it's going to take a LOT to believe that he can be over her and truly love whoever this other girl is the author is going to put him with, since this other girl is always going to be his second choice.

I was gifted a copy for an honest review.
